

COAL DEALERS REFUSE DEMANDS OF TEAMSTERS

Consider Use of Motor Trucks for Coal Delivery—Two Firms Already Using Trucks—Others Undecided—Arbitration Not Favored by Dealers

At a conference held by the coal dealers yesterday afternoon at the Richardson hotel it was unanimously decided not to grant the demands of the striking teamsters either for a nine hour day or a Saturday half-holiday. Nearly every coal dealer in the city was present at the conference and after threshing the matter over carefully it was decided that the dealers could not possibly grant the demands without heaping the burden on the public of Lowell.

It was stated that the teamsters of Lowell are the second highest paid in the state, the city of Brockton being first.

As far as can be ascertained the dealers have no further meeting scheduled.

One dealer seen today stated that although a demand had been made by the teamsters previous to the strike, there was no previous notice of the strike until the men yesterday morning refused to hitch up.

Two dealers are using motor trucks

and two or three others are arranging for similar methods of delivery, the intention being to keep only steady and reliable men.

At the conference yesterday it is understood that the dealers were divided on the policy of adopting motor trucks for coal delivery, although several very enticing offers have been made by firms that sell such trucks.

A dealer who prefers holding on to the old method of delivery, said he was afraid the men had made a very great mistake. He sounded them on arbitration, but found none in favor of it.

Coal Teamsters' Meeting

Members of the Coal Teamsters' union assembled in Leather Workers' hall this morning at 8 o'clock and listened to a report of the decision of the coal dealers. Nothing further developed out of the meeting. The entire membership was in attendance, and listened to talks from the various members. It is the undivided opinion of the teamsters that the strike will be of short duration and that the dealers will accede to their demands within a short period. The members will gather in Leather Workers' hall again this afternoon at 2 o'clock.

Receivers Named for Vast Wholesale Establishment in New York—Liabilities \$35,000,000

NEW YORK, June 25.—Receivers were named today for the vast wholesale establishment of the H. B. Claflin Co. Associated companies were not involved.

The receivers were named as a result of a suit in equity filed in the federal district court. Judge Learned Hand named as receivers Joseph B. Martindale, president of the Chemical National bank, and Frederick A. Julliard, a member of the firm of A. H. Julliard Co., under bonds of \$500,000 each.

The H. B. Claflin Co., of which John Claflin is president, was organized in 1890 to conduct a vast wholesale dry goods business. It is controlled by the Associated Merchants Co., which is in turn controlled by the United Dry Goods companies.

The United Dry Goods companies was incorporated under the laws of Delaware May 21, 1909, to consolidate the dry goods interests of John Claflin in New York and other cities. These include the following companies:

The H. B. Claflin Co., James McCready Co., O'Neill-Adams Co., C. G. Gunther Sons, all of New York; J. N. Adam Co. of Buffalo and Stewart & Co. of Baltimore. The companies also bought outright from John Claflin the entire business of Habne & Co. of Newark, Powers Mercantile Co. of Minneapolis, William Henger Co. of Buffalo and the Stewart Dry Goods Co. of Louisville, Ky. In June, 1910, control of Lord & Taylor of New York city was acquired.

The officers are: John Claflin, president; Louis Stewart, vice president and treasurer; J. C. Eames, second vice president. Directors: Lewis Stewart, Howard Davis, George F. Crane, Ernest Stauffen, Jr., John A. Stewart, W. M. Barrett, John Claflin and Thomas E. Bayard. The total net income for 1913 was \$2,083,751, dividends on preferred stock being \$764,353 and on common \$1,154,200, final surplus of \$174,628. The

percentage earned on preferred stock was 12.25 per cent. and on common stock 3.12 per cent. The assets included, 58,131 shares of Capital of the stock of the Associated Merchants Co. the combined net tangible assets of Habne & Co., the William Henger Co., Powers Mercantile Co. and the Stewart Dry Goods Co., the cash of the combined companies, the securities of Lord & Taylor and cash available for further investment.

Almost simultaneous with the filing of the suit in equity, John Muller, Wan, Worth and Albert F. Bergner, all of this city filed an involuntary petition in bankruptcy against the firm. The company owes Muller \$731; Worth is a creditor for \$3131, while Bergner's claims are placed at \$28,870.

The receivership caused a hurry in the financial district, although rumors that something was impending, were rife yesterday. It was confidently asserted in banking circles—that the many retail subsidiaries affiliated with the interests would be taken care of.

The appointment of receivers is ascribed to an over extension of credit. A suit of equity was also filed against the defendant manufacturing company, said to be a subsidiary of the H. B. Claflin Co. The complaint is by William P. Odell. The suit is for \$5,200. The same receivers were appointed with a bond in this action of \$50,000 each.

None of the proceedings, it was said, would affect the United Dry Goods companies. A note holders committee has been formed with J. B. Alexander, president of the National Bank of Commerce as chairman, which will endeavor to formulate some plan for readjustment of the Claflin company's financial affairs.

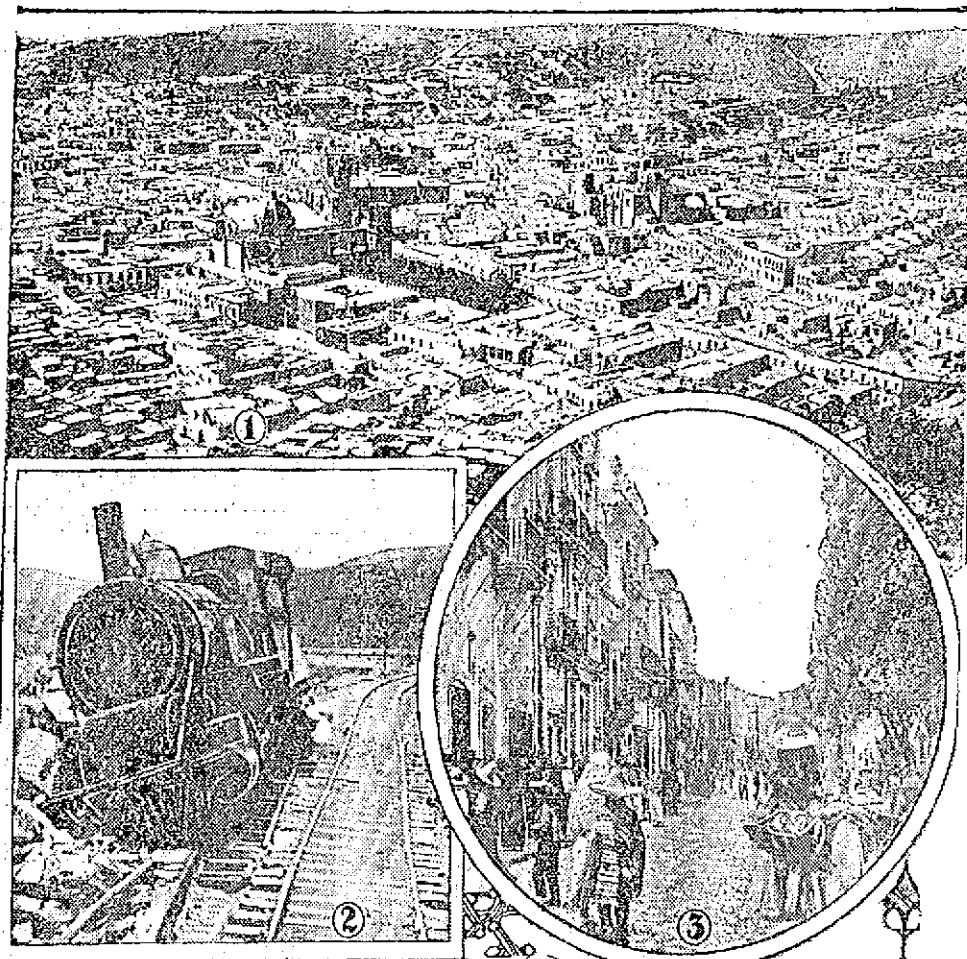

Muller and others who instituted the involuntary proceedings allege that the Claflin concern committed an act of bankruptcy in consenting to the receivership in the equity proceedings. They allege further that the concern has transferred certain property to preferred creditors. The equity proceedings are friendly, the first being instituted by John C. Eames, who is a vice president of the company.

The liabilities of the firm, represented by commercial paper held all over the country, are estimated at \$35,000,000.

It is estimated that the company did not borrow heavily on its own paper but endorsed notes made by interior merchants for goods sold. The inability of these interior houses and the inability of the H. B. Claflin Co. to pay off the matured portion of these notes is ascribed to general dull business conditions, to decreased sales and to slow note collections.

It is understood that the Claflin Company, Inc., controls the dry goods firms throughout the United States, distinct and apart from those affiliated with the United Dry Goods Co. Between 2000 and 3000 banks hold papers of these stores. Twenty or thirty of the larger discount banks in this city are creditors for large amounts. The liabilities of the firm are estimated at about \$35,000,000, the assets at \$11,000,000.

ZACATECAS, Mex., June 25.—After four days of preliminary fighting the final assault on Zacatecas took place June 23, resulting in the capture of the city at 7:30 p. m. The battle was the most hotly contested during the present revolution in the belief of leaders here. Fourteen thousand federals were entrenched in seemingly impregnable positions.

Five thousand prisoners were captured by Gen. Villa's troops. Twelve cannon, nine military trains, 6000 rifles and three carloads of cannon and rifle

ammunition were captured. The dead on the federal side, according to official figures, numbered 4000 and 2000 wounded, while the losses to the attacking side were not stated definitely, though Villa estimates his casualties at 500 dead and 800 wounded.

The federals were reported to have dynamited many buildings of the city before evacuating, leaving those of Villa's troops who had occupied the buildings in the street fighting. Gen. Villa himself gave the following account of the battle: "After four days' hard attacks, to-

day was the decisive one. The enemy numbering 14,000, commanded by Madina Badgon and five other generals, were defeated completely by my forces, which were aided effectively by Gen. Natera's men. Up to this moment we have 5000 prisoners, 12 cannon, nine trains, two carloads of rifle ammunition and cannon shells and nearly 6000 Mauser rifles and a large quantity of provisions and other munitions of war. "The enemy who escaped went in the direction of Aguas Calientes after dynamiting the postoffice, the state treasurer's office and the stamp revenue office buildings. The explosions killed many of our men and destroyed part of the city. The dead of the en-

PEACE RESTS TODAY ON A SINGLE CONDITION

Five Weeks of Incessant Labor by Mediation Conferences Resulted in Completion of Protocols Agreeing That Diplomatic Relations be Restored

NIAGARA FALLS, Ont., June 25.—Peace between the United States and Mexico rests today on a single condition—the establishment of a new provisional government along lines which will justify the world in according it recognition. Mexican factions have given a guaranty that they will exert every effort to earn this reward.

Five weeks of incessant labor by the mediation conference conducted by Argentina, Brazil and Chile, resulted in the completion last night of protocols agreeing that the diplomatic relations with the United States shall be restored and all other international difficulties considered settled when a new provisional government succeeds the Huerta administration.

Upon the representatives of the warring factions—the constitutionalists and the Huerta government—devolves the task now of selecting a provisional president and his cabinet, to serve while the country is being pacified and made ready for a general election.

Mediation does not adjourn. The diplomats and the American delegates will lend their counsel and advice, wherever possible to the delegates of the two factions as they meet in informal conference. The meeting place has not been determined but as Niagara Falls, Ont., neutral soil and the Huerta delegation, mediators and American delegates are comfortably fixed here, this is most likely to be continued as the place of conference. Definite assurance that the meeting

will be held has been given the mediators by constitutionalist representatives in Washington and the Huerta delegates.

When the two parties to Mexico's civil strife shall have adjusted the internal problem of their course, the mediation board will formally recognize and protocolize the result, a date will be fixed for formal recognition of the new government and a period set within which the United States will withdraw its troops and ships from Vera Cruz.

The mediation conference has left to the Mexican factions themselves the work of settling the internal problem of their country. There has been no loss of dignity, no humbling of sovereignty. Upon the results of the task set the Mexican factions by the mediators, the world will pass judgment and they have been given an opportunity to demonstrate that Mexico is capable of settling her own affairs.

The situation was brought to its present status only after mediation many times had seemed ready to collapse. The exclusion of constitutionalists from a vote in proceedings not only had alienated their interest, but the American government announced it would be useless to make any agreement on the internal problem of Mexico. Its provisional president unless the constitutionalists approved. President Wilson laid the situation before Minister Nease in Washington last Friday in an hour's talk. The president, in effect, said that the constitutionalists must have a share in the political destinies of the nation; they had demonstrated it in their military successes and there could be no certain pacification without them.

GRADUATION EXERCISES OF THE HIGH SCHOOL— ADDRESS BY CONGRESSMAN ROGERS—THE GRADUATES

OFFICERS OF GRADUATING CLASS
Left to right, top row—Gerald Basil Duval, vice president; John Thomas Cullen, treasurer.
Bottom row—Alice Ruth Donohue, secretary; Charles Constantine O'Donnell, president; Katherine Hickson, Phyllis, vice president.

The exercises of graduation of the class of 1914 of the Lowell High school were held at Keith's theatre last night. This year's class numbered 270. The exercises were, as usual, very interesting and there was a large attend-

ance of the relatives and friends of the graduates. The address was given by Hon. John Jacob Rogers, a graduate of the class of 1893, and by gladly consenting to make the address, Mr. Rogers saved the city \$75. That is the amount always paid a speaker at these

exercises, but Mr. Rogers, of course, would not accept anything for his services and when asked to deliver the address, replied that he would be delighted to do so.

CASE OF WM. B. SWEENEY

DISMISSED AS HE HAS BEEN ADJUDGED INSANE AND SENT TO AN ASYLUM

In police court the complaint against William B. Sweeney for murder was dismissed as he has been adjudged insane and sent to an asylum.

Mike Ayash pleaded not guilty to breaking, entering and larceny in the night time from the store of Peter Corcoran. It is alleged that the complainant entered the store of the defendant and stole goods and sums of money amounting to several hundred dollars. Ayash, through his attorney, William A. Hogan, waived examination in the local court and he was held in the sum of \$500 for his appearance at the next term of superior court.

James Ryan was arrested yesterday on a capias for failing to pay a fine of six dollars which was imposed last August. He was sentenced to one month in jail. Seven persons were arrested over night for drunkenness. One man was sentenced to the state farm, another was sent to jail for 10 days, a third was fined \$15, and four were released by the probation officer.

JACK MURRAY TO BE TRADED TO REDS FOR INFIELDER BERGHAMMER

JACK MURRAY

It has been reported that Managers McGraw and Herzog are fixing up a trade whereby Jack Murray will go to the Reds to fill Armando Marsans' shoes and infielder Berghammer of the Tenthon troop will sojourn in New York as general utility man with Eddie Grant. Murray has the greatest throwing arm in his league and has the reputation of pulling more sensational catches than any other fielder in the game. Berghammer is a newcomer who has showed up well in Cincinnati so far.

START TRIP WELL

Lowell Wins From Lewiston 4-1 With Maybohm in the Box

(Special to The Sun)

LEWISTON, Me., June 25.—Lowell made themselves perfectly at home here yesterday, taking the first game of the series easily, 4-1. The visitors made their first run in the opening inning, when Burke was passed and Stimpson and Matthews hit. From then on until the seventh, when Gray's men cleaned up three runs, there was no scoring. Maybohm held the locals to four hits and in the pinch-

es frightened like a howling. The score that saved the whitewash came in the seventh by reason of Shea's two-lagger and a ground hit ball to Lee who took his time to throw. Smith out at second after the latter had drawn a pass.

The game was a good one until the seventh inning arrived, when Durkette, first man up, hit a fly to Phoenix on second who puffed the ball. Kelley bunted down the third baseline and Radloff, in getting the throw to second, was late and both men were safe. Waseoh fouled off to Banks, the Lewiston backstop. The next batter popped into Phoenix's hands and it looked as if the locals were coming out with a whole skin. Joe, however, promptly shattered any of Lewiston's hopes for with a scorching through Smith on short he advanced the runners. Shea batted the ball in the outfield and became home on the error, making the score four.

Neither team hit the ball extravagantly. Lowell getting but six safeties. The happy lot of the Lowell men was

to hit at the right time, however, and the dash of Lewiston errors helped any lingering doubts that the visitors might have had regarding their own ability to out of the bacon.

Monday, first up for Lewiston, in the first hit for right field for three weeks, but got no farther, being retired on a double when he attempted to make home on Phoenix's hit to Doc. Again in the fourth Lowell took a brace when bases were distinctly in style. Maloney hit for two, Banks walked but Shea crowded out to the pitcher. O'Connell fired out to Stimpson and Phoenix flickered out to Kelley via the.

Both pitchers worked well, but Maybohm had a little on Radloff and the holding behind him was sharper. Judge, the Lewiston first baseman, was out of the game and Munday was hauled in from right to cover that position. Baum, a pitcher, covered the garden. Durkette, Kelley and Waseoh were the visitors who didn't get into the hit column, but Durkette scored a run and so did Kelley.

Gray announced after the game that in all probability Ring would be started against Lewiston Thursday.

Casey of the Lewiston team was out of the game with a split finger and his hitting and that of Judge was missed sorely.

A. G. CADETS' BALL GAME

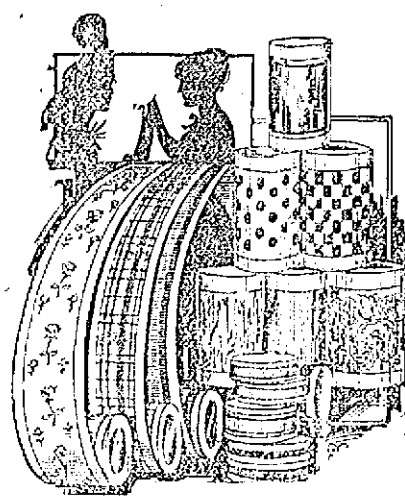

Two lively baseball games were played at the A. G. Cadets' outing at Mountain Rock yesterday afternoon, the first between a team of the brass band captained by Little and one from the Cadets with Champagne as captain. After six innings the score was 5 to 3 and the game was called off in order to give the Young Americans and the times an opportunity to cross the bats. This was a five-inning game and at the close of the fifth the score was 2 to 1 in favor of the Young Americans. Chapdelaine was captain of the first team, while Lamoureux captained the other.

Several races were run off and the winners were as follows: 10-yard dash, E. Mettler, E. Daigle and D. Jambert.

50-yard dash: R. Roy, L. Gionet and A. Lallumme.

NEW YORK, June 25.—The marvelous air stunts of Charles F. Niles, one of the most daring of American aviators, stamps him as the maddest little cut-up with a monoplane that ever gave death the hal hal in this country. Niles hopes to win \$1000 on the Fourth of July in the aerial race up and down the Hudson along New York city if he doesn't lose his air pilot's license for flying over New York's skyscrapers during his dip the dip, loop the loop and corkscrew stunts. He claims oil got in his eyes and he could not see that he was over the tallest buildings in the world, while half of lower New York, including unfrenzied Wall street, stared in utter amazement at his absolutely marvelous antics in the sky. Niles was ordered before the Aero Club of America for his feals to explain why he flew over the city, which is against the rules of the present flying game.

Wakenfield Strike Cited

Senator Deane criticized the Wakenfield machine and said: "If those

his article of amendment was offered in the house yesterday by Representative Gilman of Boston, and was accepted by Mr. Curtin of Brookline, ex-officio chairman of the committee on taxation, as an amendment to the resolution which had previously been reported by that committee. The article of amendment as reported by the committee provided that the percentage of property the state should be divided into two classes, tangible and intangible, and that the general court should have authority to fix a different

thy growth, that the attendance be largely increased, if not doubled in a few years. But briefs cannot be made without straw, and school-cannot be taught unless there are here, and shelter.

Mr. Rogers said he was informed that 40 of the graduating class are to enter the Normal school, and 45 will go to some college or university. Willing to ratulate those who are to continue their educational privileges, he said that a much smaller proportion of the class of 1899 went to college, but

and Greatest Teacher
referring to the teachers of the high
school. Mr. Rogers said that of the 13
of our teachers of 15 years ago, 13 are
actively in the service. This, he
said, is one reason for the success of
Lowell high school: it keeps its
teachers. He then referred to the
kindest and greatest teacher in the
of Lowell," who, before the Civil
War, began, before Abraham Lincoln
made a national figure, was teaching
in the schools of Lowell. Thousands of
years ago, he said, are better for Miss Web-
ster's instructions. He wished her
many years of happiness in her well-
deserved retirement.

Miss Webster was cheered long and
loudly, by the audience and by the
members of the graduating class. She
was in a box with other high school
teachers, and she carried in her arms
a bouquet of 50 roses, a gift from the
faculty and executive board of the
School Alumni Association.

In closing his address to the gradu-
ates, Mr. Rogers said:

And now, members of the class of
1911, I wish to recite to you the brief
of a poem with which I com-
mended my address to the graduating
class of 15 years ago:

"Together still
we journeyed up the rough and
foilsome hill;
in the glory of this summer day,
part, and each one goes his dif-
ferent way,
away at times may dark and weary
seem;
a gleam of sunshine on your path may
gleam;
still, with honest purpose, toil
you on;
if your steps be upward, straight
and true,
in the east a golden light shall
dawn,
the bright smile of heaven come
bursting through."

Annus Presented by Mayor

For Murphy did not make any ex-
tra speech in the presentation of
annus. He spoke a few congratu-
latory words to the graduates. He
said that the hour was late, and the
room too warm for an extended
speech.

Ode Was Sung

A class ode, sung in closing, was
as follows:

We have come to the place we've been
reaching to reach,
our school-days and tasks now
are over,
our dreams and our hopes for the
future are past,
the long days of life's work draw be-
fore us,
as we peer through the mists
of the moon
under wonder with hearts all aglow,
that the light of the glorious day
shall reveal,
if evil or good we shall know.

We are striving to find just the path
that is right,
for the way may be narrow and
straight;
we know that therein we shall
have joy complete,
which will lead us to Heaven's own
gate.

We would ask that with courage and
zeal we may choose,
The paths we may wisely pursue.

A QUARTER CENTURY AGO

"Backward, turn backward, O Time
in thy flight;
Make me a child again, just for to-
night."

I have been informed that there is
a difference of opinion among Sun
readers as to the propriety, cost, taste,
or whatever it is, of printing the
names of the school graduates of a
quarter of a century ago, those who
dislike the idea, when pressed for a
reason, claiming that the editor is sim-
ply trying to have fun with certain
people by showing up their names. Such
is far from the truth and if the editor
knows any among the "Boys" that
follow who are sensitive about their
names he would kindly omit their names,
and hereby apologize to them for hav-
ing offended them. Dr. Richard J.
McCluckey, whose name recently ap-
peared in this column has informed me
that upon calling upon an elderly fe-
male patient a few days ago, she
greeted him as follows: "Well, doc-
tor, I've always wondered whether you
were an old young man or a young old
man, but now I know, I've been reading
about you in The Sun."

Relative to the grammar school
graduates of a quarter of a century
ago, the old Sun states: "All the
local grammar schools with the excep-
tion of the Highland school held inter-
esting graduating exercises this week.
The exercises at the Highland school
were omitted on account of the recent
severe injury to Principal Morcy."

"Personally Conducted" Trips to
California Combine Comfort
and Economy

Of course you have planned to take
a California trip sometime, but possi-
bly you have been waiting until you
thought you could better afford it. If
that is the case, I have some good
news for you.
Our Personally Conducted Parties to
California are especially planned to
meet just such requirements. Our
patrons travel on extra low fare tickets
and have comfortable quarters in clean
and attractive Pullman Tourist sleep-
ing cars. Your pleasure is looked
after all the way by a chosen repre-
sentative of the "Burlington Route" whose
first duty is to relieve you of care and
detail, make you feel "at home" and
point out and explain each of the thou-
sands of points of interest along the
way.
The cost of it all is surprisingly low.
If you will write, or drop in at the
office and see me, I will be glad to ex-
plain every detail of the famous "Per-
sonally Conducted" parties. Alex.

25 years ago, not forgetting to pay its
usual little tribute of respect to the
members of the school board of that
day. The report reads as follows:

Wednesday evening the high school
exercises were held in Huntington hall.
Three hundred and fifty boys and girls,
the pupils of the school, were seated
on an inclined stage which was fringed
with plants. The children looked very
pretty, the girls especially so, and they
gave a pleasing entertainment during
the warm evening. Every seat in the
hall was taken, a thousand fans in the
hands of the freshly dressed women
were kept fluttering to the music of
the Germania band of Boston. Mayor
Palmer, cool and collected, in a spunk-
ing dress suit, Superintendent Lawton,
in a lawyer's long coat, President of
the Council Westall, pinked out for the
occasion, and Principal Colburn, accom-
panied by the orchestra, were seated
near the front of the stage. The
members of the school board were
packed away in the private boxes
where the light couldn't strike them.
Shortly before 8 o'clock the orchestra
rendered the opening march which was
conducted by Mr. Walter E. Owen. Mr.
Owen conducted the orchestra during
the evening. When the pupils were in
their seats the following program was
rendered:
"Toussaint L'Ouverture, Wendell
Phillips—Franklin E. Johnson; Ro-
mance of the Merrimack Valley, H. M.
Lambert, Helen E. Lambert; chorus,
"Blue Are the Heavens," Frank. The
Signing of the Declaration, Walter H.
Emmott; Child Shadows (with violin
accompaniment by members of the
school), Kate M. Usher; duet, "Pure
and Holy Silence," Schubert, John G.
Whittier, Martin Rogers; vocal waltz,
"Bright, Radiant Morn'g," composed for
this occasion by W. B. Owen; The
Moore's Revenge, Arthur M. Burt; The

Launching of the Ship, Longfellow,
with musical accompaniment by mem-
bers of the school, Josephine G. But-
ler; selection, "Faust," Gounod, orches-
tra; Napoleon and Grant, John L.

ney medals and diplomas, Supt. George

LADY LOOKABOUT.

Any of us can give several good reasons why an automobile should be placed conspicuously on the machine, why should not all these reasons apply to the motorcycle. Of the fabled vehicles, rushing as it does, at top speed through our city streets, or spilling the beautiful solitude of our country by-ways, I cannot believe that my information in regard to this matter is not correct. It is difficult to conceive how the motorcycle can have escaped, when the laws concerning the numbering of automobiles are so rigid. They are just as liable to accident, just as liable to over-speed, yet if my information is correct, and I have every reason to believe it is, what is it that hinders the cyclist from having his own way about things—as he seems to do anyway?

Death-Dealing Motor Car

Have you seen that death-dealing juggernaut, an enormous motor car painted a most brilliant yellow, which traverses our city streets. Its message is death. On either side is a picture of a man and a woman, and underneath S. O. S. calls. I have to laugh every time I see it, and at the same time I am thoroughly ashamed of myself for thinking there is anything there to laugh at. It is really a reflection on the culture of the people of Lowell that that machine should be permitted to circulate through the city. Our children are thrown in contact with enough that is unlovely and coarse without parading before them this belittled and belated relic of the product of a mind whose sole bent is commercialism. Somewhere we should have a board of censors to pass on such things as this before they are given the liberty of our highways.

Sale of Fireworks

There are to be no fireworks of any kind on sale in New York this July Fourth. This is in accord with the "Sane Fourth" movement which has been growing during the past few years. The officials of that city have figured that by advising the dealers to sell these goods prominently, they are giving tacit approval.

THOUGHT SHE COULD NOT LIVE

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Unionville, Mo.—"I suffered from a female trouble and I got so weak that I could hardly walk across the floor without holding on to something. I had nervous spells and my fingers would cramp and my face would draw, and I could not sleep, nor sleep to do any good, had no appetite, and everyone thought I would not live."

Some one advised me to take Lydia E. Pinkham's Vegetable Compound. I had taken so much medicine and my doctor said he could do me no good so I told my husband he might get me a bottle and I would try it. By the time I had taken it I felt better. I continued its use, and now I am well and strong.

"I have always recommended your medicine ever since I was so wonderfully benefited by it and I hope this letter will be the means of saving some other poor woman from suffering."

Mrs. MARTHA SEAVEY, Box 1144, Unionville, Missouri.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as that above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for years.

For over thirty years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

The Ruthless Spider
Last night I sat on my veranda, watching a spider devour a luckless fly which had become enmeshed in his web. While I was watching, a small English sparrow pounced on the spider and was just getting away with it, when I heard a most piteous squawk of misery. A chicken-hawk had pounced on the sparrow, and if I had not frightened him off, I am sure he would have had sparrow for dinner, and the words of an old Scotch verse which I had not heard since childhood came to my mind:

"All little fleas have little fleas,
Upon their backs to bite them,
And little fleas have lesser fleas,
And so ad infinitum."

How true it is! Each thing has some other thing to annoy it, lest our happiness be complete.

ARREST BOY BURGLARS

THREE CAUGHT IN BOSTON APARTMENT HOUSE—ONE ESCAPED—ACCUSED IN SIX CASES

BOSTON, June 25.—Three boys, the oldest 13 years and the youngest 9 years, were arrested just before 5 o'clock yesterday afternoon in the apartments of Miss Spooner, at 351 Commonwealth avenue by officers of the Back Bay station on the charge of breaking and entering a fourth boy got away by jumping from a window.

The police charge them with breaking and entering six dwelling houses in the Back Bay district, the most notable being that of the house of Thomas W. Lawson on Charlesgate East a week ago last Sunday morning. The boys got into the Lawson house after midnight and were scared away before they stole anything. Two hours later Metropolitan park police and Boston officers after a chase along the river front captured two suspects.

The boys arrested yesterday gave the names: Leo Walsh, 9 years, of 5 Smith place, Roxbury; Edward Reddish, 11 years, of 1 Smith place; and a fourth boy, 13 years, of 29 Smith place. The names of the fourth boy is known and he will be summoned next Saturday when the other three will be arraigned in the Roxbury juvenile court. In the meantime the boys are paroled in the custody of a probation officer.

The Walsh boy narrowly escaped serious injury upon his arrest. He tried to get away from the officers and fell down a flight of stairs, sustaining a wound over the right eye. This was dressed at station 15.

The police learned from the boys where some of the stolen property could be recovered, and they got back about 5 1/2 worth.

The first knowledge about the boys came when Patrolman Mulken of station 15 was notified by a citizen that boys had broken into the house at 281 Commonwealth ave. Mulken got the assistance of Patrolmen McKinnon and Stevens. Mulken found an opening in the cellar in the rear and the officers went upstairs and found the frightened boys hiding. The boys had no weapons.

"When they read Perkins out," said Col. Roosevelt, "they will have to read me out, too."

The colonel reiterated that he would not be a candidate for the governorship of New York this fall.

In discussing his health, the colonel said that when he boarded the Imperator he had a slight touch of fever, and that 18 hours later he had an attack which was more severe. He had a temperature of 105 and was forced to remain in his rooms all day.

"But I'm all right now," he continued, "and I shall speak at Pittsburgh on June 25. I had to have my throat examined in London because I have often the case, the after effects of the fever I contracted in the wilds of Brazil left its mark in my throat."

INCREASE IN P. O. FORCE

75 CLERKS AND 12 CARRIERS WILL BE ADDED TO FORCE AT BOSTON OFFICE

WASHINGTON, June 25.—Seventy-five clerks and 12 letter carriers will be added to the force at the Boston postoffice on July 1, according to an order issued yesterday by Postmaster General Burleson.

Besides this, the department says it also has allowed Postmaster Mansfield 73 "possible" promotions, these involving an increase in salary from \$1100 to \$1200 for each man. These promotions are not to be based on length of service, but are to be made for efficiency and meritorious work.

Other increases announced by the department were: Framingham, 1; Fitchburg, 2; Fall River, 1; Haverhill, 2.

world's champion Athletics, whom he held to four hits in the second frame of a double-header, only two hours before his marriage. Then he changed his uniform for evening dress and hastened to the home of his fiancée at 1495 Monroe street.

The ceremony was performed by Rev. Forrest J. Prettyman, chaplain of the United States senate, in the presence of only immediate friends of the family. In fear that his fellow-players might make a demonstration and the fans embarrass him with congratulations, Johnson endeavored to keep his coming marriage secret, but it leaked out and he was lustily fêted by the grandstand and the bleachers.

Johnson was told through the third inning a friend visited the marriage license office and obtained the license, giving the age of the groom as 26 and of the bride as 20 years.

By glancing carefully over the names of the graduates and considering the prominent positions in life held by many of them today, you will agree with me that the high school may well be proud of its class of '92.

That Boston Orchestra

But the old Sun, with its time-honored and never to be abandoned vigil, couldn't allow the occasion to pass without having a few words on that Boston orchestra for it says in the same issue, editorially:

"The Germania orchestra of Boston did the leading at the high school exercises in Huntington Hall, Wednesday, June 24. Perhaps it didn't occur to the minutes who engaged this orchestra

and a good-enough orchestra might have been hired right here in this city. The simple music performed at the exercises did not demand an out-of-town orchestra when there were citizens and taxpayers of Lowell competent and willing to do the work for smaller money. It seems that the school committee will be chums."

"It seems that the school committee will be chums." Yea, verily, even unto the end of the story.

One Busy Man
The old Sun can testify to the fact that there was one real busy man in Lowell during the week ending June 23, and that man was "C." Irish, at that time teacher of chemistry in the high school and at present its principal. The graduating exercises occurred on Wednesday evening, so that up to late Wednesday night Mr. Irish with the other teachers of the school must have been on the jump to see that all plans were successfully carried out.

On the very day following the exercises Mr. Irish was occupied as a principal in an event of even far greater importance than a high school graduation, which the old Sun reports as follows:

Thursday evening at the residence of Mr. E. W. Huntington in Moore street, Mr. Cyrus Wendall Irish and Miss Carrie A. Jewock were married by the Rev. Thomas Bakes, assistant pastor of St. Anne's church. Both of the contracting parties are well known in chemistry. Mr. Irish being teacher of chemistry in the high school and Miss Jewock has been a teacher in the Edgemoor school. The bride was a niece of the groom and Dr. J. Arthur Rice was best man. Dr. R. E. Bell and Mr. Harry S. Burrows officiated as ushers. The presents were very costly and beautiful, and Mr. and Mrs. Irish start upon their married life with a bright outlook.

Incheol of Science
The Sun of 25 years ago states that at the graduating exercises at Boston college held the week previous the degree of bachelor of science was conferred on Frank M. Brogan of this city. Says the Sun: "Mr. Brogan is the first of his kind ever conferred by this college and in this he is specially honored."

Lowell Now Ordained
Rev. Farrar A. Brogan, a cousin of

the gentleman mentioned above and a former Lowell boy, now stationed at St. Vincent's church, South Boston, was ordained to the priesthood 25 years ago, the Sun mentioning the event as follows:

"Rev. F. A. Brogan of this city was ordained to the priesthood at the Cathedral of the Holy Cross, Boston, by Archbishop Williams, on Saturday, Rev. Daniel M. Burns, O. M. L., Rev. H. A. Constantineau, O. M. L., and many friends from this city were in attendance. Fr. Brogan studied at Ottawa

college and St. John's seminary, Brighton. He will be stationed in the Kansas City diocese under Bishop Hogan."

Fr. Brogan was subsequently recalled to the Boston archdiocese where he is at present located.

"As It Should Be"
The old Sun informs us that among the canopy bearers in the Corpus Christi procession at St. Peter's church, 25 years ago, were William J. McCluskey and James Longhram (not then an M. P.)

STAMFORD, Conn., June 24.—At the entrance to the Rippowam apartment hotel, Waldo R. Ballou, a member of the city council and one of the best known residents of Stamford, was found with his head crushed in and in a dying condition early today. Before he died he told the police that the manner in which he came to his death.

Mrs. Angelle later said she was anxious to appear before the coroner and give the truth about Ballou's death. Her story as she said she expected to tell at the inquest she then gave to Chief of Police Brennan, substantially followed.

Waldo had been drinking and when

Mystery surrounded the death of Ballou. When the police arrived to investigate the tragedy they discovered footprints of small bare feet, marked in blood, leading from the spot where the body was found up to the second floor. On this floor is located the apartment of Mrs. Angie Ballou. When the police declared that the person who left the footprints entered that apartment. Mrs. Angie was arrested and held without bail for the coroner's inquest. While she admitted that Ballou had been in the apartment, she denied that she knew anything concerning the

On December 8, 1877, another resolution was passed by the city government, authorizing the joint committee on lands and buildings to employ a person to take care of the clock at an expense not to exceed \$50 a year.

This, in brief, is the story of the old Erie clock in the Erie street tower, and now the city has to take care of it, and expend \$50 more a year.

the story of the clock was ferreted by the mayor who had had submitted to him the proposition to repair clocks on this the day of the

In a talk yesterday regarding the Coal Trimmers' strike, Wm. Fennell, president of the union, said: "We all walked out this morning, but not without giving our employers ample time to accede to our demands. This matter has been pending for at least three months, and has been brought to the attention of the dealers many times during that period. The dealers hesi-

Mr. Hedrick was very much interested in the clock and it cost him considerable worry and considerable money, too. He states in his notes that he had a hard time collecting for the clock and quite a number who had seven thousand. The total membership of the Coal Teamsters union comprises 133 men. A committee has been appointed and given full authority to pass on any concessions that may be made by the dealers.

Report That King Peter I of Serbia Had Resigned in Favor of His Second Son

BELGRADE, Serbia, June 24.—King Peter of Serbia was reported today to have abdicated the throne in favor of his second son, Prince Alexander. The king left Belgrade in the afternoon for the baths at Vranja in the southern part of Serbia, and a note issued by the official agency in announcing the king's departure did not say he had abdicated but confined itself to the statement that his majesty had signed a ukase entrusting the government of Serbia during his absence to Crown Prince Alexander.

COLLIDE IN FOG

Ferryboat Crashed Into Steamship Taurus in Hudson River

NEW YORK, June 24.—In the thick fog that tied up river traffic today the ferryboat Red Band of the Central railroad of New Jersey fleet bearing six hundred commuters from nearby rows crashed into the steamship Taurus of the Iron Steamboat Co. which with only her crew on board was on her way from Edgewater, N. J., to her pier. Passengers on board the Red Band were thrown off their feet as woodwork gave way and glass shattered. No one was injured.

SALE OF MIDWAY LOTS

SUPT. KERNAN DISPOSING OF THEM—PLAYGROUNDS TO OPEN ON SCHEDULE TIME

Superintendent of Parks John W. Kernan and his assistants were hard at work today at city hall on the selling of the lots on the Fourth of July Midway at the South common. The lots were on sale at 7:30 o'clock this morning, and anybody with bucks in their pockets could purchase a 16-foot lot for the "night before" and the "day after."

Superintendent Kernan stated this morning that he was going to allow the newly seeded slope of the common at the corner of Summer and Thordiko streets "go to grass" and that he was going to take steps to see that this particular spot had a chance to "grass." A fence will be erected and the merrymakers will be warned from wandering within its precincts. Nearly a hundred lots had been disposed of at noon today and the probability is that all of the entire 250 will be sold several days before the holiday. The usual assortment of entertainment novelties will be seen on the Midway again this year with several added features. Mr. Kernan stated today that he would be in charge of the grounds during the festivities and would act as the censor for the occupants of the various lots.

The playgrounds will be opened on Monday, July 6, and preparations are now underway to have all of the equipment at the several playgrounds in readiness for the opening. The sand boxes, wherein the smaller children spend many summer hours at play in the shade, have been repaired and the swings, teeters, etc., are receiving a thorough inspection.

FISHER-ELLIS R. R. BILL

Progressive Members of Legislature Will Oppose Measure to Divorce Railroads

BOSTON, June 24.—The progressive party representatives in the legislature served notice today that the passage of the Fisher-Ellis bill providing for the separation of the Boston & Maine and New York, New Haven & Hartford railroad systems would be strongly opposed by them. The bill provides that the state may retain its right to acquire at any time the Boston & Maine stock now held by the Boston Holding Co. for the New Haven company. The progressive party said they would endeavor to substitute for this bill a measure endorsed by Charles Sumner Bird, twice the party candidate for governor, which calls for state ownership of the Boston & Maine stock. The two progressive senators and 17 progressive representatives decided upon their program at a conference this forenoon and when the house convened Representatives Alfred Davenport of Malden gave notice that he would offer a substitute when the Fisher-Ellis bill came up for a first reading. The Fisher-Ellis bill was reported in the house yesterday and it had been expected that it would be prepared as it had the approval of Governor Walsh the presiding officer of both branches and the department of justice and was favored in part by the New Haven company.

FELL THIRTY FEET INTO SEA

HUGHTOWN, Selly Islands, June 24.—The saving of the passengers of the wrecked Belgian steamer Gothland was effected through almost superhuman efforts on the part of officers and crew of the steamer and by the life-towers who came to the rescue when she went ashore on the Scrim rocks yesterday.

Members of the lifesaving crew from St. Mary's described the scene as awful when one of the Gothland's small boats crammed with passengers and seamen broke away from the decks and fell 30 feet into the sea. The bottom of the boat was smashed when it struck the waves and all those in it were dashed to the water. Most of them were women and children. A quartermaster of the Gothland sprang from the steamer's deck and succeeded in saving three of the women. Several of the life-saving crew jumped into the water also and handed drowning children to their companions in the rescue boat until all had been saved. Eventually all were put safely ashore. The crew of the Gothland, which was on the voyage from Montreal to Rotterdam again went on board today to jettison some of her cargo of grain in the hope of lightening her sufficiently to enable her to be refloated.

SEARCH FOR MURDERER

CARIBOU, Me., June 24.—Sheriff Edgar G. Bryson was expected from Houlton today to take charge of the search for the missing young friend of Emma Jensen, the girl whose body was found beside the New Sweden road yesterday. The officials hope he will be able to throw some light on the circumstances surrounding her death by bullet wounds after attending a circus performance here.

No trace of him had been found though the officers and a posse of citizens had been searching the woods and highways for more than 24 hours. It was thought he might be at his trapping camp on Black Brook in the woods toward Van Buren. A watch also was being kept in the vicinity of the home of a relative at Goodrich siding and all along the Canadian border touching Aroostook county.

Coroner Floyd Smith formed a jury which after viewing the body, adjourned until late this afternoon. Arrangements were made by the county medical examiner, Dr. S. W. Boone, to hold an autopsy in the meantime. The Devoe girl, who was 12 years of age, and the daughter of Dennis Devoe, a laborer, returned to her home Monday afternoon after spending two weeks in Presque Isle. Dr. W. R. Blossom attended her and was again called yesterday morning when she died. He had suspected she had been the victim of an assault, but he and her parents were unable to get any information from the girl. In view of the circumstances Dr. Blossom declined to issue a death certificate and reported the case to the authorities. The time of the shooting was fixed today by Mrs. Frank Brown, wife of the farmer who found the body in the bushes. About 9:30 o'clock Monday night she heard three shots, one following closely after the other. She paid little attention to the noise as she supposed it was caused by the bursting of an automobile tire. The missing admirer of the girl was alleged to have been the last one in whose company she was seen. They were reported to have been seen walking up Sweden street together at 7:30 p. m. in the direction of the spot two miles out on the Sweden road where her body was discovered yesterday.

ANOTHER GIRL MAY ALSO HAVE BEEN VICTIM OF FOUL PLAY

CARIBOU, Me., June 24.—The officials who are investigating the supposed murder of Emma Jensen were called upon today to inquire into the death of Stella Devoe. The cause of her death was not known and it was feared she had been the victim of an assault. Coroner Floyd Smith impaneled a jury and adjourned until tomorrow afternoon when County Attorney Bernard Archibald is expected here from New Brunswick, where he had gone on business.

PUBLIC HEALTH

ATLANTIC CITY, N. J., June 24.—The 3500 members of the American Medical association were busy today attending the many sectional meetings arranged for an exchange of views on public health.

The infant incubator has been more of a failure than a success, Dr. B. Chapin of New York reported in a paper before the section on diseases of children. Out of 130 personal experiences with the incubator for infants he could not report one satisfactory result, death resulting in the great majority of instances. He urged that the house of delegates be asked to declare against its further use.

Miss Alice Jodoin, who will graduate with the 1914 class of the high school was agreeably surprised last night by a group of friends who gathered at the home of Miss Alice Gendreau in Lakeview avenue to congratulate her over her coming graduation. The young woman was presented several valuable gifts and a pleasant evening followed, a musical program being in order and a light luncheon being served. Those who took part in the musical program were Miss Alice Gendreau, Miss Alice Groulx, Miss Beatrice Chabot, Miss Annette Veigant and Miss Alice Jodoin.

BURLINGTON, Vt., June 24.—Bachelor degrees were bestowed on a class of 73 at the University of Vermont commencement today. In addition 33 candidates received the degree of doctor of medicine, two were made masters of science, one electrical engineer, one civil engineer and one master of arts.

Announcement was made of the retirement of Professor Nathan F. Merrill for 23 years head of the chemistry department, and Professor Archibald L. Daniels, who has been connected with the department of mathematics for 23 years.

Professor Elbridge C. Jacobs will succeed Prof. Merrill but Prof. Daniels' successor was not announced.

BUILDINGS CONDEMNED
BY INSPR. CONNOR

Owners Notified to Put Them in Repair or Have Them Vacated—Recent Acts on Redivision of the Voting Districts—Other City Hall Matters

Inspector of Buildings F. A. Connor notified several local property owners today that he considered their buildings unsafe and that they must either repair them so as to pass inspection or tear them down and that one or the other alternative must be adopted within a week's time.

Following is a list of the owners with the location of the property: Mrs. M. Alnette, residence at 123 Westford street, building condemned at 17 Andover street.

James Riley, resides at North Chelmsford, situation of condemned building 189-191 Suffolk street. Relative to his finding on this building Inspector Connor said: "I find that plaza in rear of premises and overhanging canal is in a very dilapidated condition and is extremely dangerous; the foundation walls are in very bad condition and the sidewalk greatly in need of repair."

George L. Cady is in bad twice. The building owned by him situated 42-52 Adams street has been pronounced unsafe by the inspector on account of alleged rotting of sills and timbers. Also the building at 151-153 Suffolk street, owned by the same party, has fallen under the inspector's displeasure on account of its plaza which is declared unsafe and dangerous. This plaza also juts out over the canal.

Mrs. Margaret W. Merrill, administratrix of the A. C. Wheelock estate, was notified this morning that two buildings under her care have been condemned. The small structure at 27 Suffolk street used for a rag shop and storage house and the building at 127 Suffolk street were both declared a menace by Inspector Connor. In both cases the foundations were the cause of condemnation.

Michael Cohn of 119 Howard street was notified that his place at 61-51 Suffolk street was in too rickety a condition to continue doing business. Cohn has his ragshop in the building but notwithstanding that fact Michael must either raise it or satisfy the inspector with speedy repairs.

A request for a permit for a new building to be used for manufacturing purposes was submitted to the building department this morning by the Middlesex company. The concern wishes to erect a two-story brick and wood building with concrete and stone foundations on Warren street, in the bend toward Church street. The proposed structure is to be 172-172 and its cost is estimated at \$32,000. William Drapeau is named as the builder.

Redivision of City Chapter 616, passed by the legislature at the present session, contains several sections which will affect Lowell to some extent should the city council decide to accept the same. The sections under discussion are as follows:

Chap. 616 Section 1. An act relative to the redivision of cities and towns and voting precincts. Section 1 states that the registrars in every city, and in Boston the election commissioners, after the annual state elections in the year 1914, and in every tenth year thereafter, shall for the purpose of furnishing to the city council and the board of aldermen the information necessary for a new division of the city into wards and voting precincts, deliver to the city clerk on or before the first Tuesday after the said state election, a list of male voters who were registered for such election, which shall be so arranged as to show the number of such voters, residing in each ward and precinct if any, by streets. Chap. 616, Sec. 2 of this act provides in part. A city may in the year 1914, and in every tenth year thereafter in the month of December, by vote of its city council or corresponding body make a new division of its territory into such number of wards as may be fixed by law. The boundaries of such wards shall be so arranged that the wards shall contain, as nearly as can be ascertained and as may be consistent with well defined limits to each ward, an equal number of voters. The city clerk shall forthwith give notice in writing to the secretary of the commonwealth of the number and designation of the wards so established. Section 3 states, this section being contingent on the previous sections of the same chapter: On or before the first Tuesday of July in the year following the redivision of a city into wards the aldermen shall divide such city into voting precincts, conformably to the provisions of the preceding section. Compulsion of Wards The nine wards now constituting the voting strength of Lowell are by no means equal or nearly equal as regards the number of voters each contain. The ward which has the greatest number of eligible ballots is ward 8 from which 1956 voters can be fixed without the precinct officers coming under suspension. Compared to ward 8 is ward 5 with a total of only 1264 voters, a difference of 722 votes.

TO FORCE INTERVENTION

Reports of Sniping by Huerta Forces on American Outpost of Vera Cruz

WASHINGTON, June 24.—Persistent reports of sniping by Mexican federalists on the American outposts of Vera Cruz and rumors of constitutionalists further advances toward Mexico City served today to stir interest in the Mexican situation. Although the war department will make public no reports from General Huerta regarding sniping on the American forces it is regarded there had been an investigation of continued reports to that effect. There have been many inferences that Huerta's forces were attempting to provoke a fight with the American troops and force intervention. Patient waiting on mediation continued today to be the attitude of the administration. The coming of Alfredo Breceda, a representative of Carranza, to Washington tomorrow was awaited with interest in official quarters, where some knowledge of the nature of his mission was said to have been received from Consular Agent Carruthers.

That Breceda and his colleagues are going to participate in conferences with officials of the Washington government is declared to be a fact but whether they or constitutionalists will go to Niagara Falls to join the American and Huerta delegates in informal discussion of peace still sees problems afloat.

DISCUSS PLANKS OF PEACE PROGRAM NIAGARA FALLS, Ont., June 24.—Further discussion of those planks of the peace program which relate to the international differences between the United States and the Huerta government occupied the mediators and delegates today. It was said that at least one of the planks would be framed as a protocol today. If the purpose of the principals is fulfilled, the international side of the controversy will be cleared up, leaving the question of selecting a provisional president and other internal problems to a conference of representatives of the constitutionalists and the Huerta government. Notwithstanding reports from New Orleans quoting Carranza's spokesmen as casting doubt on the probability of such a meeting conference prevailed in American quarters that ultimately the two Mexican factions would be brought together.

TRY TO MOB MRS. SIEGEL

Women Depositors in Siegel Bank Enraged Over Diamonds at Wedding

NEW YORK, June 25.—With a dozen clamoring depositors of the defunct Siegel bank looking on, Mrs. Henry Siegel was served with a subpoena on the steps of St. Thomas church yesterday afternoon just as she was about to enter the church to witness the marriage of her daughter, Dorothy Violet Wilde, to Earl Joseph Moon of St. Louis.

The depositors, all of whom were women, rather poorly dressed, did not recognize Mrs. Siegel when she left her coach, but when they found her out they made a rush for the door of the church, apparently bent on creating trouble. A big policeman barred the way, however, and the women, uttering all kinds of threats, lay in wait until the wedding was over. As Mrs. Siegel came down the steps to enter her carriage she wore a necklace of large diamonds and this seemed to inflame the depositors in the defunct bank.

"Look at the hussy," one of them shouted. "Why don't she give us back our money? Look at her diamonds!"

The women edged as near as they could to the entrance to the carriage, and seemed about to pounce upon Mrs.

Siegel. "We'll fix the hussy," one of them screamed. "The idea of her having such a swell wedding for her daughter and us with children starving at home!"

Mrs. Siegel apparently had scented trouble, for there were two policemen on guard at each side of the canopy. When they saw the threatening attitude of the women, they held them back until Mrs. Siegel had entered her carriage.

One of the women did manage to reach the door of the carriage just as the vehicle started, and hurling a letter at Mrs. Siegel, shouted: "Give me back my \$5000!"

The summons was served on Mrs. Siegel by Charles Bovee, one of the best known process servers in town. He walked right up to Mrs. Siegel and handed it to her, only to have it flung back at him.

The summons served on Mrs. Siegel was in a suit for \$155 for photographs by Manseau, the photographer.

The depositors and the summons were not the only trouble Mrs. Siegel had, however. When the wedding party arrived at the church, it was found that the best man, Stuart McDonald, the bridegroom's brother-in-law, hadn't shown up, and there was a slight delay until someone else was found to take his place. It was Ralph L. Morris who stepped into the breach.

the best man was a brother of the bridegroom, Harold J. Shaw. At the close of the ceremony a reception was held at the home of the bride's mother, Mrs. Llewellyn T. Jones, 611 Central street, where being friends present from Lynn, Woburn and Boston. After July 15 the happy couple will make their home at 467 School street.

BRYANT—MURPHY

Frederick Joseph Bryant and Miss Anna Murphy were married late yesterday afternoon, the ceremony being performed at St. Patrick's rectory, the officiating clergyman being Rev. Timothy P. Callahan. Walter Bryant acted as best man and the bridemaid was Miss Abbie Murphy. A reception was held at the home of the bride, Mrs. Abbie Murphy, 626 Broadway and among the guests present were friends and relatives from Boston, Lawrence, Pawtucket, Charlestown and New York. After Sept. 1 Mr. and Mrs. Bryant will be at home to their friends at 626 Broadway.

RAMSDEN—ECKENGREN

At 5 o'clock yesterday afternoon Mr. Walter B. Ramsden, formerly of this city and now of Lawrence, and Miss Martha Eckengren of this city were married, the ceremony being performed at the home of the bride's parents, Mr. and Mrs. Carl Eckengren, 28 State street by Rev. James Bancroft, rector of St. John's Episcopal church. Mr. and Mrs. Ramsden who were the recipients of many gifts, left on a wedding tour and after two weeks will be at home to their friends at 50 Osgood street, Lawrence.

CHRISTY—PRATT

A pretty marriage took place yesterday at 5 o'clock at St. Anne's church, when Mr. John Christy and Miss Elizabeth Pratt were united in the holy bonds of matrimony, the officiating clergyman being Rev. Samuel John. The best man was Mr. William Ripley and Miss Lucy Pratt, sister of the bride, was bridemaid. The bride was attired in a gown of white embroidered tulle with a veil of white lace and carried a bouquet of white roses. The bridegroom wore a suit of blue silk and a picture hat. The couple were married by Rev. Samuel John. The ceremony was a simple one and was held at 5 o'clock. The bride and groom were the recipients of many gifts. The bridegroom's friends were Mr. and Mrs. William Pratt, 27 Phillips street, where a wedding supper was served to friends and relatives. The happy couple were the recipients of many beautiful and costly gifts. Mr. and Mrs. Christy left amid showers of rice and confetti on the 9:15 train for Boston. They will visit Providence, New York and New Jersey and will be at home to their friends after August 1 at 27 Phillips street.

FARRELL—PARKER

Mr. H. George Farrell, one of the proprietors of Peavey's, 10 Central street, was united in marriage yesterday afternoon, to Miss Alice V. Parker, daughter of Mr. Willard V. Parker of South Groveland. The ceremony was performed by Rev. Fr. MacPatrick's church, Georgetown, at 2:30 o'clock. Mr. Ernest Portlock, nephew of the bridegroom, was best man, and Miss Marion Crawford, of Groveland, bridemaid. A wedding dinner was served at the bride's home for the relatives of the contracting parties and in the evening a reception was held at which were many of the friends of the happy couple. The house was beautifully decorated. The ushers were Leo Ryan, Harold Steeper and Michael Nolan. The bride was attired in a beautiful costume of white satin trimmed with shadow lace and carried a bouquet of white roses. The bridegroom wore a suit of blue silk with all-over lace. The happy couple were the recipients of many valuable presents. After their honeymoon which will be spent in Washington, New York, they will reside at 515 Bridge street.

DOLENT—O'CONNOR

The marriage of Michael J. Doleont of Boston and Miss Catherine O'Connor of this city took place at the Sacred Heart rectory late yesterday afternoon, the ceremony being performed by Very Rev. T. Wade Smith, O. M. I. The best man was Andrew A. Doleont and the bridemaid Miss Minnie T. O'Connor. After the ceremony a reception was held at the home of the bride's mother, Mrs. Jeremiah O'Connor, 32 Agawam street, where friends were in attendance from Boston, Haverhill and Lawrence. After a wedding tour the couple will make their home at 325 May street, Charlestown.

SHAW—JONES

At 5 o'clock yesterday afternoon Mr. Ralph Herman Shaw and Miss Annie Louise Jones were married at St. Peter's rectory, the ceremony being performed by Rev. Daniel J. Heffernan. The bride was attended by Miss Ruth M. Jones, a sister, while

delphia, a cousin of the bride. The bride looked charming in a dress of white tulle with shadow lace and pearl trimmings. She wore a bridal veil caught up with lilies of the valley and carried a shower bouquet of the same flowers. The bridegroom's gown was figured mouseline. She wore a white picture hat and carried a bouquet of pink sweet peas. The house was beautifully decorated with flowers and ferns. After the ceremony the happy couple departed amid a shower of confetti for a honeymoon trip to the Adirondacks, and will be at home to their friends at 50 Norfolk road, Arlington, Sept. 1. No cards.

Next week is "Quarter Week" at The Lowell City Savings Bank. The bank will be closed on Tuesday, July 4th, it being a legal holiday.

THIRD HOTTEST OF YEAR

AVERAGE TEMPERATURE, HOWEVER, WAS THE HIGHEST FOR JUNE 25 IN 43 YEARS

BOSTON, June 25.—With a temperature of 93 above at 2 p. m. yesterday, it was the third hottest day of the present summer. The two higher maximums were on May 26 and 27, with respective records of 96 and 97.

The police reports for the day showed one death, that of an unknown person in Charlestown, and 14 cases of prostitution, most of which were treated at the Relief or City Hospital.

Judged by the mean temperature for the day, it was the hottest June 24 in the weather bureau's 43 years of records. The normal temperature for June 24 during those 43 years is only 85 above, and yesterday's mean was 89.

A detail of firemen from Engine company 3 in Salem street made a tour of the North End with a section of hose and flushed portions of the streets. The increased comfort of the dwellers thereat it was a great treat for the juveniles, at least 100 of whom raced about behind the firemen after 10 o'clock, screaming and courting a good looking down themselves from time to time.

There was a supply of seatons on Charlestown bridge, and the fact that they were nowhere nearly fully occupied was good evidence that the population of the North End was not seriously suffering with the heat.

There was a fair breeze all day from the west and southwest, the velocity averaging from 10 to 12 miles an hour. Last night's weather map showed nothing in the country that promised a change of conditions in the immediate future.

AMUSEMENT NOTES

B. F. KEITH'S THEATRE
The most stupendous military film drama ever shown will be the attraction at the B. F. Keith theatre this afternoon and evening, and it will be repeated on Friday and Saturday.

FOLEY—MCNAMARA

A pretty wedding took place in No. Billerica at 5:30 o'clock yesterday afternoon when Mr. George M. Foley of 45 Hurd street, this city, was united in marriage to Miss Mary Florence McNamara, a popular young resident of the town. The ceremony was performed in St. Andrew's church, Rev. David J. Murphy officiating. Miss Agnes Kennedy, a close friend of the bride, served as honor-maid while the best man was Edward Hennessy. The bride was handsomely gowned in silk and carried a large bouquet. The bridegroom wore a suit of blue and yellow and also a bouquet. At the close of the ceremony the party repaired to the bride's home on Wilson street, where a supper was served and a reception held from 6 to 8 o'clock. Mr. and Mrs. Foley left later in the evening for a short honeymoon, after which they will reside in Connecticut.

MURPHY—KEATING

A very pretty wedding was solemnized this morning at 9 o'clock when Mr. Daniel F. Murphy, a prominent resident of Arlington, and Miss Helen L. Keating of Tewksbury, a popular and well known teacher in the Keenwood, were united in a nuptial mass at the Tewksbury novitiate chapel. The ceremony was performed by Rev. William J. McCarthy of West Lynn, a cousin of the bride. As the bridal party entered the chapel Mrs. Hanson of Malden played the organ and sang a hymn. The best man was Mr. Edward Kerrigan of Arlington and the bridemaid was Miss Minnie Cain of Chestnut Hill, Philadelphia.

THE OWL THEATRE

The four-part feature of "The Governor's Ghost" which is being shown at the Owl is a really superb production. The plot is unusual and the actors play their parts convincingly. In "The Southern Hills" tells a different kind of story that appeals strongly to all classes of people. The other pictures are good. Jack Dalton will sing another new song, and a sliding roof guarantees comfort and convenience.

RELIABILITY

ROUTE OF PARADE
FOR THE BIG SHOW

Agreed Upon Today—The Circus
Man Objected to Mayor's Plan
—Parade Will Take in Fifteen
Streets—Repairs in Gorham St.
Caused Change

Lowell is going to have a circus parade tomorrow, just the same. Mayor Murphy decided yesterday that it would be impossible for the Barnum & Bailey circus, which comes here tomorrow, to pass over Gorham street because of the paving work which is now going on between Davis square and Moore street and the mayor mapped out a plan excluding Gorham street, but that plan was knocked into a cocked hat at a conference held in the mayor's office this morning after the mayor and the commissioner of streets had gone over the route with W. J. Conway, representing the "big show."

The conference lasted for more than one hour, and the following route was finally agreed upon: Fair grounds to Gorham street, to Moore, to Andrews, to Lawrence, to Wamsit, to Central, to Middlesex, to Thordike, to Dutton, to Merrimack, to Central, to Wamsit, to Lawrence, to Andrews, to Moore, to Gorham and back to the fair grounds.

The mayor's plan would have sent the parade around Manchester, Tanner and Hale streets, but this route didn't look good to Mr. Conway, who, by the way, was none too pleased with the route finally decided upon.

Mr. Conway believes that the parade could have gone through Gorham street as of yore and there are a great many who will agree with him.

"There is only a short piece of the street being paved at the present time," he said, today, "and the only excuse the mayor has for objecting to the parade passing through Gorham street is that a fire might break out in that section and that the apparatus would be unable to pass the big circus vans. Why the mayor or anybody else should fear a fire just at this moment is more than I know, but there's no use in crying over spilled milk. We have agreed upon a route of parade and that settles it."

The route we have agreed upon is bad enough, but it is much better than the one planned by the mayor. It will take 40 minutes longer to cover the route agreed upon for tomorrow than to cover the old Gorham street

route. The plan mapped out by the mayor is even more circuitous than the one agreed upon, and that's going some.

The parade will start at 10 o'clock tomorrow morning and the circus man describes it as an over two miles long and of glittering splendor. The management will endeavor to keep it a secret from the elephants that the route of parade has had a few furlongs added to it lest they should go on strike and refuse to do the tango and hesitation under the "big top."

Great Patience Required

Circus goers will have to exercise all the patience at their command tomorrow for Mr. Helenus E. Farrington, superintendent of the local division of the Bay State Street Railway, feels that the service will be somewhat held up because only one track can be used in Gorham street, from Davis square to Moore street. Mr. Farrington says that his company will do its level best to take passengers to and from the fair grounds, but he says people should take everything into consideration before they start in to criticize the railway company for poor service.

There was a belief in some quarters that the easterly track of the company could be put in commission for the day. Mr. Farrington says this would be impossible because the tracks in the street are being relaid, and at only one place in the paving district can cars pass each other. That place is a narrow strip of about 100 feet near the engine house at Olive street.

When the paving was started a plan was put forward by Commissioner Moore for the centering of the tracks on the street. He wanted each track a certain distance from the curbings. That meant the placing of the easterly track nearer to the old westerly track, and that has been done. Inasmuch as only the westerly track is being used now for incoming as well as outgoing cars the closeness of the two tracks, one to the other, is not noticeable, but if cars were run over the easterly it would at once become apparent that they could not pass each other. So the plan to use the easterly track for the day is out of the question.

H. B. CLAFLIN CO. FAILS
LIABILITIES \$35,000,000

Two Proceedings Threw Great Dry-
goods House Into Bankruptcy and
Two Receivers Were Appointed
Under Bonds \$500,000 Each

NEW YORK, June 25.—The great dry goods house of the H. B. Claflin Co. failed today, with liabilities of \$35,000,000.

The assets are estimated at \$10,000,000.

Two proceedings—friendly and unfriendly—threw the firm into bankruptcy and two receivers were named under bonds of \$500,000 each.

The Claflin company controls or is affiliated with some 39 retail stores throughout the United States and it was the endorsement of their paper, held by more than 3000 banks here and in interior cities, that caused the crash.

The United Dry Goods companies and the Associated Merchants Co., though affiliated with the Claflin company through stock control, were in no way involved in the failure.

Their chain of stores, it was stated in the financial district, would remain intact. Hope was expressed also that the Claflin retail enterprises would be saved.

Unless blocked by creditors, reorganization of the failed firm is contemplated, according to a statement issued by John Claflin.

The H. B. Claflin Co., of which John Claflin is president, was organized in 1829 to conduct a vast wholesale dry goods business. It is controlled by the Associated Merchants Co., which is in turn controlled by the United Dry Goods companies.

The United Dry Goods companies was incorporated under the laws of Delaware May 21, 1909, to consolidate the dry goods interests of John Claflin in New York and other cities. These include the following companies:

The H. B. Claflin Co., James McCrory Co., O'Neill-Adams Co., C. G. Gunther Sons, all of New York; J. N. Adam Co. of Buffalo and Stewart & Co. of Baltimore. The companies also bought outright from John Claflin the entire business of Hahne & Co. of Newark, Powers Mercantile Co. of Minneapolis, William Henger Co. of Louisville, Ky. In June, 1910, control of Lord & Taylor of New York city was acquired.

The officers are:

John Claflin, president; Louis Ste-

art, vice president and treasurer; J. C. Eames, second vice president. Directors: Lewis Stewart, Howland Davis, George F. Crane, Ernest Stauffen, Jr., John A. Stewart, W. M. Barrett, John Claflin and Thomas F. Hazard.

The total net income for 1913 was \$2,033,781, dividends on preferred stock being \$754,853 and on common \$1,151,200. Annual surplus of \$174,698.

The percentage earned on preferred stock was 12.25 per cent, and on common stock 9.12 per cent. The assets included, 93,131 shares of Capital of the stock of the Associated Merchants Co. the combined net tangible assets of Hahne & Co., the William Henger Co., Powers Mercantile Co. and the Stewart Drygoods Co., the cash of the combined companies, the securities of Lord & Taylor and cash available for further investment.

Almost simultaneous with the filing of the suit in equity, John Muller, Wm. Worth and Albert F. Berger, all of this city filed an involuntary petition in bankruptcy against the firm. The company owes Muller \$721,000, a creditor for \$131,000, while Berger's claims are placed at \$18,412.

The receivership caused a flurry in the financial district, although rumors that something was impending were life yesterday. It was confidently asserted in banking circles that the many retail subsidiaries affiliated with the interests would be taken care of.

The appointment of receivers is ascribed to an over extension of credit.

A suit of equity was also filed against the defender manufacturing company, said to be a subsidiary of the H. B. Claflin Co. The complaint is William P. Odell. The suit is for \$3,200. The same receivers were appointed with a bond in this action of \$500,000 each.

None of the proceedings, it was said, would affect the United Drygoods companies. A note holders' committee has been formed with J. S. Alexander, president of the National Bank of Commerce as chairman, which will endeavor to formulate some plan for reorganization of the Claflin company's financial affairs.

Muller and others who instituted the

involuntary proceedings allege that the Claflin concern committed an act of bankruptcy in consenting to the receivership in the equity proceedings. They allege further that the concern has transferred certain property to preferred creditors. The equity proceedings are friendly, the first being instituted by John C. Eames, who is a vice president of the company.

The liabilities of the firm, represented by commercial paper held all over the country, are estimated at \$35,000,000.

It is estimated that the company did not borrow heavily on its own paper but endorsed notes made by interior merchants for goods sold.

The inability of these interior houses and the inability of the H. B. Claflin Co. to pay off the matured portion of these notes is ascribed to general dull business conditions, to decreased sales and to slow note collections.

It is understood that the Claflin Company, Inc., controls 25 dry goods firms throughout the United States distinct and apart from those affiliated with the United Drygoods Co. Between 2500 and 3000 banks hold papers of these stores. Twenty or thirty of the larger discount banks in this city are creditors for large amounts.

The liabilities of the firm are estimated at about \$35,000,000, the assets at \$10,000,000.

John Claflin has been associated with the dry goods business for more than 40 years. He is regarded as the A. T. Stewart of his time. At the age of 20 he entered the employ of his father's firm, then known as H. B. Claflin & Co. Three years later he became a member of the firm and in 1850 formed the corporation which went under today. He is a trustee of many financial and charitable organizations.

CLAFLIN CO. PAPER IN N. E.
BOSTON, June 25.—It was estimated by local bankers today that between \$10,000,000 and \$12,000,000 of the paper of H. B. Claflin Co., whose failure in New York is announced, was held by banks in New England. Banking institutions in this city held about \$5,000,000 of it and Rhode Island manufacturing and banking interests are understood to be creditors to the amount of \$2,000,000.

PEACE RESTS TODAY ON
A SINGLE CONDITION

Five Weeks of Incessant Labor
by Mediation Conferences Re-
sulted in Completion of Pro-
tocols. Agreeing That Diplo-
matic Relations be Restored

NIAGARA FALLS, Ont., June 25.—Peace between the United States and Mexico rests today on a single condition—the establishment of a new provisional government along lines which will justify the world in according it recognition. Mexican factions have given a guaranty that they will exert every effort to earn this reward.

Five weeks of incessant labor by the mediation conferences conducted by

Argentina, Brazil and Chile, resulted in the completion last night of protocols agreeing that the diplomatic relations with the United States shall be restored and all other international difficulties considered settled when a new provisional government succeeds the Huerta administration.

Upon the representatives of the warring factions—the constitutionalists and the Huerta government—devolves the task now of selecting a provisional government.

THE CONDEMNED BRIDGE

In Chelmsford Street to be Dis-
cussed at Conference Between
Railroad and City Authorities

As a result of the information received from the public service commission relative to the overhead bridge in Chelmsford street, near the depot, the city solicitor, at the suggestion of the mayor, has addressed a communication to the president of the Boston & Maine railroad, asking for a conference not later than Saturday morning

of this week. The letter reads as follows:

June 25, 1914.

To the President of the Boston & Maine Railroad, Boston, Mass.

Dear Sir:

At the suggestion of Hon. Dennis J. Murphy, mayor of Lowell, I write to inform you that the public service commission of the commonwealth of Massachusetts has condemned the bridge on Chelmsford street in Lowell, which spans your railroad, as being unsafe and in such a condition as to endanger not only foot passengers and persons traveling in vehicles, but is a source of danger to passengers traveling in your railroad trains beneath said bridge.

This matter is of such vital importance that it demands your immediate attention, and I therefore invite you to communicate at once with Hon. Dennis J. Murphy, mayor of Lowell, in reference to a conference to be had not later than Saturday morning of this week to bring about the proper remedies to insure the safety of the people who may travel over and beneath this bridge.

Respectfully yours,

J. Joseph Hennessy,
City Solicitor.

NOT TO WORK SATURDAYS

B. & M. Car shops to Work 45 Hrs
Per Week—Full Schedule May
Be Resumed After Hot Weather

Beginning with the week of July 5th, the Boston & Maine repair shops at Billerica will be in operation but 45 hours a week as work will be suspended on Saturdays until further notice. This curtailment will affect nearly 1000 men at the plant, while it is understood that the same cut down will be made in the B. & M. repair shops in other cities, including Concord, N. H., Keene, N. H. and Fitchburg.

The announcement that the shops were to go on short time was made to the employees today and with it was a notice that they would be paid for three hours on Saturday afternoon as the custom of the company has been to close its repair shops on Saturday afternoon during the summer months and allow the employees to go on. So, strictly speaking, the men at the shops will work 45 hours a week, but when pay day comes their envelopes will contain 45 hours' pay. This will mean a loss of five hours a week to the employees as they now work nine hours daily with the exception of

Saturday, when they leave their machines one hour earlier.

No reason for the curtailment was given out by the officials at the Billerica plant and it was said that the B. & M. is doing the same thing at other shops.

When the short time schedule becomes effective on the week following the Fourth of July, the locomotive shop and the power house will be closed tight on Saturdays and only the storehouse department will be in operation. In the locomotive shop over 800 men are employed while nearly 200 are engaged in the power house and smaller plants. The special work train will undoubtedly be discontinued on Saturdays until the full week's schedule is again resumed.

ROOSEVELT "HARD AT IT"

OYSTER BAY N. Y., June 25.—Colonel Roosevelt plunged today into what he expects to be the hardest political campaign he has ever undertaken. He lost no time in getting into action. Nine hours after he stepped on shore at Oyster Bay, following his midnight trip from New York harbor, he was back in his library at Sagamore Hill, starting the machinery. His secretary came from New York last night to be on hand early in the day and at ten o'clock Colonel Roosevelt was dictating letters and telegrams at full speed.

INVESTIGATE DEATH OF BALLOU

STAMFORD Conn., June 25.—An investigation independent of that now being made by Coroner John J. Phelan, was ordered today by Prosecuting Attorney Albert Phillips into the death of Waldo Balloou, a former member of the city council, who was found unconscious Tuesday night at a fashionable apartment here, where earlier in the evening he had called on Mrs. Helen M. Angell, said to have been his fiancée. He died shortly after and as a result of the investigation Mrs. Angell was detained by the police without bail to await the outcome of the coroner's inquiry. Mrs. Angell in a statement has declared that the fracture of the skull which caused Balloou's death was due to a fall down the stairs after he had left her apartment.

Bottom row—Alice Ruth Donohue, secretary; Charles Constantine O'Donnell, president; Katherine Hickson, Flahaven, vice-president.

The exercises of graduation of the class of 1914 of the Lowell High School were held at Keith's theatre last night. This year's class numbered 270. The exercises were, as usual, very interesting and there was a large attendance of the relatives and friends of the graduates. The address was given by Hon. John Jacob Rogers, a graduate of the class of 1899, and by kindly consenting to make the address, Mr. Rogers saved the city \$75. That is the amount always paid a speaker at these

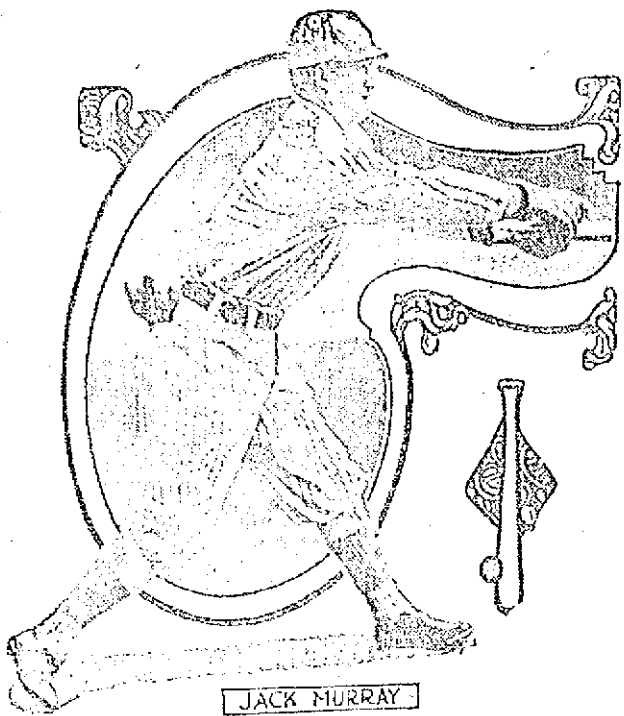

exercises, but Mr. Rogers, of course, would not accept anything for his services and when asked to deliver the address, replied that he would be delighted to do so.

JACK MURRAY TO BE TRADED TO REDS FOR INFELDER BERGHAMMER

JACK MURRAY

It has been reported that Managers McGraw and Herzog are fixing up a trade whereby Jack Murray will go to the Reds to fill Armando Marsans' shoes and infielder Berghammer of the Teutons troop will sojourn in New York as general utility man with Eddie Grant. Murray has the greatest throwing arm in his league and has the reputation of pulling more sensational catches than any other felder in the game. Berghammer is a newcomer who has showed up well in Cincinnati so far.

START TRIP WELL

Lowell Wins From Lewiston 4-1 With Maybohm in the Box

(Special to The Sun)

LEWISTON, Me., June 25.—Lowell made themselves perfectly at home here yesterday, taking the first game of the series easily, 4-1. The visitors made their first run in the opening inning, when Burke was passed and Stimpson and Matthews hit. From then on until the seventh, when Gray's men cleared up three runs, there was no scoring. Maybohm held the locals to four hits and in the ninth

was lighted like a howling. The score that saved the whitewash came in the seventh by reason of Shea's two-bagger and a ground hit ball to Dee who took his time to throw Smith out at second after the latter had drawn a pass.

The game was a good one until the seventh inning arrived, when Durkette, first man up, hit a fly to Phoenix on second who muffed the ball. Kelley bunted down the third baseline and Radloff, in getting the throw to second, was late and both men were safe. Waycott fouled to Banks, the Lewiston backstop. The next batter popped into Phoenix's hands and it looked as if the locals were coming out with a whole skin. Dee, however, promptly shattered any of Lewiston's hopes for a screacher through Smith on short he advanced the runners. Shea batted the ball in the outfield and line came home on the error, making the score four.

Neither team hit the ball extravagantly, Lowell getting but six sacrifices. The happy lot of the Lowell men was

to hit at the right time, however, and the dash of Lewiston errors helped any lingering doubts that the visitors might have had regarding their own ability to cart off the bacon.

Monday, first up for Lewiston. In the first, hit far into right field for three sacks, but got no farther, being retired on a double when he attempted to make home on Phoenix's hit to Dee. Again in the fourth Lowell took a brace when bases were distinctly in sight. Maloney hit for two, Banks walked but Shea grounded out to the pitcher. O'Connell flicked out to Stimpson and Phoenix flickered out to Kelley via Dee.

Both pitchers worked well, but Maybohm had a little on Radloff and the fielding behind him was sharper. Judge, the Lewiston first baseman, was out of the game and Munday was hauled in from right to cover that position. Baum, a pitcher, covered the garden.

Durkette, Kelly and Wacob were the visitors who didn't get into the hit column, but Durkette scored a run and so did Kelly.

Gray announced after the game that in all probability Ring would be started against Lewiston Thursday.

Casey of the Lewiston team was out of the game with a split finger and his hitting and that of Judge was missed sorely.

A. G. CADETS BALL GAME

Two lively baseball games were played at the A. G. Cadets' outing at Mountain Rock yesterday afternoon. The first between a team of the local boys captained by Lirette and one from the Cadets with Champagne as captain. After six innings the score was 5 to 3 and the game was called off in order to give the Young Americans and the Dances an opportunity to cross the lake. This was a five-inning game and at the close of the fifth the score was 2 to 1 in favor of the Young Americans. Champagne was captain of the first team, while Lamoureux captained the other.

Several races were run off and the winners were as follows: 50-yard dash, E. Metivier, E. Daigle and D. Jaber.

50-yard dash: R. Roy, L. Gienet and A. Laframme.

NEW YORK, June 25.—The marvelous air stunts of Charles F. Niles, one of the most daring of American aviators, stamps him as the maddest little cut-up with a monoplane that ever gave death the hal hal in this country. Niles hopes to win \$1000 on the Fourth of July in the aerial race up and down the Hudson along New York city if he doesn't lose his air pilot's license for flying over New York's skyscrapers during his dip the dip, loop the loop and corkscrew stunts. He claims oil got in his eyes and he could not see that he was over the tallest buildings in the world, while half of lower New York, including unfrenzied Wall street, stared in utter amazement at his absolutely marvelous antics in the sky. Niles was ordered before the Aero Club of America for his feats to explain why he flew over the city, which is against the rules of the present flying game.

BIG BARNUM & BAILEY CIRCUS TO BE HERE

TOMORROW—FEATURES OF THE PERFORMANCE

ONE OF THE FUNNY MEN.

Hoop La! The circus—Barnum and Bailey's very own—comes to town tomorrow eager to prove that it proudly remains the world's mightiest amusement institution. It is exhibiting today in Manchester, and comes here upon its own four special trains loaded to the very brim with all that is latest and best in the arena and spectacular entertainment world.

It is assured, and promise is given that a great revelation of the resourceful genius of the circus magnates in literally recreating the famous entertainers in store. Novelty and innovation will be the keynote, with routine and repetition banished, and the popular elements of the old-fashioned circus mingling with the newest thing in gorgeous spectacle and arena endeavor.

The sheepish excuse that "the circus is fine for the youngsters" is being shelved more and more each year, and those who take an interest in the circus have noticed that each year more and more grown folks are among the spectators.

And as you, Mr. Tired Business Man, watch the wonderful panorama of circus unfold before you, sure to find the door of your memory store-house has been opened wide. The treasure recollections of boyhood days "back home" whirl you to the time when you tried to sneak under the tent after the management had broken the sad news that no more water carriers were needed to quench the elephants' thirst. Novelty dominates this year's program of the Barnum show and the claim is made that in no previous year has the circus presented a performance on as lavish a scale as this year. First of

all comes the oriental spectacle "The Wizard Prince of Arabia," which is like a picture chapter from the "Arabian Nights." In fact in these days when the cost of living is so high, the circus offers a most splendid way to escape the heat of the summer.

It is a pantomime performance, of course, and one will discover why Prince Abdullah is able to whisk away King Babar's daughter. This happy climax doesn't occur, however, until Abdullah shows papa that he has the old gentleman's court manners beaten forty different ways by the miracle-workers in his own retinue. The scenes move from Arabia to mysterious India in a series of gorgeous tableaux and pageants portrayed upon the hippodrome track and a tremendous stage. More than 1000 persons take part, and there is a large ballet of dancing girls, to say nothing of huge cavalcades of horses, herds of elephants and droves of camels. After the spectacle comes the circus proper, splashed all over three rings, four stages and the hippodrome track.

Europe has been emptied of its arena stars for this season's program. A ceaseless procession of athletic specialists, most of them with names generations old in the circus world, will fill rings, stages and hippodrome oval for over two hours. Many of the acts are being seen for the first time in America. China sends the Ching Ling He and his troupe of magicians, acrobats and equilibrist. Josephson's troupe of jockeys will be seen in wrestling contests and demonstrating a system of self-defense as practiced in Japan since the 11th century. Olympian

comes the Hungarian horsewoman presents an attractive trained animal number in which horses, dogs and ponies figure. The Lennert's will walk upside down at the very top of the tent upon a glass ceiling. The artist model horses and ponies will nose with all the immovability of granite. Signor Baghouthli, a midget from Italy who will present an extraordinarily funny comedy riding act which has proven a tremendous hit. Elephants will play baseball and dance the tango and hesitation waltz. Clowns will be thicker than huckleberries in August. Unusual performances around and in mid air will be given by the very aristocracy of the world of tanbark and spangles.

And, of course, there'll be a parade in the morning at ten o'clock. It will be over two miles long and of glittering splendor. Many of the cages will be thrown open and a long line of elephants and camels will make the hike under their own steam. Men and women riders splendidly costumed will be in line and there will be golden chariots and tableaux wagons typical of many countries and legends. Over 50 horses will figure in the display and six bands, including one composed of women, will float the streets with melody. It will be a real circus pageant with all the trimmings, and an appetizer for the real doings under the "big top" at two and eight o'clock p. m. doors being opened at one and seven o'clock. Tickets may be bought at Hall & Lyon's drugstore throughout the day at the same prices charged at the grounds.

NEWS OF THE LEGISLATURE

Bill Affecting Strikers—The State Taxation System—The Use of Armories

BOSTON, June 25.—The anti-injunction bill was ordered to a third reading yesterday in the senate on a rollcall vote of 20 to 14. The measure is looked upon as one of the most vital of the present session as affecting manufacturing and laboring interests in the state.

The bill, in brief, prevents the issue of an injunction by the court against employers who may strike unless it can be shown that irreparable damage is to be done to property. The lower branch of the legislature has passed the measure.

The full text of the bill follows: "Section 1. It shall not be unlawful for persons employed or seeking employment to enter into any arrangements, agreements or combinations with the view to lessening the hours of labor or of increasing their wages or bettering their condition, and no restraining order or injunction shall be granted by any court of the commonwealth of Massachusetts or by any judge thereof in any case between an employer and employee, or between employers and employees, or between persons employed and persons seeking employment, or involving or growing out of a dispute concerning terms or conditions of employment, or any act or acts done in pursuance thereof, unless said injunction be necessary to prevent irreparable injury to property or to a property right of the party making the application, for which there is no adequate remedy at law; and such property or property right must be particularly described in the application, which must be sworn to by the applicant or by his agent or attorney.

Left to Remedy at Law
"In construing this act, the right to enter into the relation of employer and employee, to change that relation and to assume and create a new relation for employer and employee and to perform and carry on business, or between employers with any person in any place, or to do work and labor as an employee, shall be held and construed to be a personal and not a property right."
"In all cases involving the violation of the contract of employment by either the employee or employer where

no irreparable damage is about to be committed upon the property or property right of either no injunction shall be granted, and the parties shall be left to their remedy at law."
"Section 2. No person or persons who are employed or seeking employment or other labor shall be indicted, arrested or tried in any court of the commonwealth of Massachusetts for entering into any arrangements, agreements, or combinations between themselves as such employees or laborers, made with a view of lessening the number of hours of labor or increasing their wages or bettering their condition and for any act done in pursuance thereof unless such act is in itself unlawful."

Class Is Taken Away Ancient Rights
When debate on the measure opened, Senator Hobbs of Worcester attacked the bill. He said there is one provision of the constitution not touched upon by the attorney general, in his opinion, it reads: "Every subject of the commonwealth ought to find a certain remedy, by having recourse to the laws for all injuries or wrongs which he may receive in his person, property or character. He ought to obtain right and justice freely and without being obliged to purchase it; completely and without delay; conformably to the laws."
"If this bill is enacted," said Senator Hobbs, "it will make that provision of the constitution and that right a mockery. It destroys the policy of the commonwealth for generations, that all men shall have equal rights under the law and their liberties protected."

Senator Malet of North Adams declared that this bill is not in accordance with the constitution. "He gives the law to the Massachusetts legislature, and we should support the bill," said Senator Malet.
Senator Sheehan of Holyoke in an impassioned address said that no man had a property right in his labor. He spoke of "government by injunction," and said that it is time the working people of Massachusetts were relieved of this one-man power.

Wicked Strike Cited
Winkler Dean of the Wakefield manufacturer and said: "If those

manufacturers had yielded the slightest concession to their employees no such trouble as has occurred in Wakefield could have happened."

Senator Sheehan said: "The I. W. U. are directly responsible for all the violence in this state for the past year. The American Federation of Labor is only asking in this bill the right it supposed its members always had in this state—freedom of speech and the right to meet in lawful assembly."

Senator Wells said the legislature must consider the rights of the manufacturer. If this bill goes through it will be impossible, he said, to protect the man in his right to labor as he pleases.

Committee Reports
Ways and means reported ought to pass on the sundry appropriation bill, amounting to \$318,125.
The same committee reported ought to pass in new draft an act to provide for the organization of boys under 18 years of age may use a state or more on payment of a sum sufficient to cover expenses.

Also ought to pass in new draft, a bill to authorize the use of armories for public purposes, state civil service examinations, meetings of a board of trade, chamber of commerce or an occupational organization, and for certain charitable or educational purposes. This bill also authorizes the commander-in-chief to allow the use of armories for political rallies, no party to be permitted the use of the same armory more than twice in the same year.

The house of representatives yesterday passed a bill to be engrossed a resolution for amending the constitution so that property may be divided into different classes; that the income derived from each class may be taxed at a different rate; that the rate on each class shall be uniform throughout the state; and that the tax on income derived from other sources shall be levied at a lower rate than the income derived from property.

This proposed amendment is regarded as one of the most important suggested in a long time. If it is passed by two successive legislatures and adopted by the people it will throw open to legislative action the whole system of taxation in the state and may lead to a thorough and complete revision of the taxation laws.

This article shall not be construed to limit the power of the general court to impose and levy reasonable duties and excises."
This article of amendment was offered in the house yesterday by Representative Gilman of Boston, and was accepted by Mr. Curtin of Brookline, house chairman of the committee on taxation, as an amendment to the resolution which has previously been reported by that committee. The article of amendment as reported by the committee on taxation provided that personal property in the state should be divided into two classes, tangible and intangible, and that the general court should have authority to fix a different

rate of taxation on each of these classes.

Aimed at Long-Standing Evils
On motion of Mr. Curtin the rules were suspended so that the resolution might be passed yesterday to be engrossed; the debate was on the engrossment stage.

Mr. Curtin made a serious and well-considered argument in behalf of the resolution. He called attention to the archaic taxation laws which are now in force in the state and to the general dissatisfaction that has prevailed for years on account of them, and he told the house that the only method of curing the existing evils was to give the legislature authority to pass more reasonable and sensible statutes; the first step in this direction was to adopt an amendment to the constitution.

Mr. Lomasney of Boston opposed the resolution. He said:

"The rich have hired men to go around and make speeches to stir up enthusiasm for changing the constitution. Any mechanics here asking for this? Are there any manufacturers? Are the middle classes clamoring to have their homes, which they cannot put in their pockets, taxed at twice the rate of the property of the men who have nothing to do but count money."

"Because a man commits murder, we do not repeal the laws regarding murder. We punish criminals. Shall we change the law to protect high-class thieves that are dodging taxes?"

Mr. Cox of Boston read from the governor's message in which he urged a reform of the tax laws. Mr. Sawyer of Ware moved an amendment that the rate on intangible property shall not be less than five mills on a dollar. The legislature should not be given unlimited power to juggle taxation on intangibles. This amendment was later defeated on a voice vote.

Speaker Cushing then took the floor and spoke in favor of the resolve. He said: "This is the most important subject before us this year. It is an economic question, not a political one. A series of able commissions have reported within the last few years. They all say that until an amendment to the constitution is made nothing can be done. Two democratic governors have favored it. Whichever comes to the position? It comes from rich men who want to force men to buy Massachusetts stocks which are exempt from taxation."

The essential thing is to put through this year an amendment which will clear away the constitutional prohibition of tax reform. This amendment was drawn by the tax commission and is agreeable to the governor. There is no excuse for any man, no matter what his party, for voting against this."

Says Rich Men Will Be Driven Out

When Representative Lomasney repeated that this was a rich man's proposition, Mr. Gilman of Boston said: "I have never seen a rich man. We are in such a condition, on account of our clumsy constitution, that the rich men will be driven out and the poor men will be worse off than ever. Are we never to be guided by other states? Are the people to go on without hope forever? Give the people the opportunity to decide whether this is right or not."

Mr. Lomasney said that the governor was not behind the proposition. "Every democratic knows," said Mr. Mahoney of Cambridge, "that the governor is behind this resolve, and I ask every democrat to vote for it."

When the roll call was had on passing the resolution to be engrossed the vote was 205 in favor and 7 against. The members who voted in the negative were Messrs. Gilman of Boston, Rogers of Boston, and Messrs. Lomasney of Boston, Morrill of Haverhill, Noland of Boston and Robert Robinson of Boston.

Victory for Gov. Walsh

The passage of this resolution by the house, the fact that the original measure went through the senate, and prospect that the amendment will take its other stages through this legislature make what seems to be a substantial victory for Gov. Walsh, who has persistently urged a change in the taxation laws, and for the legislative committee on taxation, which has given an immense amount of time and attention to the problem.

Senator Nichols and Representative Curtis, respectively the senate and house chairman of the committee, have worked tooth and nail for an amendment to the constitution, and the indications now are that their efforts will be successful.

THE HIGH SCHOOL

Continued

tions, and his voice seemed to be coming from the wings of the theatre stage.
Quoting from school reports, Mr. Rogers pointed out some specific developments in the high school during the past 15 years. He referred especially to the report submitted by Dennis J. Murphy, the present mayor and at that time a member of the school board, and by James E. Donnelly, at present a commissioner, in which it was specifically pointed out that "in no sense should our school board be considered a stepping stone to politics."

Favors New High School

In emphasizing the need of adequate educational opportunities in the city, Mr. Rogers referred to the four gunmen who were found guilty of murder for hire. These were not boys of criminal ancestry, but after leaving school they had been knocking about on the lower East Side of New York, drifting from bad to worse. Speaking of the new high school, he said that their regulating the labor of young people.

Mr. Rogers pointed out that many boys and girls from fourteen to sixteen and others from 16 to 18, in this city, will find themselves unable to go to work. Here lies a great menace for these young people are no longer compelled to attend school.

For this reason, he said, the high school and the vocational school should be made attractive to them so that they may choose some kind of their own volition, and thus find life in the streets of the city. Along this line he urged the necessity of a new high school building. There has been, during 15 years, he said, a growth of 55 per cent in average daily attendance at the high school, as compared with a growth of 15 per cent in the population. In most of the other large cities of the state, however, the attendance at the high school is over 2 per cent of the total population, while in Lowell it is 1 per cent.

We should therefore expect with a healthy growth that the attendance will be largely increased, if not doubled, in a few years. But trucks cannot be made without straw, and schools cannot be taught unless there are teachers.
Mr. Rogers' speech was informed that 40 of the graduating class are to enter the normal school, and 45 will go to some college or university. While congratulating those who are in continuing their educational privileges, he said that a much smaller proportion of the class of 1899 went to college, but

Greatest and Greatest Teacher

Referring to the teachers of the high school, Mr. Rogers said that of the 13 senior teachers of 15 years ago, 13 are still actively in the service. This, he said, is one reason for the success of Lowell high school; it keeps its teachers. He then referred to "the greatest and greatest teacher in the city of Lowell," who, before the Civil war began, before Abraham Lincoln became a national figure, was teaching in the schools of Lowell. Thousands of men, he said, are better for Miss Webster's instructions. He wished her many years of happiness in her well earned retirement.

Miss Webster was cheered long and heartily by the audience and by the members of the graduating class. She was in a box with other high school teachers, and she carried in her arms a bouquet of 50 roses, a gift from the officers and executive board of the High School Alumni Association. In closing his address to the graduates, Mr. Rogers said:

"And now, members of the class of 1914, I wish to recite to you the brief words of a poem with which I concluded my address to the graduating class of 15 years ago:

"Together still
You've journeyed up the rough and
tollless hill;
Now in the glory of this summer day
You part, and each one goes his dif-
ferent way.
The way at times may dark and weary
seem;
No ray of sunshine on your path may
glow;
But still, with honest purpose, toil
you on.
And if your steps be upward, straight
and true,
Far in the east a golden light shall
dawn.
And the bright smile of heaven come
bursting through."

Diplomas Presented by Mayor

Mayor Murphy did not make any extended speech in the presentation of diplomas. He spoke a few congratulatory words to the graduates. He thought the hour too late, and the weather too warm for an extended speech.

Class Ode Was Sung

The class ode, sung in closing, was as follows:
We have come to the place we've been
longing to reach,
When our school-days and tasks now
are o'er,
When our dreams and our hopes for the
future are past,
And the days of life's work draw near,
We pause, as we near through the mists
of the moon
And wonder with hearts all aglow,
What the light of the glorious day
shall reveal.
Whether evil or good we shall know,
We are striving to find just the path
that is right,
Though the way may be narrow and
straight;
For we know that therein we shall
have joy complete,
That will lead us to Heaven's own
gate.

So now as we meet for our last fond
farewell
With our teachers and classmates, so
true,
We would ask that with courage and
zeal we may choose,
The paths we may wisely pursue.

A QUARTER CENTURY AGO

"Backward, turn backward, O Time
in thy flight,
Make me a child again, just for to-
night."

I have been informed that there is
a difference of opinion among Sun
readers as to the propriety, good taste,
or whatever it is, of printing the
names of the school graduates of a
quarter of a century ago. These who
dislike the idea, when pressed for a
reason, claiming that the editor is sim-
ply trying to have fun with certain
people by showing up their ages. Such
is far from the truth and if the editor
knew of any among the list, that
follow who are sensitive about their
ages he would gladly omit their names,
and hereby apologize to them for hav-
ing offended them. Dr. Richard J.
McGuskey, whose name recently ap-
peared in this column has informed me
that upon calling upon an elderly fe-
male patient a few days ago, she
greeted him as follows: "Well, doc-
tor, I've always wondered whether you
were an old young man or a young old
man, but now I know; I've been reading
about you in the Sun."

Relative to the grammar school
graduates of a quarter of a century
ago, the old Sun states: "All the
local grammar schools with the exception
of the Highland school held interest-
ing graduating exercises this week.
The exercises at the Highland school
were omitted on account of the recent
severe injury to Principal Morey."

Many of the teachers received tokens
of esteem from their pupils and there
was a gratifying display of regard
between teacher and pupil. The list

pretty, the girls especially so, and they

LADY LOOKABOUT

Any of us can give several good reasons why an automobile should be numbered and why that number should be placed conspicuously on the machine. Why should not all these reasons apply to the motorcycle. Of all the dandish vehicles, rushing as it goes, at top speed through our city streets, or spooling the beautiful solitude of our country by-ways, I cannot believe that my information in regard to this matter is not correct, yet it is difficult to conceive how the motorcycle can have escaped, when the laws concerning the numbering of automobiles are so rigid. They are just as inflexible to accident, just as inflexible to over-speed, yet if my information is correct, and I have every reason to believe it is, what is to hinder the cyclist from having his own way about things—as he seems to do anyway?

Death Dealing Motor Car

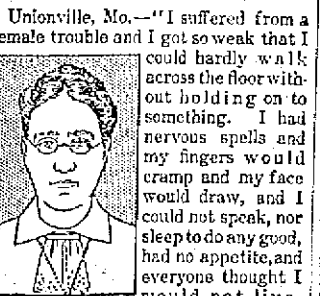

Have you seen that death-dealing juggernaut, an enormous motor car painted a most brilliant yellow, which traverses our city streets. Its message is death. On either side is a picture of Nutt and Jeff sending out midnight S. O. S. calls. I have to laugh every time I see it, and at the same time I am thoroughly ashamed of myself for thinking there is anything there to laugh at. It is really a reflection on the culture of the people of Lowell, that that machine should be permitted to circulate through the city. Our children are thrown in contact with enough that is unlovely and coarse without parading before them this belittled and belupetured vehicle, the product of a mind whose sole bent is commercialism. It is a shame that should have a board of censors to pass on such things as this before they are given the liberty of our highways.

Sale of Fireworks

There are to be no fireworks of any kind on sale in New York this July Fourth. This is in accordance with the "sane Fourth" movement which has been growing during the past few years. The officials of that city have figured that by giving permission to dealers to sell these goods promiscuously, they are giving tacit approval

THOUGHT SHE COULD NOT LIVE

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Unionville, Mo.—"I suffered from a female trouble and I got so weak that I could hardly walk across the floor without holding on to something. I had nervous spells and my fingers would cramp and my face would draw, and I could not sleep, no sleep to do any good, had no appetite, and everyone thought I would not live. Some one advised me to take Lydia E. Pinkham's Vegetable Compound. I had taken so much medicine and my doctor said he could do me no good so I told my husband he might get me a bottle and I would try it. By the time I had taken it I felt better. I continued its use, and now I am well and strong."

"I have always recommended your medicine ever since I was so wonderfully benefited by it and I hope this letter will be the means of saving some other poor woman from suffering."—Mrs. MARTHA SEAVEY, Box 1144, Unionville, Missouri.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as that above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for years.

For over thirty years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

The Ruthless Spider

Last night I sat on my veranda, watching a spider devour a luckless fly which had become entangled in his web. While I was watching, a small English sparrow pounced on the spider and was just getting away with it, when I heard a most piteous squawk of misery. A chicken-hawk had pounced on the sparrow, and if I had not frightened him off, I am sure he would have had sparrow for dinner, and the words of an old Scotch verse which I had not heard since childhood came to my mind:

"All little fleas have little fleas,
 Upon their backs to bite them,
 And little fleas have lesser fleas,
 And so it goes, till it be so,
 How true it is! Each thing has
 Some other thing to annoy it, lest our
 happiness be complete."

ARREST BOY BURGLARS

THREE CAUGHT IN BOSTON APARTMENT HOUSE—ONE ESCAPED—ACCUSED IN SIX CASES

BOSTON, June 25.—Three boys, the oldest 13 years and the youngest 9, were arrested just before 5 o'clock yesterday afternoon in the apartments of Miss Spooner, at 331 Commonwealth avenue by officers of the Back Bay station on charges of breaking and entering. A fourth boy got away by jumping from a window.

The police charge them with breaking and entering six dwelling houses in the Back Bay district, the most notable being that of the house of Thomas W. Lawson on Charlesgate East, a week ago last Sunday morning. The boys got into the Lawson house after midnight and were scared away before they stole anything. Two hours later Metropolitan park police and Boston officers after a chase along the river front captured the suspects.

The boys arrested yesterday gave the names: Leo T. Walsh, 5 years, of 5 Smith place, Roxbury; Edward Reddish, 11 years, of 1 Smith place; and Enrich Haasua, 13 years, of 23 Smith place. The name of the fourth boy is known and he will be summoned next Saturday when the other three will be arraigned in the Roxbury juvenile court. In the meantime the boys are paroled in the custody of a probation officer.

The Walsh boy narrowly escaped serious injury upon his arrest. He tried to get away from the officers and fell down a flight of stairs, sustaining a wound over the right eye. This was dressed at station 15.

The police learned from the boys where some of the stolen property could be recovered, and they got back about \$75 worth.

The first knowledge about the boys came when Patrolman Mulken of station 16 was notified by a citizen that boys had broken into the house at 331 Commonwealth ave. Mulken got the assistance of Patrolmen McKinnon and Lyons. Mulken found an opening in the collar in the rear, and the officers went upstairs and found the frightened boys hiding. The boys had no weapons.

TEDDY DEFENDS PERKINS

"IF THEY READ PERKINS OUT, THEY WILL HAVE TO READ ME, TOO"—ROOSEVELT

NEW YORK, June 25.—Upon his arrival here last night on the Imperator, Theodore Roosevelt vigorously defended George W. Perkins, chairman of the progressive national executive committee, whose resignation as chairman was demanded recently by Amos Pinchot, who declared that Mr. Perkins' affiliation with certain big business interests made him unfit to hold his position.

"When they read Perkins out," said Col. Roosevelt, "they will have to read me out, too."

The colonel reiterated that he would not be a candidate for the governorship of New York this fall.

In discussing his health, the colonel said that when he boarded the Imperator he had a slight touch of fever, and that 48 hours later he had another attack which was more severe. He had a temperature of 105 and was forced to remain in his room all day.

"But I'm all right now," he continued, "and I shall speak at Pittsburgh on June 30. I had to have my throat examined in London because, as I often the case, the after effects of the fever I contracted in the wilds of Brazil left its mark in my throat."

INCREASE IN P. O. FORCE

75 CLERKS AND 32 CARRIERS WILL BE ADDED TO FORCE AT BOSTON OFFICE

WASHINGTON, June 25.—Seventy-five clerks and 12 letter carriers will be added to the force at the Boston postoffice on July 1, according to an order issued yesterday by Postmaster General Burleson.

Resides this, the department says it also has allowed Postmaster Mansfield 73 "possible" promotions, these involving an increase in salary from \$100 to \$1200 for each man. These promotions are not to be based on length of service, but are to be made for efficiency and meritorious work.

Other increases announced by the department were: Framingham, 1; Fitchburg, 2; Fall River, 1 and Haverhill, 2.

world's champion Athletics, whom he held to four hits in the second frame of a double-header, only two hours before his marriage. Then he changed his uniform for evening dress and hastened to the home of his fiancée at 1438 Monroe street.

The ceremony was performed by Rev. Forrest J. Prettyman, chaplain of the United States senate, in the presence of only immediate friends of the family. In fact that his fellow-players might make a demonstration and the fans embarrass him with congratulations, Johnson endeavored to keep his coming marriage secret, but it leaked out and he was lustily celebrated by the grandstand and the bleachers.

Even as he toiled through the third inning a friend visited the marriage license office and obtained the license, giving the age of the groom as 26 and of the bride as 29 years.

By glancing carefully over the names of the graduates and considering the prominent positions in life held by many of them today, you will agree with me that the high school may well be proud of its class of '93.

That Boston Orchestra

But the old Sun, with its time-honored and never to be abandoned vigors, couldn't allow the occasion to pass without having a few words on that Boston orchestra for it says in the same issue, editorially:

The Germania orchestra of Boston did the bidding at the high school exercises in Huntington hall, Wednesday. Perhaps it didn't occur to the nannies who engaged this orchestra

and a good-enough orchestra might have been hired right here in this city. The simple music performed at the exercises did not demand an out-of-town orchestra when there were citizens and taxpayers of Lowell competent and willing to do the work for smaller money. It seems that the school committee will be clams."

Let us seem that the school committee will be clams." Yes, verily, even unto the end of the story.

One Busy Man

The old Sun can testify to the fact that there was one real busy man in Lowell during the week ending June 20, and that man was "Cy" Irish, at that time teacher of chemistry in the High School and at present its principal. The graduating exercises occurred on Wednesday evening, so that up to late Wednesday night Mr. Irish with the other teachers of the school must have been on the jump to see that all plans were successfully carried out. On the very day following the exercises Mr. Irish was occupied as a principal in an event of even far greater importance than a high school graduation, which the old Sun reports as follows:

"Thursday evening at the residence of Mr. E. W. Huntington in Moore street, Mr. Cyrus Wendell Irish and Miss Carrie A. Jockow were married by the Rev. Thomas Bakes, assistant pastor of St. Anne's church. Both of the contracting parties are well known in Lowell. Mr. Irish being teacher of chemistry in the High School and Miss Jockow has been a teacher in the Edison school. The bride was attended by Miss Estelle Irish, a young niece of the groom and Dr. J. Arthur Gage was best man. Dr. R. E. Bell and Mr. Harry S. Burrows officiated as ushers. The presents were very costly and beautiful, and Mr. and Mrs. Irish start upon their married life with a bright outlook."

Bachelor of Science

The Sun of 25 years ago states that at the graduating exercises at Boston college held the week previous the degree of bachelor of science was conferred on Frank M. Brogan of this city. Says The Sun: "Mr. Brogan's degree is the first of its kind ever conferred by this college and in this he is specially honored."

Lowell Boy Ordained

Rev. Patrick A. Brogan, a cousin of

the gentleman mentioned above and a former Lowell boy, now stationed at St. Vincent's church, South Boston, was ordained to the priesthood 25 years ago, the Sun mentioning the event as follows:

"Rev. P. A. Brogan of this city was ordained to the priesthood at the Cathedral of the Holy Cross, Boston, by Archbishop Williams, on Saturday, Rev. Daniel M. Burns, O. M. L., Rev. H. A. Constantineau, O. M. L., and many friends from this city were in attendance. Fr. Brogan studied at Ottawa

college and St. John's seminary, Brighton. He will be stationed in the Kansas City diocese under Bishop Hogan."

Fr. Brogan was subsequently recalled to the Boston archdiocese where he is at present located.

"As It Should Be"

The old Sun informs us that among the canopy bearers in the Corpus Christi procession at St. Peter's church, 25 years ago, were William J. McCluskey and James Loughran (not then a friend from this city were in attendance. Fr. Brogan studied at Ottawa

SWAMPED THEIR RIVALS. 16-6 THE GRAMMAR SCHOOLS

Lowell High Has Easy Time With Lawrence High

Down River School Boys Outbatted — Breen's Men Deserve Victory

In a game made wild by heavy hitting, indifferent fielding and wild base running, Lowell high swamped her old rival, Lawrence high, in the third and deciding game of the baseball series between these two school teams by the score of 16-6 yesterday afternoon at Spalding park. Up to yesterday each school had romped off with one game and yesterday's contest decided the diamond supremacy.

Wilson was on the rubber for the local team and had an easy time after the fourth inning when his teammates collected no less than nine runs. Lawrence high used three pitchers. Their southpaw, Flynn, started on the mound but was soon driven into retirement. Bruckel was the next hurler to try his luck with the Lowell batters, but his wildness made Coach Sidney Jork, after he had walked four men. MacMillan finished the contest and showed more stuff than either Flynn or Bruckel. Fourteen hits were made by the local team while the down river school boys hit safely a dozen times.

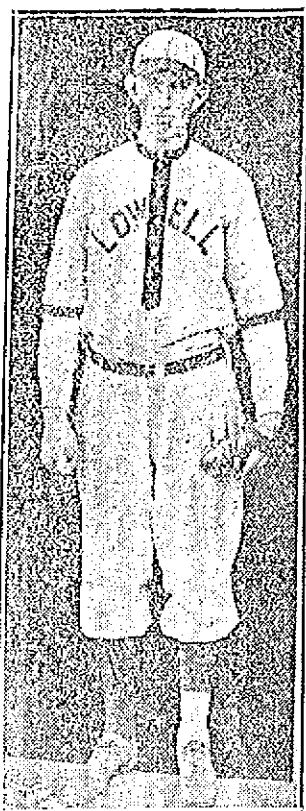

McVey at third base played a stellar game for Lowell high. His fielding and batting were both sensational. McVey's home run inside the grounds was one of the longest hits ever made at Spalding park by a high school player and he followed it up with a three-bagger at his next appearance. Hart also hit the ball hard, getting in three safe blows and falls got a direct shot. Macmillan and Bruckel did the bulk of the hitting for the visitors, the latter connecting for three hits, one of them being for three sacks and another for a double. Macmillan got four hits out of five trips to the plate. The score:

MEMBERS OF LINCOLN SCHOOL TEAM, WINNERS OF LEAGUE, PRESENTED WITH CUPS

The 1914 season of the Lowell Grammar School league was brought to a fitting close last night when the players of the various grammar schools of the city which compose the league met at the Y. M. C. A. hall for the annual award of prizes. It was the seventh affair of its kind, the league being inaugurated in 1908.

The Lincoln school club was awarded the championship of the league and the members of the team were all presented with silver cups last evening. Arthur Sullivan, president of the league, presided at the formalities.

The first speaker of the evening to be introduced by President Sullivan was Irving T. Ginn of Brown University, who had charge of one of the local playgrounds last year and who several years ago, captained the winning Y. M. C. A. baseball team in the old Stony Brook league.

Joseph Donahue, now of Harvard, but recently a member of the Dartmouth college team, was the next speaker. Mr. Donahue pointed out in a masterful manner the training in self-confidence which the national game gives its players. "When you fellows get out in the field and a ball comes bouncing your way, it's up to you and you alone," stated Donahue. "There's no one out there in the field or at bat, to help you."

The final speaker was Commissioner Carmichael, who urged the boys to carry their desire to win in baseball into other endeavors in life.

Great enthusiasm was evinced when President Sullivan announced to his fellow league members that some of the boys of Andover academy where he is a student, have voted to give a splendid cup to the member of the Lowell league having the best fielding and batting average for the coming year.

T. R. Williams, boys' secretary of the Y. M. C. A., also announced that another cup would be donated by the league for the boy who made the most runs for his team next season.

The evening concluded with refreshments and general congratulations on all sides over the most successful schedule yet played.

MURRAY OUT OF TENNIS MATCH

NEW YORK, June 25.—R. Lindley Murray, the young Californian, will refrain from tennis competition for some time as the result of his match for the metropolitan championship last Saturday. Murray's shoulder is so strained that his physician has ordered him to keep away from the courts until the second week of July when the other Californians will arrive here for the Davis cup matches.

Murray also was told by W. D. Wrenn of the Davis cup committee that unless he saved himself he stood no chance of getting on the cup defending team.

ATHLETES AND ATHLETICS

There will be quite a fleet of motor cars following Wednesday and Thursday in their much talked-of swimming race from Nashua to Lowell Sunday although none of the boats will be allowed near the two contestants. The officials, physician, newspapermen and photographers will be aboard Eddie Roll's official boat.

President Comiskey of the White Sox is determined to prevent that Chase from playing with any of the Federal league teams. He has gotten out injunctions against his former ball sealer in every city where the Sox have a club and will start proceedings against Chase the first of next week, it is expected.

Several hits were all that Connie Mack's men could collect off Johnson and Burckel yesterday and their day with Washington and the Athletics dropped both games in consequence. It was a fitting celebration for Walter Johnson's wedding day.

Lawrence's winning streak was broken yesterday by Portland and perhaps the Sox men will not calm down and resume their normal stride. That Lawrence team isn't at all like the Lynn aggregation and we don't want them to get a jump on us.

Manager Gray is making negotiations for another pitcher and the probabilities are that he will report this week. The heavier Gray is after hits from the St. Louis Americans and is reputed to have lots of "stuff."

Well, we've gotten over the 500 mark for the first time this season. Only one full game now separates us from Lynn. With a little luck on the Maine trip the club will come back well up in the race.

Mike Wrenn and Frank (Podge) Murphy, the two swimmers who enter the water at Nashua Sunday for their championship swim this city, will meet at The Sun office tomorrow afternoon at 5:30 o'clock and decide on the minor details of the race.

We were very glad to hear from Joe Gargan, the local boy out at Notre

Dame university, on this morning's mail. The entire Notre Dame football team, that is the first string men, are coming out this summer at Cedar Point, Ohio, and Joe writes that he is having the time of his life. The local athlete put up a whirlwind game for his college last season and will be heard from again in the fall.

Both Boston teams split even yesterday in their double headers. The Braves are showing remarkable signs of life. Manager George Stallings has evidently solved the majority of his baseball problems for the season and his club should climb out of the cellar before the season is much farther advanced.

Arthur Maybom is a pitcher who needs lots of work and Manager Gray would find him more effective than he thinks if he used him often. The blond twirler certainly has shown himself to be in great shape on his last two appearances.

Billy Burke still continues to be the wonder of the league around the third cushion. As vice old Jesse Burket said during the last Worcester-Lowell game, "He's a bit too classy for this league." It will surprise us greatly if the captain of the local team does not go up this season.

McVey, the youngster playing third base for the high school, is a very promising ball player. With a little more experience this boy ought to make a name for himself in the professional ranks. Several of his maneuvers around the hot corner yesterday were spectacular.

"Mike" Duffy is another high school player who will develop into a ball player worthy of notice. Both Duffy and McVey are natural fielders and hitters.

The local high school team won their game yesterday because they deserved the victory. In fact the series with Lawrence high should never have gone to the third contest for the Lowell team booted away the second game.

CASE OF WM. B. SWEENEY

DISMISSED AS HE HAS BEEN ADJUDGED INSANE AND SENT TO AN ASYLUM

In police court the complaint against William B. Sweeney for murder was dismissed as he has been adjudged insane and sent to an asylum.

Mike Ayash pleaded not guilty to breaking, entering and larceny in the night time from the store of Peter Corey. It is alleged that the complainant entered the store of the defendant and stole goods and sums of money amounting to several hundred dollars. Ayash, through his attorney, William A. Hogan, waived examination in the local court and he was held in the sum of \$500 for his appearance at the next term of superior court.

James Ryan was arrested yesterday on a capias for failing to pay a fine of \$50 for his appearance on Saturday August. He was sentenced to one month in jail. Seven persons were arrested over night for drunkenness. One man was sentenced to the state farm, another was sent to jail for 10 days, a third was fined \$15, and four were released by the probation officer.

Disrupter at Lakeview

A number of young men who reside in and around the city of Cambridge and spend considerable of their time at camps near Lakeview park, have been committing a needless disturbance of late, it is claimed, and as a result one Thomas J. Duris was arrested by Sergeant J. Cullen last night and brought to the police station where he was booked for drunkenness and urinating profanely. He pleaded not guilty to both complaints in court this forenoon and a continuance of one week was granted him.

According to the District officer, the defendant is one of a number of Boston young men who hang around the entrance of Willow Dale park a good deal of the time and last evening Mr. Cullen was called to Colburn's boat house, where, it is alleged, Duris was making considerable noise and defying anyone to attempt to remove him from the premises. He was brought to the station. Several witnesses were present in the court room to testify that the defendant was intoxicated and used profane language but Duris was not ready to offer his own defense and he asked that the matter be continued for one week.

Assaulted His Wife

John Sarre will undoubtedly be more careful about the way he uses his wife in the future for a suspended sentence of four months to the house of correction hangs over his head if he fails to keep the peace for the next six months. John was arraigned charged with assault and battery upon his wife and only her leniency kept him from receiving a direct sentence as his Honor asked her whether she wished him sent away and she replied in the negative.

Mrs. Sarre is a bride of only six weeks and although she admitted that her husband had abused her at times, she could not bear to have him taken away. The assault occurred on the evening of June 13 and when the complainant took the witness stand this forenoon she displayed a badly battered countenance which she claims is the result of three blows by her husband. Sarre was given a suspended sentence.

AMONG THE TOILERS

The Bunting trolley ride to Revere will take place July 25.

Miss Jennie Stack, formerly employed at the Hamilton mills, is visiting friends in this city.

The date of the U. S. Bunting employees' outing will probably be announced this coming week.

Miss Nellie Rolley, formerly employed at the Prescott mills, has accepted a position with the Ray State mills.

Edward Gillis, formerly employed at the Northern Waste Co., has accepted a position at the Ray State mills.

James McCluskey, formerly employed at the Federal Shoe Co., has accepted a position with the Barry Shoe Co.

Miss Anna Horne, employed at the Walsh mill, will spend the first two weeks of August at Hampton beach.

Arthur Mason, formerly employed at the John Pilling Shoe Co., has accepted a position with the Federal Shoe Co.

The members of City Teamsters' union will hold one of their celebrated entertainments on Monday evening, July 6.

Jimmy—employed at the Tremont & Suffolk mills, says that it is absolutely false that he was ever employed as a bookkeeper in a local barber shop.

Horace Ingham, James Brown and Dennis Parks, employees at the Heinze Electric Co., have leased a camp for the summer at Nahant pond.

George Collins, employed at the Federal Shoe Co., has returned from a delightful vacation spent in the White mountains.

John Gilligan, employed at the New England Bunting Co., has returned from Nahant, where he spent two enjoyable weeks.

Walter Kelly, formerly employed at the American Safety Tread Co., has accepted a position with the Hagshaw Co.

Henry Pevey, employed at the Bigelow Carpet Co., will spend his vacation at his camp on the banks of the Concord in July.

Arthur McGrath, employed at the Heinze Electric Co., who received serious burns while at work this week, will be unable to do anything for some time.

It is said that Hugh Mellen and Bill Parker took sick in their new diving suits. Both of these young gentlemen are employed at the Bigelow Carpet Co.

Richard Russell, overseer of the cloth room at the Nashua mills, New Bedford, sailed for Scotland on Tuesday. Mr. Russell is well known among mill men throughout the east.

Miss Mary Dillon, a popular young lass formerly employed at the Walsh mill, was married last evening at the Sacred Heart rectory by the Rev. Jas. P. McCarthy.

Charles Burns, employed at the American Hide and Leather works, will do all the prizes at the Barry Shoe outing held recently while Raymond duplicated his feat by taking everything in sight at the Typographical outing held Tuesday. A match between these two would certainly draw a big gate. The Tyson stand willing to wager all they possess on Raymond's chance, while the Barry employees are there in a unit for Mr. Finnegan.

Carpenters' Union, Local 1610

The members of the Carpenters' union, Local 1610 held a largely attended and enthusiastic meeting in their hall in the Funnels building last night.

Considerable important business was transacted and three new members were admitted. Five applications for membership were received and these were turned over to the investigation committee. Communications bearing special import were accepted as read. President Le Clair and others made interesting remarks on the good of the union. The secretary's report showed the union to be progressing rapidly. All members it was reported are working at the present time. On next Wednesday evening the regular meeting night, the officers recently elected will be installed and a business agent will be elected.

A. W. Dimick, for the past two years

will be elected.

COAL DEALERS REFUSE DEMANDS OF TEAMSTERS

At a conference held by the coal and two or three others are arranging for similar methods of delivery, the intention being to keep only steady and reliable men.

At the conference yesterday it is understood that the dealers were divided on the policy of adopting motor trucks for coal delivery, although several very cutting offers have been made by firms that sell such trucks.

A dealer who prefers holding on to the old method of delivery, said he was afraid the men had made a very great mistake. He sounded the note of arbitration, but found none in favor of it.

It was stated that the teamsters of Lowell are the second highest paid in the state, the city of Brockton being first.

As far as can be ascertained, the dealers have no further meeting scheduled.

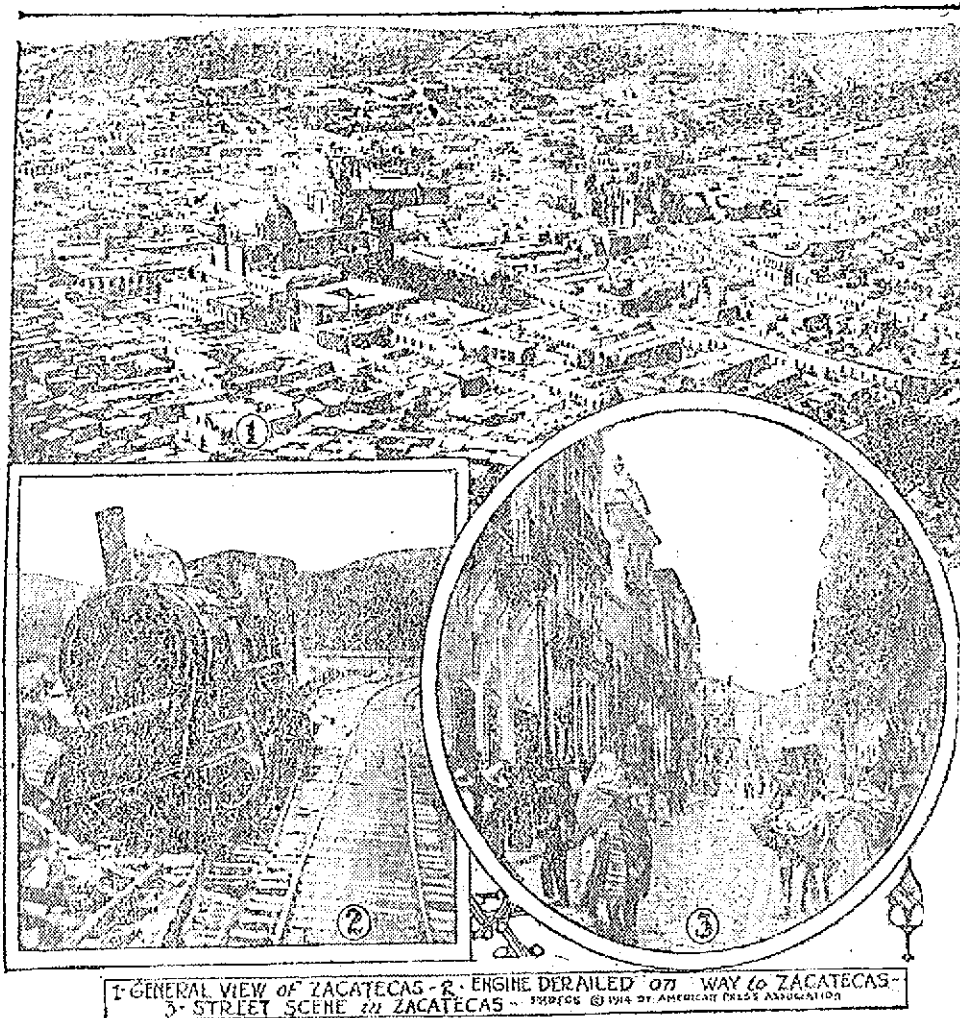

One dealer seen today stated that although a demand had been made by the teamsters previous to the strike, there was no previous notice of the strike until the men yesterday morning refused to hitch up.

Two dealers are using motor trucks

Coal Teamsters' Meeting

Members of the Coal Teamsters' union assembled in Leather Workers' hall this morning at 8 o'clock and listened to a report of the decision of the coal dealers. Nothing further developed out of the meeting. The entire membership was in attendance, and listened to talks from the various members. It is the undivided opinion of the teamsters that the strike will be of short duration and that the dealers will accede to their demands within a short period. The members will gather in Leather Workers' hall again this afternoon at 2 o'clock.

4,500 KILLED AND 2,800 WOUNDED AT ZACATECAS

1-GENERAL VIEW OF ZACATECAS-2-ENGINE DERAILED ON WAY TO ZACATECAS-3-STREET SCENE IN ZACATECAS-3-REUTERS (1914 BY AMERICAN PRESS ASSOCIATION)

ZACATECAS, Mex., June 25.—After four days of preliminary fighting, the final assault on Zacatecas took place June 23, resulting in the capture of the city at 7:30 p. m. The battle was the most hotly contested during the present revolution in the belief of leaders here. Fourteen thousand federalists were entrenched in seemingly impregnable positions.

Five thousand prisoners were captured by Gen. Villa's troops. Twelve cannons, nine military trains, 6000 rifles and three carloads of cannon and rifle ammunition were captured.

The dead on the federal side, according to official figures, numbered

4000 and 2000 wounded, while the losses to the attacking side were not stated definitely, though Villa estimates his casualties at 600 dead and 800 wounded.

The federalists were reported to have dynamited many buildings of the city before evacuating, slaying those of Villa's troops who had occupied the buildings in the street fighting.

Gen. Villa himself gave the following account of the battle:

"After four days' hard attacks, today was the decisive one. The enemy numbering 14,000, commanded by Miguel Barrón and five other generals, were defeated completely by my forces, which were aided effectively by Gen. Natera's men. Up to this moment we have 5000 prisoners, 12 cannon, nine trains, two carloads of rifle ammuni-

tion and cannon shells and nearly 6000 mauler clubs and a large quantity of provisions and other munitions of war.

"The enemy who escaped went in the direction of Aguas Calientes after dynamiting the postoffice, the state treasurer's office and the stamp revenue office of our men and destroyed killed many of our men and destroyed part of the city. The dead of the enemy number about 4000 and 2000 wounded.

"On our part we cannot tell the losses of the battle which lasted for five consecutive days, but I think there are not more than 500 dead and 800 wounded. Among the latter are Gens. Herrera and Rodríguez, who were severely wounded. Our artillery operated splendidly. The federalists destroyed every fort, the last being El Grillo."

CARIBOU MURDER IS BELATED BLACKMAIL

Father of Alden Boulter Informs Police Son is Home

CARIBOU, Me., June 25.—The search for Alden Boulter, wanted in connection with the alleged murder of Emma Jensen, his girl friend, ended today when the county officials received a telephone message from his father, William Boulter, that he had returned home.

The father said he was keeping him until the officers could make the four mile trip into the country to the Boulter farm. He telephoned about 10:30.

The officers also learned from Boulter that the circus employee of whom Boulter was alleged to have been jealous was at the house of one of Boulter's neighbors.

LETTER CARRIERS RETURN

Strike of the Paris Force Ends When Minister Agrees to Investigate Grievances

PARIS, June 25.—The letter carriers' strike in Paris which had threatened scenes of violence and had struck a severe blow at business was brought to a close yesterday by a promise from Gaston Thomson, minister of commerce, posts and telegraphs, to make a searching inquiry into the men's grievances provide they returned immediately to duty.

A deputation from the men who had held possession of the central post-office all night and prevented the distribution of the mails, called on the minister and obtained his agreement to consider their demands.

A quarter of an hour later the postal service was again in full operation and the men were making tremendous efforts to distribute quickly the delayed mail and restore the service to a normal basis.

ARSON SQUAD CAUSED EXTENSIVE DAMAGE TO EPISCOPAL CHURCH AT BALLYLISSEN

BELFAST, Ireland, June 25.—An arson squad of militant suffragettes caused extensive damage to the Episcopal church at Ballylissen, near here, early today. The destruction of the entire church was averted only by the timely arrival of the sexton, who succeeded in extinguishing the blaze. He found quantities of burning petroleum, fire lighters, grease and cotton waste littered around while the woodwork of the building had been thoroughly drenched with petroleum.

WAR ON THE OUTLAWS

BAN JOHNSON AND CHARLIE COMISKIY IN BUFFALO TO STOP CHASE

BUFFALO, N. Y., June 25.—Both Ban Johnson, president of the American league and Charles Comiskey, president of the Chicago American league team, are coming to Buffalo to start the proceedings by which they hope to prevent the Chase, playing with the Buffalo Federal league team which he joined last Sunday.

They wired orders for tickets to the baseball park for today's game and reserved rooms at a hotel for two days.

The Buffalo management announced today that Chase and his wife would appear in a Buffalo uniform. Chase, who is said to have spent the last two days in Canada, is here and ready to play ball.

It is understood that the American league managers have secured an injunction from a federal court and that papers will be served on Chase as soon as he is located at the ball park.

The inducements offered Chase to cast his lot with the federalists, it was stated unofficially today, included a bonus of \$5,000 and an increase over the salary he was receiving from the White Sox.

2 LITTLE GIRLS DROWNED

At Hampden, Near Bangor, Me.—Son of Yachtsman Burgess Drowned at Marblehead

BANGOR, Me., June 25.—Elizabeth M., 11-year-old daughter of Mr. and Mrs. John F. Hodgins of 197 Wilson street, Brewer, and Helen, 12-year-old daughter of Mr. and Mrs. Ansel Libby of 35 7th street, Bangor, were drowned yesterday afternoon in the Penobscot river at Hampden, about four miles below this city.

Both were visiting relatives there, and with two other little girls went berrying near the river bank. Taking off their shoes and stockings, they sat upon the ledges. The Libby girl lost her balance and fell in, while trying to save her, the Hodgins girl also fell in, and both sank, as the water is very deep at this point.

The body of the Hodgins child was recovered last night in 30 feet of water. The other body has not been found.

FORMER SENATOR SHOT

WM. H. REYNOLDS WOUNDED BY DISCHARGE OF MAYOR MITCHELL'S PISTOL

NEW YORK, June 25.—William H. Reynolds, a former state senator, may be confined to St. Luke's hospital for a week or more by the wound inflicted Saturday by the accidental discharge of Mayor John Purroy Mitchell's pistol. The bullet entered Mr. Reynolds' left thigh, passed through and in coming out shattered the bone of a finger.

The mayor expressed keen regret for the accident and has been a frequent visitor at the hospital. He explained that Mr. Reynolds, Mrs. Mitchell, a friend of Mrs. Mitchell and himself, had returned from the Mitchell farm at Croton, where the party had been shooting at a target.

The pistol slipped from the holster as the mayor was carrying it into the house and in its fall broke the safety mechanism, driving the hammer point into the cartridge.

studying gyroscopic principles for about twenty years. He first attracted wide attention by his invention several years ago of a gyroscopic compass, which, it is claimed, is unaffected by the motion of ships. The compass is now said to be in use on thirty-six United States battleships and a number of submarines and in the British, French, Italian, Russian and Brazilian navies. For the past eighteen months Mr. Sperry and his son, Lawrence Sperry, twenty-one years old, have been experimenting with the device in unitary form in this country and have demonstrated at both San Diego, Cal., and at the Curtiss headquarters in Hammondsport, N. Y., that in this form the device would make a flying machine stable either laterally or longitudinally.

TRY TO MOB MRS. SIEGEL

Women Depositors in Siegel Bank Enraged Over Diamonds at Wedding

NEW YORK, June 25.—With a dozen clamoring depositors of the defunct Siegel bank looking on, Mrs. Henry Siegel was served with a subpoena on the steps of St. Thomas' church yesterday afternoon just as she was about to enter the church to witness the marriage of her daughter, Dorothy Violet Wilde, to Earl Joseph Moon of St. Louis.

The depositors, all of whom were women, rather poorly dressed, did not recognize Mrs. Siegel when she left her coach, but when they found her out they made a rush for the door of the church, apparently bent on creating trouble. A big policeman barred the way, however, and the women, uttering all kinds of threats, lay in wait until the wedding was over. As Mrs. Siegel came down the steps to enter her carriage she wore a necklace of large diamonds and this seemed to inflame the depositors in the defunct bank.

"Look at the hussy," one of them shouted. "Why don't she give us back our money? Look at her diamonds."

The women edged as near as they could to the entrance to the carriage, and seemed about to pounce upon Mrs.

Siegel. "Well, it's the hussy," one of them screamed. "The idea of her having such a swell wedding for her daughter and us with children starving at home!"

Mrs. Siegel apparently had no second thoughts, for there were two policemen on guard at each side of the canopy. When they saw the threatening attitude of the women, they held them back until Mrs. Siegel had entered her carriage.

One of the women did manage to reach the door of the carriage just as the vehicle started, and hurling a letter at Mrs. Siegel, shouted: "Give me back my \$5000."

The summons was served on Mrs. Siegel by Charles Bowes, one of the best known process servers in town. He walked right up to Mrs. Siegel and handed it to her, only to have it flung back at him.

The summons served on Mrs. Siegel was in a suit for \$100 for photographs by Marcus, the photographer.

The depositors and the summons were not the only trouble Mrs. Siegel had, however. When the wedding party arrived at the church, it was found that the best man, Stuart McDonald, the bridegroom's brother-in-law, had not shown up, and there was a slight delay until someone else was found to take his place. It was Ralph L. Morris who stepped into the breach.

They will visit Providence, New York and New Jersey and will be at home to their friends after August 1 at 27 Phillips street.

MURPHY-KEATING
A very pretty wedding was solemnized this morning at 9 o'clock when Mr. Daniel R. Murphy, a prominent resident of Arlington, and Miss Helen L. Keating of Tewksbury, a popular and well known teacher in the New-wood, were married at a nuptial mass at the Tewksbury novitiate chapel. The ceremony was performed by Rev. William J. McCarthy of West Lynn, a cousin of the bride. As the bride's party, the chapel of Mrs. Hanscom of Malden played Lohengrin wedding march. The best man was Mr. Edward Kerrigan of Boston, and the bridesmaid was Miss Minnie Cathin of Chestnut Hill, Philadelphia, a cousin of the bride. The bride looked charming in a dress of white tulle with shadow lace and pearl trimmings. She wore a bridal veil caught up with lilies of the valley and carried a shower-bouquet of the same flowers. The bridegroom was attired in a suit of blue and carried a sword. The ceremony was performed by Rev. William J. McCarthy. The happy couple were the recipients of many beautiful and costly wedding gifts. Mr. and Mrs. Murphy left and were showered with rice and confetti on the way to their home at 245 Elm street, Boston. delphia, a cousin of the bride. The bride looked charming in a dress of white tulle with shadow lace and pearl trimmings. She wore a bridal veil caught up with lilies of the valley and carried a shower-bouquet of the same flowers. The bridegroom was attired in a suit of blue and carried a sword. The ceremony was performed by Rev. William J. McCarthy. The happy couple were the recipients of many beautiful and costly wedding gifts. Mr. and Mrs. Murphy left and were showered with rice and confetti on the way to their home at 245 Elm street, Boston. They will visit Providence, New York and New Jersey and will be at home to their friends after August 1 at 27 Phillips street.

Next week is "Quarter Week" at The Lowell Five Cent Savings Bank. The bank will be closed Saturday, July 11, it being a legal holiday.

THIRD HOTTEST OF YEAR

AVERAGE TEMPERATURE, HOWEVER, WAS THE HIGHEST FOR JUNE 24 IN 43 YEARS

BOSTON, June 25.—With a temperature of 33 above at 3 p. m. yesterday, it was the third hottest day of the present summer. The two higher maximums were on May 26 and 27, with respective records of 36 and 37. The college reports for the day showed one high that was an unknown man in Charlestown, and 14 cases of prostration, most of whom were treated at the Relief or City Hospitals. Judged by the mean temperature for the day, it was the hottest June 24 in the weather bureau's 43 years of records. The normal temperature for June 24 during those 43 years is only 65 above, and yesterday's mean was 80. A detail of firemen from Engine company 8 in Salem street made a tour of the North End with a section of hose and fanned portions of the streets to the increased comfort of the residents. It was a great treat for the juveniles, at least 100 of whom raced about behind the firemen after 10 o'clock, screaming and courting a good whipping down themselves from time to time.

There was a supply of sixteen on Charlestown bridge, and the fact that they were nowhere nearly fully occupied was good evidence that the population of the North End was not seriously suffering with the heat.

There were a few more all day from the west and southwest, the velocity averaging from 10 to 12 miles an hour. Last night's weather map showed nothing in the country that promised a change of conditions in the immediate future.

Harring the region along the Gulf of Mexico, Boston was one of the hottest cities in the country yesterday.

The night readings in Boston indicated that today would start in under conditions promising a higher maximum than yesterday.

AMUSEMENT NOTES

B. F. KEITH'S THEATRE
The most stupendous military film drama ever shown will be the attraction for the afternoon and evening, and it is repeated on Friday and Saturday. It is "Sealed Orders," and it is in six reels. Over three months were required to make the big picture into shape, and the expense incurred upon the rehearsals and final scenes was enormous. It is predicted that it will have a run throughout the principal theatres of the country, which will be without a precedent in the history of the play material. The production company was secured at great expense, and the costume accessories were made specially for the picture. Dozens of horses and the usual impedimenta of a great army are introduced in the battle scenes. Through it all runs the thread of a charming love story, one which will make a splendid picture to add to the effect the pictures are shown in natural colors. This added very materially to the cost of the production, but it was deemed wholly an instant hit. It will prove conclusively that Keith's is really the home of master motion pictures, pictures which can only be found in the larger theatres of the country. In addition to the special feature there will be a comedy film, and one other. Samuel Wallace will introduce another urban one, very latest now and a ribbon to the great show. The house is ten cents, with a few seats reserved for 15 cents. Children five cents.

THE OWL THEATRE
The four-part feature of "The Governor's Ghost" which is being shown at the Owl is a really superb production, the plot is unusual, and the actors play their parts convincingly. "In the Southern Hills" tells a story of a kind of story that appeals strongly to all classes of photo-play lovers. The other pictures are good. Jack Dalton will sing another new song, and the sliding roof guarantees comfort and convenience.

DISASTROUS FIRE IN SALEM

ROUTE OF PARADE FOR THE BIG SHOW

Agreed Upon Today.—The Circus Man Objected to Mayor's Plan —Parade Will Take in Fifteen Streets—Repairs in Gorham St. Caused Change

Lowell is going to have a circus parade tomorrow, just the same. Mayor Murphy decided yesterday that it would be impossible for the Barnum & Bailey circus, which comes here tomorrow, to pass over Gorham street because of the paving work which is now going on between Davis square and Moore street and the mayor mapped out a plan excluding Gorham street, but that plan was knocked into a cocked hat at a conference held in the mayor's office this morning after the mayor and the commissioner of streets had gone over the route with W. J. Conway, representing the "big show."

The conference lasted for more than one hour, and the following route was finally agreed upon: Fair grounds to Gorham street, to Moore, to Andrews, to Lawrence, to Wamsit, to Central, to Middlesex, to Thordike, to Sutton, to Merrimack, to Central, to Wamsit, to Lawrence, to Andrews, to Moore, to Gorham and back to the fair grounds. The mayor's plan would have sent the parade around Manchester, Tanager and Hale streets, but this route didn't look good to Mr. Conway, who, by the way, was none too pleased with the route finally decided upon.

Mr. Conway believes that the parade could have gone through Gorham street as of yore and there are a great many who will agree with him. "There is only a short piece of the street being paved at the present time," he said, today, "and the only excuse the mayor has for objecting to the parade passing through Gorham street is that a fire might break out in that section and that the apparatus would be unable to pass the big circus vans. Why the mayor or anybody else should fear a fire just at that moment is more than I know, but there's no use in crying over spilled milk. We have agreed upon a route of parade and that settles it. The route we have agreed upon is as good as enough, but it is much better than the one planned by the mayor. It will take 40 minutes longer to cover the route agreed upon for tomorrow than to cover the old Gorham street route."

BOY DROWNED

Was Swimming in Merrimack River Above Aiken Street Bridge

George Bonin, aged 9 years, son of Mr. and Mrs. Clavis Bonin, of 22 Emmett street, was drowned while swimming in the Merrimack river about 2.30 o'clock this afternoon. The place of the accident is about 100 yards above the Aiken street bridge. The boy was in swimming with other lads of about his own age and it is believed that he was stricken with cramps.

When the accident occurred the police station was called by telephone and Dr. Tighe, city physician, and messenger John J. Plindar rushed to the scene of the accident in an automobile taking with them the pulmo-

route. The plan mapped out by the mayor is even more circuitous than the one agreed upon, and that's going some. The parade will start at 10 o'clock tomorrow morning and the circus man describes it as over two miles long and of glittering splendor. The management will endeavor to keep it a secret from the elephants that the route of parade has had a few turnings added to it lest they should go on strike and refuse to do the tango and hesitation under the "big top."

Great Patience Required

Circus goes will have to exercise all the patience at their command tomorrow for Mr. Hellenus E. Farrington, superintendent of the local division of the Bay State Street Railway, feels that the service will be somewhat held up because only one track can be used in Gorham street, from Davis square to Moore street. Mr. Farrington says that his company will do its level best to take passengers to and from the fair grounds, but, he says, people should take everything into consideration before they start in to criticize the railway company for poor service.

There was a belief in some quarters that the easterly track of the company could be put in commission for the day. Mr. Farrington says this would be impossible, because the tracks in the street are being relaid, and at only one place in the paving district can cars pass each other. That place is a narrow strip of about 100 feet near the corner house at Olive street. When the paving was started a plan was put forward by Commissioner Morse for the centering of the tracks on the street. He wanted each track a certain distance from the curbings. That meant the pining of the easterly track nearer to the old westerly track, and that has been done. Inasmuch as only the westerly track is being used now for incoming as well as outgoing cars, the closeness of the two tracks, one to the other, is not noticeable, but if cars were run over the easterly it would at once become apparent that they could not pass each other. So the plan to use the easterly track for the day is out of the question.

for. The body, however, had not been recovered when they arrived and men were still dragging and diving in an endeavor to locate it at the time of going to press. The boy's father is one of the divers.

WRECK INQUIRY

Miss Townsend, First Cabin Passenger on Lost Liner Testifies

QUEBEC, June 25.—Counsel for the owners of the collier Storstad at the Empress of Ireland wreck investigation today called Miss T. Townsend of New Zealand, who was a first cabin passenger on the lost liner. His purpose was to get from her corroboration of the testimony of the Storstad's officers regarding the signal whistles blown by the Empress just before the collision. She said that just before the crash she heard three short blasts and two long ones.

The attorney for the Canadian Pacific railroad obtained permission to read evidence from three passengers bearing on the closing of the compartment doors. All said that water poured in the portholes after the crash. Lord Mersey, the chairman, at this point raised the question as to whether in ships of the Empress type, where the apparatus for closing the watertight doors from the bridge was not of the most modern style, it was desirable or practicable to close all watertight doors and portholes when the vessel entered the fog.

FORTY ACRES IN ASHES LOSS UP IN MILLIONS

City Threatened With Total Destruction—Militia on Guard—Help From all Surrounding Cities—Fire Started in Leather District After Explosion—Many Casualties and Several Fatalities Reported

This afternoon a most disastrous fire swept the city of Salem, threatening the destruction of the entire city. At 3.30 the loss was estimated at one million dollars; and with help from all the neighboring cities, the fire was raging and still beyond control with all the fire forces working hard and some using dynamite to clear a path too great for the flames to jump. Several fatalities are reported. Low pressure of water service was blamed for allowing the fire to get such headway. The militia was called out for guard duty, police patrols and ambulances were kept busy and in the excitement no accurate account of the casualties could be obtained. Fully 40 acres had been laid in ashes at 3.50 p. m. and the fire was still raging.

Extent of Disaster

At 3.30 the Sun was in communication with the office of Mayor Hurley in Salem and was informed from that source that the fire was then rapidly spreading into the residential district of South Salem. It started on Boston street in the leather district and swept a considerable number of factories included around "Rubber Hollow." At the present time," said the mayor's secretary, "50 or 60 buildings have been laid in ashes, and a brisk wind is carrying the burning brands rapidly into South Salem."

The excitement is intense. All work throughout the city has been suspended and the residents fear a repetition of the Chelsea fire.

Help was called from Lynn, Beverly, Marblehead, Danvers, Peabody and Boston, and fire apparatus was promptly despatched from each place, with the exception of Boston, and all are now at work fighting the progress of the flames.

Dynamite is being used to clear a path broad enough to check the onward march of the conflagration. "It is reported that a young man jumped from a window and was killed, alighting upon a fence, but of this I am not certain," said the Sun informant. It is also alleged a number of girls were caught by the flames in the Kora factory. A child is known to have perished and many firemen were injured. The militia is on guard duty.

Still Beyond Control

At 4.30 the fire was still beyond control and apparatus was being hurried here from other cities. A special train was bringing help from Boston.

FIRE FOLLOWS EXPLOSION

SALZEM, June 25.—A disastrous fire broke out in the factory of the Kora Leather Co. on Boston street this afternoon and quickly spread to other buildings. The Kora company's factory, the shoe counter shop of P. Creighton, house and restaurant of E. J. Quinn shoe store of Martin & Sheridan

and the heel shop of C. H. Cary & Co. were destroyed and several other buildings caught fire. Assistance was requested of Marblehead, Beverly, Peabody and other surrounding places.

Charles Lee, an employee, jumped from the third story of the Kora factory to the street and was probably fatally injured. There were 300 employees in the factory when the fire broke out and many barely escaped death in the rush for safety.

Terrible Explosion

The fire followed a terrific unexplained explosion in the Kora factory. A high northwest wind drove the sparks and embers over the southern section of the city and many buildings caught fire.

Less than an hour after the outbreak of the fire the factories of the Kora Leather Co. and the Dan Machine Co. in the rear of Boston street were in ruins and the big four factory building of the Carr Leather Co. on Fopes court and the Keefe Leather Co. on Boston street had been destroyed.

The flames were beyond control of the firemen and the smoke was so dense and the heat so great that the firemen could not approach within 300 yards of the blazing structure. It was reported that 20 girls failed to escape from the Kora factory but this has not been confirmed.

Troops Called Out

The Second Corps Cadets were called out for patrol duty in the fire zone. About fifty more dwellings were burned. These were located on Boston, May and Essex streets.

Firemen started a fire which destroyed four houses on Leach street, a mile from the scene of the original fire.

An infant belonging to a Mrs. Hassel, who lives on Blossom street, is believed to have perished. The mother rushed out of the house at the first cry of fire, leaving the child behind.

She was unable to re-enter the building, which was burned flat.

George Whelton, a fireman, was overcome by smoke but was later resuscitated. Among other buildings destroyed were the grocery store of J. F. Bailey on Boston street and the dwelling houses of J. W. Gammons, Samuel Zoni, Mrs. Grenier, Patrick Devine and John H. McKenna on Main street; Henry Mondell, C. M. Grant, on Boston street, and Mrs. Freedman and Mrs. Ober, on Essex street.

Less at 3.30, \$1,000,000

All the buildings on the western side of Boston street, near May street, were burned flat and a large number of buildings on Essex street from Boston street to Highland avenue were destroyed.

Many houses on Dale and Green streets caught fire. Other buildings on nearby streets were set on fire by sparks.

Low Pressure of Water

The building of the Way Leather Co. on Highland avenue was destroyed. The firemen were unable to get sufficient water on account of the low pressure caused by the tremendous draft on the pipes serving the fire engines spread about so large an area.

An ambulance corps was stationed near the burning district where crowded with autos, teams and other vehicles filled with the household goods of people whose homes were endangered.

Other Factories Destroyed

Among other manufacturing establishments destroyed were the factory of the Grenham Leather Co., the shoe factory of Morton & Schrimman Co., the Morris Leather Co., A. T. Way Leather Co. and the shoe factories of Ryan and Wright.

The annual summer vacation of the employees of the Saco-Lowell shops will take place from July 4 to 13, notice in that effect having been posted in the shop yesterday.

The Clafin retail enterprises would be saved.

Unless blocked by creditors, reorganization of the failed firm is contemplated, according to a statement issued by John Clafin, president of the firm.

A noteholders' protective committee has been formed to look after the interests of the creditors. Most of the banks concerned will be represented on this commission, of which J. S.

Third Edition CLAFLIN FAILURE NOT FELT BY LOCAL BANKS

Lowell Banker Talks of Big New York Failure — Reports From Other Cities State That Crash Will Affect Business — Rhode Island Mills Suffer

The news of the Clafin Co. failure was known to the local bankers as early as 10 o'clock this morning. James M. Abbott, banker and broker, with offices in the Wyman's Exchange building, was asked by The Sun if he had heard of the failure and if he thought it would affect local banks and mills. "There is no doubt," said Mr. Abbott, "but what the local banks held some of Clafin company's paper. It was considered the most conservative in the market and the Clafin Co. could always obtain money at a very low rate of interest. The Clafin Co. is a dry goods establishment and has always been looked upon as one of the very best in the country. I do not think that any of the local banks have Clafin paper enough to embarrass them very seriously."

"I cannot see that the mills stand to lose anything. About all of the mills do their business through selling houses and if the selling house got caught in it that does not mean that the mill or mills would have to suffer."

Mr. Sawyer Says "No"
Mr. John F. Sawyer, cashier of the Union bank, said he did not think any local bank would be affected in the slightest by the Clafin failure although it was a tremendous financial crash.

TO CLOSE ALL CLAFLIN STORES

NEW YORK, June 25.—Announcement was made this afternoon that all of the so-called Clafin stores, strictly speaking, would be closed pending adjustment of the company's affairs.

RECEIVER FOR KANSAS CITY

KANSAS CITY, June 25.—Alexander New, legal representative here of the H. B. Clafin Co. of New York, was appointed receiver today of the Jones Store Co. of this city, the stock of which is owned by the Clafins.

CLAFLIN CO. PAPER IN N. E.

BOSTON, June 25.—It was estimated by local bankers today that between \$10,000,000 and \$12,000,000 of the paper of H. B. Clafin Co. whose failure in New York is announced, was held by banks in New England. Banking institutions in this city hold about \$5,000,000 of it and Rhode Island manufacturing and banking interests are understood to be creditors to the amount of \$2,000,000.

NEW BEDFORD WILL NOT SUFFER

NEW BEDFORD, June 25.—Inquiries in manufacturing and banking circles in this city make it clear that New Bedford will not suffer directly in any appreciable degree from the receivership of H. B. Clafin Co. New Bedford mills sell very little goods directly to this large drygoods house.

EFFECTS RHODE ISLAND MILLS

PROVIDENCE, R. I., June 25.—Many Rhode Island mills are affected by the H. B. Clafin Co. failure. While the concern was a customer of most of the large cotton manufacturing companies of the state it is not believed that the mills will suffer any great financial loss.

Among the plants with which the Clafin concern did business are those of E. B. & R. Knight, the Grosvenor-Dale Co., the Lonsdale Co., and the Manville Co. Nearly all the mills as they sold on a guaranteed basis, cannot lose any money.

SUES THE CITY

Cresolite Co., Brought Suit for Balance on Paving Job

In police court yesterday the case of the Cresolite Co. vs. the city of Lowell was tried before Associate Justice Plakman. Jackson Palmer for the plaintiff and City Solicitor Lenness for the defense.

The suit was brought to recover the sum of \$167.70 which the plaintiff company claims the city still owes it for building sidewalks on Gorham street in front of the court house. The defense contends that the bill was held up because the material used in laying the sidewalks was not of the quality which the specifications required and that the sidewalks are not granolithic.

MANUEL SILVA BADLY INJURED

Manuel Silva, residing at 331 Central street and employed at the Hamilton Mfg. Co., suffered a bad accident this afternoon while at his work. The young man was cleaning shaftings from the top of a ladder and in some way lost his balance and fell to the floor. The ambulance was summoned in haste and upon examination the ambulance doctor found that Silva was suffering from two broken ribs. He was removed to the Lowell hospital, where at the time of going to press he was reported as resting comfortably.

H. B. CLAFLIN CO. FAILS LIABILITIES \$35,000,000

NEW YORK, June 25.—The great dry goods house of the H. B. Clafin Co. failed today with liabilities of \$35,000,000.

The assets are estimated at \$40,000,000. Two proceedings—friendly and unfriendly—threw the firm into bankruptcy and two receivers were named under bonds of \$500,000 each. The Clafin company controls or is

affiliated with some 30 retail stores throughout the United States and it was the endorsement of their paper, held by more than 3000 banks here and in interior cities, that caused the crash. The United Dry Goods companies and the Associated Merchants Co., though affiliated with the Clafin company through stock control, were in no way involved in the failure. Their chain of stores, it was stated in the financial district, would remain intact. Hope was expressed also that

the Clafin retail enterprises would be saved.

Unless blocked by creditors, reorganization of the failed firm is contemplated, according to a statement issued by John Clafin, president of the firm. A noteholders' protective committee has been formed to look after the interests of the creditors. Most of the banks concerned will be represented on this commission, of which J. S.

JACK MURRAY TO BE TRADED TO REDS FOR INFIELDER BERGHAMMER

JACK MURRAY

It has been reported that Managers McGraw and Herzog are fixing up a trade whereby Jack Murray will go to the Reds to fill Armando Marsans' shoes and infielder Berghammer of the Teuton troop will sojourn in New York as general utility man with Eddie Grant. Murray has the greatest throwing arm in his league and has the reputation of pulling more sensational catches than any other fielder in the game. Berghammer is a newcomer who has showed up well in Cincinnati so far.

to hit at the right time, however, and the dash of Lewiston errors helped any lingering doubts that the visitors might have had regarding their own ability to carry off the bacon.

Munday, first up for Lewiston, in the first, hit far into right field for three sacks, but got no farther, being retired on a double when he attempted to make home on Phoenix's hit to Dee. Again in the fourth Lowell took a brace when bases were distinctly in style. Maloney hit for two, Banks walked but Shea grounded out to the pitcher. O'Connell flied out to Stimpson and Phoenix flickered out to Kelley via Dee.

Both pitchers worked well, but Maybohm had a little on Radloff and the fielding behind him was sharper. Judge, the Lewiston first base man, was out of the gains and Munday was hauled in from right to cover, where position Baum, pitcher, covered the garden. Durkette, Kelly and Wacoh were the visitors who didn't get into the hit column, but Durkette scored a run and so did Kelly.

Gray announced after the game that in all probability Bing would be started against Lewiston Thursday.

Cassey of the Lewiston team was out of the game with a split finger and his hitting and that of Judge was missed sorely.

A. G. CADET'S BALL GAME

Two lively baseball games were played at the A. G. Cadet's cutting at Mountain Rock yesterday afternoon, the first between a team of the brass band captained by Loretto and one from the Cadets with Champagne as captain. After six innings the score was 5 to 3 and the game was called off in order to give the Young Americans and the Dances an opportunity to cross the bats. This was a five-inning game and at the close of the fifth the score was 2 to 1 in favor of the Young Americans. Chapdelaine was captain of the first team, while Lamoureux captained the other.

Several races were run off and the winners were as follows: 70-yard dash, E. Metivier, E. Daigle and D. Jalbert.

50-yard dash: R. Roy, L. Gionet and A. Lafamme.

50-yard dash: D. Chapdelaine, E. Metivier and W. Laurin.

50-yard dash: E. Metivier, E. Gionet and O. Desmarais.

Stone race: G. Ferron, Joseph Albert, Jr., and L. Champagne.

Stone race: E. Metivier and E. Gionet.

Shoe race: L. Tessier, W. Charette, W. Bergeron and J. Daigle.

NEW YORK, June 25.—The marvelous air stunts of Charles F. Niles, one of the most daring of American aviators, stamps him as the maddest little cut-up with a monoplane that ever gave death the ha! ha! in this country. Niles hopes to win \$1000 on the Fourth of July in the aerial race up and down the Hudson along New York city if he doesn't lose his air pilot's license for flying over New York's skyscrapers during his dip the dip, loop the loop and corkscrew stunts. He claims oil got in his eyes and he could not see that he was over the tallest buildings in the world, while half of lower New York, including unfrenzied Wall street, stared in utter amazement at his absolutely marvelous antics in the sky. Niles was ordered before the Aero Club of America for his feats to explain why he flew over the city, which is against the rules of the present flying game.

BIG BARNUM & BAILEY CIRCUS TO BE HERE. TOMORROW—FEATURES OF THE PERFORMANCE

ONE OF THE FUNNY MEN.

Hoop La! The circus—Barnum and Bailey's very own—comes to town tomorrow to prove that it proudly remains the world's mightiest amusement institution. It is exhibiting today in Manchester, and comes here upon its own four special trains loaded to the very brim with all that is latest and best in the scenic and spectacular entertainment world.

It is assured, and promise is given that a great revelation of the resourceful genius of the circus magnates in literally recreating the famous entertainers in store. Novelty and innovation will be the keynote, with routine and repetition banished, and the popular elements of the old-fashioned circus mingling with the newest thing in gorgeous spectacle and scenic endeavor.

That sheepish excuse that "the circus is for the youngsters" is being shelved more and more each year, and those who take an interest in the circus have noticed that each year more and more grown folks are among the spectators.

And as you, Mr. Tired Business Man, watch the wonderful panorama of circuses unfold you are sure to find the door of your memory store-house has been opened wide. The treasure recollections of boyhood days "back home" whirl you to the time when you tried to sneak under the tent after the management had broken the sad news that no more water carriers were needed to quench the elephants' thirst. Novelty dominates this year's program of the Barnum show and the claim is made that in no previous year has the circus presented a performance on as lavish a scale as this year. First of

all comes the oriental spectacle "The Wizard Prince of Arabia," which is like a picture chapter from the "Arabian Nights." In fact, in these days when the cost of high living is so appalling, there are few eastern potentates who could afford to maintain a court of such splendor as the circus offers. It is a pantomime performance, of course, and one will discover why Prince Babur's daughter, This happy climber doesn't occur, however, until the showman's court mimes, heated by different ways by the mimes—workers in his own realm. The scenes move from Arabia to mysterious India in a series of gorgeous tableaux and pageants portrayed upon the hippodrome track and a tremendous stage. More than 1000 persons take part and there is a large ballet of dancing girls, to say nothing of huge cavalcades of horses, herds of elephants and droves of camels. After the spectacle comes the circus proper, splashed all over three rings, four stages and the hippodrome track. Europe has been emptied of its arena stars for this season's program. A ceaseless procession of athletic specialists, most of them with names generations old in the circus world, will fill rings, stages and hippodrome oval for over two hours. Many of the acts are being seen for the first time in America. China sends the Ching Ling He and Tai Pan troupes of magicians, acrobats and equilibrista. Josefsson's wrestling contests and demonstrating a system of self-defense as practiced in Iceland since the 11th century. Olympia

Desca, a Hungarian horsewoman, presents an attractive trained animal number in which horses, dogs and ponies are made to perform. The artist, Daghonah, is a misfit from Italy who will present an extraordinarily funny comedy riding act which has proven a tremendous hit. Elephants will play baseball and dance the tango and hesitation waltz. Clowns will be thicker than huckleberries in August. Unusual performances abound and in mid air will be given by the very artistry of the world of tankard and spangles.

The Parade. And, of course, there'll be a parade in the morning at ten o'clock. It will be over two miles long and of glittering splendor. Many of the cages will be thrown open and a long line of elephants and camels will make the hike under their own steam. Men and women riders splendidly costumed will be in line and there will be golden chariots and tableaux wagons typical of many countries and legends. Over 100 horses will figure in the display and six bands, including one composed of women, will lead the streets with melody. It will be a real circus pageant with all the trimmings, and an appetizer for the real things under the "big top" at two and eight o'clock p. m., doors being opened at one and seven o'clock. Tickets may be bought at Hall & Lyon's drugstore throughout the day at the same prices charged at the grounds.

NEWS OF THE LEGISLATURE

Bill Affecting Strikers—The State Taxation System—The Use of Armories

BOSTON, June 25.—The anti-injunction bill was ordered to a third reading yesterday in the senate on a rollcall vote of 20 to 14. The measure is looked upon as one of the most vital of the present session as affecting manufacturing and laboring interests in the state.

The bill, in brief, prevents the issue of an injunction by the court against employees who may strike unless it can be shown that irreparable damage is to be done to property. The lower branch of the legislature has passed the measure.

The full text of the bill follows: "Section 1. It shall not be unlawful for persons employed or seeking employment to enter into any arrangements, agreements or combinations with the view to lessening the hours of labor or of increasing their wages or bettering their condition; and no restraining order or injunction shall be granted by any court of the commonwealth of Massachusetts or by any judge thereof in any case between an employer and employee, or between persons employed and persons seeking employment, or involving or growing out of a dispute concerning terms or conditions of employment, or any act or acts done in pursuance thereof, unless said injunction is necessary to prevent irreparable injury to property or to the right of the party making the application, for which there is no adequate remedy at law; and such property or property right must be particularly described in the application, which must be sworn to by the applicant or by his agent or attorney.

Left to Remedy at Law. "In construing this act, the right to enter into the relation of employer and employee, to change that relation and to assume and create a new relation for employer and employee and to perform and carry on business in such relation with any person in any place, or to do work and labor as an employee, shall be held and construed to be a personal and not a property right.

"In all cases involving the violation of the contract of employment between the employee or employer where

no irreparable damage is about to be done, the right of either party to property right of either no injunction shall be granted, but the parties shall be left to their remedy at law.

Section 2. No person or persons who are employed or seeking employment or other labor shall be indicted, prosecuted or tried in any court of the commonwealth of Massachusetts for entering into any arrangements, agreements, or combinations between themselves as such employees or laborers, made with a view of lessening the number of hours of labor or increasing their wages or bettering their condition and for any act done in pursuance thereof, unless such act is in itself unlawful.

Claims It Takes Away Ancient Rights. When debate on the measure opened, Senator Hobbs of Worcester attacked the bill. He said there is one provision of the constitution not touched upon by the measure, and that is the right of the citizen to own property. "Every subject of the commonwealth ought to find a certain remedy, by having recourse to the laws for all injuries or wrongs which he may receive in his person, property or estate; and justice freely and without being obliged to purchase it; completely and without delay; conformably to the laws."

"If this bill is enacted," said Senator Hobbs, "it will make that provision of the constitution and that right a mockery. It destroys the pillar of the commonwealth for generations, that all men shall have equal rights under the law and their liberties protected."

Senator Mack of North Adams declared that the attorney general said that this bill is not obnoxious to the constitution. "He gives the law to the Massachusetts legislature, and we should support the bill," said Senator Mack.

Senator Sheehan of Holyoke. In an impassioned address said that no man had a property right in his labor. He spoke of "government by injunction" and said that it is this working people of Massachusetts who are relieved of this one-man power.

Wakened Strike Cited. Senator Dean criticized the Worcester field manufacturer and said: "If those

manufacturers had yielded the slightest concession to their employees no such trouble as has occurred in Wakefield could have happened."

Senator Sheehan said: "The I. W. O. are directly responsible for all the violence in this state for the past year. The American Federation of Labor is only asking in this bill the right it supposed its members always had in this state—freedom of speech and the right to meet in lawful assembly."

Senator Wells said the legislature must consider the rights of the manufacturer. If this bill goes through it will be impossible, he said, to protect the man in his right to labor as he pleases.

Committee Reports. Ways and Means reported ought to pass on the state appropriation bill amounting to \$315,125.

The same committee reported ought to pass in new draft, an act to provide that the organizations of boys under 18 years of age may use a state armory on payment of a sum sufficient to cover expenses.

Also ought to pass in new draft, a bill to authorize the use of armories for public purposes, state civil service examinations, meetings of a board of trade, chamber of commerce or an occupational organization, and for certain charitable, educational, patriotic, fraternal and other purposes. This bill also authorizes the commander-in-chief to allow the use of armories for political rallies, no party to be permitted the use of the same armory more than twice in the same year.

The house of representatives yesterday passed to be engrossed a resolve for amending the state constitution so that property may be divided into different classes; that the income derived from each class may be taxed at a different rate; that the rate on each class shall be uniform throughout the state, and that the tax on income derived from other sources than property may be taxed at a lower rate than the income derived from property.

This proposed amendment is regarded as one of the most important suggested in a long time. If it is passed by two successive legislatures and adopted by the people it will throw open to legislative action the whole system of taxation in the state and may lead to a thorough and complete revision of the taxation laws.

"This article shall not be construed to limit the power of the general court to impose and levy reasonable duties and excises."

This article of amendment was offered in the house yesterday by Representative Gilman of Boston, and was accepted by Mr. Curran of Brookline, house chairman of the committee on taxation, as an amendment to the resolution which had previously been reported by that committee. The article of amendment as reported by the committee on taxation provided that personal property in the state should be divided into two classes, tangible and intangible, and that the general court should have authority to fix a different

rate of taxation on each of these classes.

Aimed at Long-Standing Evils. On motion of Mr. Curran the rules were suspended so that the resolution might be passed yesterday to be engrossed; the debate was on the engrossment stage.

Mr. Curran made a serious and well-considered argument in behalf of the resolution. He called attention to the whole taxation laws which are now in force in the state and to the general dissatisfaction that has prevailed for years on account of them, and he told the house that the only method of curing the existing evils was to give the legislature authority to pass reasonable laws which should be the first step in this direction was to adopt an amendment to the constitution.

Mr. Lonsomey of Boston opposed the resolution. He said:

"The rich have hired men to go around and make speeches to stir up excitement for the thing. Are there any mechanics here asking for this? Are there any manufacturers? Are the middle classes clamoring to have their homes, which they cannot put in their pockets, taxed at twice the rate of the property of the men who have nothing to do but clip coupons."

"Because of some murder, we do not repeal the laws regarding murder. We punish criminals. Shall we change the law to protect high-class thieves that are dodging taxes?"

Mr. Cox of Boston read from the governor's message in which he urged a return of the tax laws. Mr. Sawyer of Ware moved an amendment that the rate on intangible property shall not be less than five mills on a dollar. He said the legislature should not be given unlimited power to juggle taxation on intangibles. This amendment was later defeated on a vote of 10 to 10.

Speaker Cushing then took the floor and spoke in favor of the resolve. He said:

"This is the most important subject before us this year. It is an economic question, not a political one. A series of able commissions have reported within the last few years. They all say that until an amendment to the constitution is made nothing can be done. Two democratic governors have favored it. Whence comes the opposition? It comes from rich men who want to force men to buy Massachusetts stocks which are exempt from taxation."

"The essential thing is to put through this year an amendment which will clear away the constitutional prohibition of tax reform. This amendment was drawn by the tax commission and is agreeable to the governor. There is no excuse for any man, no matter what his party, for voting against this."

Rich Men Will Be Driven Out. When Representative Lonsomey repeated that this was the rich man's proposition, Mr. Gilman of Boston said:

"I have never stood for the rich men. We are in such a condition, on account of our clumsy constitution, that the rich men will be driven out and the poor men will be worse off than ever. Are we never to be guided by other states? Are the people to go on without hope forever? Give the people the opportunity to decide whether this is right or not."

Mr. Lonsomey said that the government was not behind the proposition. "Every democrat knows," said Mr. Lonsomey, "that the rich men are behind this resolve, and I ask every democrat to vote for it."

When the roll call was had on passing the resolution to be engrossed the vote was 36 in favor and 7 against. The members who voted in the negative were Messrs. Lonsomey, Doye of East Boston, Lonsomey of Boston, Morrill of Haverhill, Niland of Boston and Robert Robinson of Boston.

Victory for Gov. Walsh. The passage of this resolution by the house, the fact that the original measure went through the senate, and prospect that the amendment will take its other stages through this legislature make what seems to be a substantial victory for Gov. Walsh, who has insisted that a change in the taxation laws, and for the legislative committee on taxation, which has given an immense amount of time and attention to the problem.

Senator Nichols and Representative Curran, respectively the senate and house chairmen of the committee, have worked tooth and nail for the amendment to the constitution, and the indications now are that their efforts will be successful.

THE HIGH SCHOOL

Continued

tion, and his voice seemed to be coming from the wings of the theatre stage.

Quoting from school reports, Mr. Rogers pointed out some specific developments in the high school during the past 15 years. He referred to the fact, to one report, signed by Dennis J. Murphy, the present mayor and at that time a member of the school board, and by John L. Daniels, at present a commissioner, in which it was specifically pointed out that "in no sense should our school board be considered a stepping stone to politics."

Favors New High School. In emphasizing the need of adequate educational opportunities in the city, Mr. Rogers referred to the four young men who were executed in New York, having been found guilty of murder for hire. These were not boys of criminal ancestry, but after leaving school they had been knocking about the lower East side of New York, drifting from bad to worse. Speaking of the new law going into effect, further regulating the labor of young people, Mr. Rogers pointed out that many boys and girls from fourteen to sixteen and others from 16 to 18, in this city, will find themselves unable to go to work. Here lies a great menace for these young people no longer compelled to attend school.

For this reason, he said, the high school should be made attractive to the young men and women of the city, rather than forcing them to loaf in the streets of the city. Along this line he urged the necessity of a new high school building. There has been, during 15 years, he said, a growth of 55 per cent in average daily attendance at the high school, compared with a growth of 17 per cent in the population. In most of the other large cities of the state, however, the attendance at the high school is over 2 per cent of the total population, while in Lowell it is 1 per cent.

And the majority expect with a healthy growth, that the attendance will be largely increased, if not doubled, in a few years. But bricks cannot be made without straw, and scholars cannot be taught unless there are teachers, and shelter.

Mr. Rogers said he was informed that 40 of the graduating class are to enter the Normal school and 45 will go to some college or university. While congratulating those who are to continue their educational privileges, he said that a much smaller proportion of the class of 1899 went to college, but

notwithstanding that, they have attained honorable positions in the world's work.

Greatest and Greatest Teacher. Referring to the teachers of the high school, Mr. Rogers said that of the 13 senior teachers of 15 years ago, 13 are still actively in the service. This, he said, is one reason for the success of the Lowell high school; it keeps its teachers. He then referred to "the greatest and greatest teacher in the city of Lowell," who, before the Civil war began, before Abraham Lincoln became a national figure, was teaching in the schools of Lowell. Thousands of men, he said, are better for Miss Webster's instructions. He wished her many years of happiness in her well earned retirement.

Miss Webster was cheered long and heartily, by the audience and by the members of the graduating class. She was in a box with other high school teachers, and she carried in her arms a bouquet of 60 roses, a gift from the officers and executive board of the High School Alumni Association.

In closing his address to the graduates, Mr. Rogers said:

"And now, members of the class of 1914, I wish to recall to you the brief words of a poem with which I concluded my address to the graduating class of 15 years ago:

"Together still
You've journeyed up the rough and
toll-free hill;
Now, in the glory of this summer day,
You part, and each one goes his different way.
The way of times may dark and weary
seem;
No ray of sunshine on your path may
gleam;
But still, with honest purpose, toil
And if your steps be upward, straight
and true,
Far in the east a golden light shall
dawn,
And the bright smile of heaven come
hurling through."

Diplomas Presented by Mayor. Mayor Murphy did not make any extended speech in the presentation of diplomas. He spoke a few congratulatory words to the graduates. He thought the hour too late, and the weather too warm for an extended speech.

Class Ode Was Sung. The class ode, sung in closing, was as follows:

"We have come to the place we've been
longing to reach,
When our school-days and tasks now
are over,
When our dreams and our hopes for the
future are past,
And the days of life's work draw
before."

We pause, as we peer through the mists
of the morn,
And wonder with hearts all aglow,
What the light of the glorious day
shall reveal,
Whether evil or good we shall know."

We are striving to find just the path
that is right,
Though the way may be narrow and
dark,
For we know that therein we shall
have joy complete,
That 'twill lead us to Heaven's own
gate."

A QUARTER CENTURY AGO

"Backward, turn backward, O Time, in thy flight, Make me a child again, just for tonight."

I have been informed that there is a difference of opinion among Sun readers as to the propriety, good taste, or whatever it is, of printing the names of the school graduates of a quarter of a century ago, those who dislike the idea, when pressed for a reason, claiming that the editor is simply trying to have fun with certain people by showing up their ages. Such is far from the truth and if the editor knew of any among the lists that follow who are sensitive about their ages he would gladly omit their names, and hereby apologize to them for having offended them. Dr. Richard J. McCloskey, whose name recently appeared in this column has informed me that upon calling upon an elderly female patient a few days ago, she greeted him as follows: "Well, doctor, I've always wondered whether you were an old young man or a young old man, but now I know; I've been reading about you in The Sun."

Relative to the grammar school graduates of a quarter of a century ago, the old Sun states: "All the best grammar schools with the exception of the Highland school held interesting graduating exercises this week. The exercises at the Highland school were omitted on account of the recent severe injury to Principal Morey.

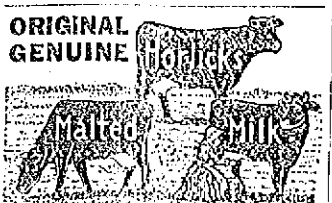

Many of the teachers received tokens of esteem from their pupils and there was a gratifying display of regard between teacher and pupil. The list of graduates from the grammar schools is as follows, with the exception of the latter which was published last week:

"Personally Conducted" Trips to California Combine Comfort and Economy

Of course you have planned to take a California trip sometime, but possibly you have been waiting until you thought you could better afford it. If that is the case, I have some good news for you. Our Personally Conducted Parties to California are especially planned to meet just such requirements. Our patrons travel on extra low fare tickets and have comfortable quarters in clean and attractive Pullman Tourist sleeping cars. Your pleasure is looked after all the way by a chosen representative of the "Burlington Route" whose first duty is to relieve you of care and detail, make you feel "at home" and point out and explain each of the thousands of points of interest along the way. The cost of it all is surprisingly low. If you will write, or drop in at the office and see me, I will be glad to explain every detail of the famous "Personally Conducted" parties. Alex Stocks, New England Passenger Agent, C. B. & Q. R. R., 264 Washington St., Boston.

25 years ago, not forgetting to pay its usual little tribute of respect to the members of the school board of that day. The report reads as follows: "Wednesday evening the high school exercises were held in Huntington hall. Three hundred and fifty boys and girls, the pupils of the school, were seated on an inclined stage which was fringed with plants. The children looked very pretty, the girls especially so, and they gave a pleasing entertainment during the warm evening. Every seat in the hall was taken, a thousand fans in the hands of expensively dressed women were kept fluttering to the music of the Germania band of Boston. Mayor Palmer, cool and collected, in a spanking dress suit, Superintendent Lawton, in a lawyer's long coat, President of the Council Westcott, plucked out for the occasion, and Principal Coburn occupied chairs near the front of the stage. The members of the school board were packed away in the private boxes where the light couldn't strike them. Shortly before 8 o'clock the orchestra rendered the opening march which was composed by Mr. Walter E. Owen. Mr. Owen conducted the orchestra during the evening. When the pupils were in their seats the following program was rendered: "Toussaint L'Ouverture, Wendell Phillips—Franklin E. Johnson; Romance of the Merrimack Valley, H. M. Lambert, Helen E. Lambert; chorus, "Blue Are the Heavens," Frank; The Singing of the Declaration, Walter H. Emmott; Child Shadows (with violin accompaniment by members of the school), Kate M. Usher; duet, "Pure and Holy Silence," Schubert, John J. Whittier, Martha Rogers; vocal solo, "Bright, Radiant Morn," composed for this occasion by W. E. Owen; The Moor's Revenge, Arthur M. Burtt; The

Launching of the Ship Longfellow, with musical accompaniment by members of the school, Josephine G. Butler; selection, "Faust," Gounod, orchestra; Napoleon and Grant, John I. Saunders, John Bunyan, F. H. Barrett, Florence H. Barrett; chorus, "Sweet the Angelus is Ringing," Smart; Purse, with valedictory address, F. Roy Marth; chorus, "Requiem, O Memory Sweet," Lyuburg; presentation of Carnegie medals and diplomas, Supt. George E. Lawton; class ode, music by Walter E. Owen." The names of the Catney medal scholars were given in this column last Friday. The graduates were as follows: **THIRD YEAR**

LADY LOOKABOUT

Any of us can give several good reasons why an automobile should be numbered and why that number should be placed conspicuously on the machine. Why should not all these reasons apply to the motorcycle. Of all the fiendish vehicles, rushing as it does, at top speed through our city streets, or spoiling the beautiful solitude of our country by-ways, I cannot believe that any information in regard to this matter is not correct, yet it is difficult to conceive how the motorcycle can have escaped, when the laws concerning the numbering of automobiles are so rigid. They are just as liable to accident, just as liable to over-speed, yet if my information is correct, and I have every reason to believe it is, what is to hinder the cyclist from having his own way about things—as he seems to do anyway?

Death Dealing Motor Car

Have you seen that death-dealing juggernaut, an enormous motor car painted a most brilliant yellow, which traverses our city streets. Its message is death. On either side is a picture of a man and a woman, and in the center, a picture of a man and a woman. I have to laugh every time I see it, and at the same time I am thoroughly ashamed of myself for thinking there is anything there to laugh at. It is really a reflection on the culture of the people of Lowell, that that machine should be permitted to circulate through the city. Our children are thrown in contact with enough that is unlovely and coarse without parading before them this belittled and belittled vehicle, the product of a mind whose sole bent is commercialism. Somewhere we should have a board of censors to pass on such things before they are given the liberty of our highways.

Sale of Fireworks

There are to be no fireworks of any kind on sale in New York this July Fourth. This is in accord with the "sane Fourth" movement which has been growing during the past few years. The officials of that city have figured that by giving permission to dealers to sell these goods promiscuously, they are giving tacit approval

THOUGHT SHE COULD NOT LIVE

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Unionville, Mo.—"I suffered from a female trouble and I got so weak that I could hardly walk across the floor without holding on to something. I had nervous spells and my fingers would cramp and my face would draw, and I could not speak, nor sleep to do any good, had no appetite, and everyone thought I would not live."

Some one advised me to take Lydia E. Pinkham's Vegetable Compound. I had taken so much medicine and my doctor said he could do me no good so I told my husband he might get me a bottle and I would try it. By the time I had taken it I felt better. I continued its use, and now I am well and strong.

"I have always recommended your medicine ever since I was so wonderfully benefited by it and I hope this letter will be the means of saving some other poor woman from suffering."—Mrs. MARTHA SEAVY, Box 1144, Unionville, Missouri.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as that above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for years.

For over thirty years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

The Ruthless Spider

Last night I sat on my veranda, watching a spider devour a luckless fly which had become ensnared in his web. While I was watching, a small English sparrow pounced on the spider, and was just getting away with it, when I heard a most piteous squawk of misery. A chicken hawk had pounced on the sparrow, and if I had not frightened him off, I am sure he would have had sparrow for dinner, and the words of an old Scotch verse which I had not heard since childhood came to my mind.

Upon their backs to bite them,
And little fleas have lesser fleas,
And so ad infinitum."
How true it is! Each thing has some other thing to annoy it, lest our happiness be complete.

ARREST BOY BURGLARS

THREE CAUGHT IN BOSTON APARTMENT HOUSE—ONE ESCAPED—ACCUSED IN SIX CASES

BOSTON, June 25.—Three boys, the oldest 13 years and the youngest 9, were arrested just before 5 o'clock yesterday afternoon in the apartments of Miss Spooner, at 331 Commonwealth avenue by officers of the Back Bay station on the charge of breaking and entering. A fourth boy got away by jumping from a window.

The police charge them with breaking and entering six dwelling houses in the Back Bay district, the most notable being that of the house of Thomas W. Lawson on Charlesgate East a week ago last Sunday morning. The boys got into the Lawson house after midnight and were scared away before they stole anything. Two hours later Metropolitan park police and Boston officers after a chase along the river front captured two suspects.

The boys arrested yesterday gave the names Leo E. Walsh, 9 years, of 5 Smith place, Roxbury; Edward Reddish, 11 years, of 1 Smith place; Emrich Macasada, 13 years, of 29 Smith place. The name of the fourth boy is known and he will be summoned next Saturday when the other three will be arraigned in the Roxbury Juvenile court. In the meantime the boys are paroled in the custody of a probation officer.

The Walsh boy narrowly escaped serious injury upon his arrest. He tried to get away from the officers and fell down a flight of stairs, sustaining a wound over the right eye. This was dressed at station 36.

The police learned from the boys where some of the stolen property could be recovered, and they got back about \$75 worth.

The first knowledge about the boys came when Patrolman Mulhern of station 15 was notified by a citizen that boys had broken into the house at 331 Commonwealth ave. Mulhern got the assistance of Patrolmen McKinnon and Lyons. Mulhern found an opening in the cellar in the rear and the officers went upstairs and found the frightened boys hiding. The boys had no weapons.

TEDDY DEFENDS PERKINS

"IF THEY READ PERKINS OUT, THEY WILL HAVE TO READ ME, TOO"—ROOSEVELT

NEW YORK, June 25.—Upon his arrival here last night on the Imperator, Theodore Roosevelt vigorously defended George W. Perkins, chairman of the progressive national executive committee, whose resignation as chairman was demanded recently by Amos Pinchot, who declared that Mr. Perkins' affiliation with certain big business interests made him unfit to hold his position.

"When they read Perkins out," said Col. Roosevelt, "they will have to read me out, too."

The colonel reiterated that he would not be a candidate for the governorship of New York this fall.

In discussing his health, the colonel said that when he boarded the Imperator he had a slight touch of fever, and that 48 hours later he had another attack which was more severe. He had a temperature of 103 and was forced to remain in his rooms all day.

"But I am all right now," he continued, "and I shall speak at Pittsburgh on June 30. I had to have my throat examined in London because, as is often the case, the after effects of the fever I contracted in the wilds of Brazil left its mark in my throat."

INCREASE IN P. O. FORCE

75 CLERKS AND 12 CARRIERS WILL BE ADDED TO FORCE AT BOSTON OFFICE

WASHINGTON, June 25.—Seventy-five clerks and 12 letter carriers will be added to the force at the Boston postoffice on July 1, according to an order issued yesterday by Postmaster General Burleson.

Besides this, the department says it also has allowed Postmaster Blaisdell 73 "possible" promotions, these involving an increase in salary from \$1100 to \$1200 for each man. These promotions are not to be based on length of service, but are to be made for efficiency and meritorious work.

Other increases announced by the department were: Framingham, 1; Fitchburg, 2; Fall River, 1; and Haverhill, 2.

WALTER JOHNSON WEDS

GREAT FITCHER MARRIED TO MISS ROBERTS TWO HOURS AFTER TRIMMING ATHLETICS

WASHINGTON, June 25.—From the pitcher's box Walter P. Johnson, the premier twirler of the Washington baseball team, last evening walked into the home of Congressman E. B. Roberts of Nevada and signed up with Miss Hazel Leo Roberts in the matrimony league. The two had long discussed the terms of a contract, and reached an agreement some time ago. As a small present for his bride, Johnson took a 2-1 game from the

world's champion Athletics, whom he held to four hits in the second frame of a double-header, only two hours before his marriage. Then he changed his uniform for evening dress and hastened to the home of his fiancée at 1488 Monroe street.

The ceremony was performed by Rev. Forrest J. Prettyman, chaplain of the United States senate, in the presence of only immediate friends of the family. In fear that his fellow-players might make a demonstration and the fans embarrass him with congratulations, Johnson endeavored to keep his coming marriage secret, but it leaked out and he was justly celebrated by the grandstand and the bleachers.

Even as he told through the third inning a friend visited the marriage license office and obtained the license, giving the age of the groom as 28 and of the bride as 29 years.

By glancing carefully over the names of the graduates and considering the prominent positions in life held by many of them today, you will agree with me that the high school may well be proud of its class of '92.

That Boston Orchestra

But the old Sun, with its time-honored name was right on the job, and could not allow to be abandoned without having a few words on that Boston orchestra for it says in the same issue, editorially:
"The Germania orchestra of Boston did the fiddling at the high school exercises in Huntington hall Wednesday. Perhaps it didn't occur to the nineties who engaged the orchestra

and a good-enough orchestra might have been hired right here in this city. The simple music performed at the exercises did not demand an out-of-town orchestra when there were citizens and taxpayers of Lowell competent and willing to do the work for smaller money. It seems that the school committee will be clame."

"It seems that the school committee will be clame." Yes, verily, even unto the end of the story.

One Busy Man

The old Sun can testify to the fact that there was one real busy man in Lowell during the week ending June 23, and that man was "Cy" Irish, at that time teacher of chemistry in the High School and at present its principal. The graduating exercises occurred on Wednesday evening, so that up to late Wednesday night Mr. Irish must have been on the jump to see that all plans were successfully carried out.

On the very day following the exercises Mr. Irish was occupied as a principal in an event of even far greater importance than the high school graduation, which the old Sun reports as follows:
"Thursday evening at the residence of Mr. E. W. Huntington in Moore street, Mr. Cyrus Wendall Irish and Miss Carrie A. Jockow were married by the Rev. Thomas Hakes, assistant pastor of St. Anne's church. Both of the contracting parties are well known in society, Mr. Irish being teacher of chemistry in the High School and Miss Jockow has been a teacher in the Edison school. The bride was attended by Miss Estelle Irish, a young niece of the groom and Dr. J. Arthur Gage was best man. Dr. R. E. Bell and Mr. Harry S. Burrows officiated as ushers. The presents were very costly and beautiful, and Mr. and Mrs. Irish start upon their married life with a bright outlook."

Bachelor of Science

The Sun of 25 years ago states that at the graduating exercises at Boston college held the week previous the degree of bachelor of science was conferred on Frank M. Brogan of this city. Says The Sun: "Mr. Brogan's degree is the first of its kind ever conferred by this college and in this he is specially honored."

Lowell Boy Orphaned

Rev. Farrall A. Brogan, a cousin of

the gentleman mentioned above and a former Lowell boy, now stationed at St. Vincent's church, South Boston, was ordained to the priesthood 25 years ago, the Sun mentioning the event as follows:

"Rev. F. A. Brogan of this city was ordained to the priesthood at the Cathedral of the Holy Cross, Boston, by Archbishop Williams, on Saturday, Rev. Daniel M. Burns, O. M. I., Rev. H. A. Constantineau, O. M. I., and many friends from this city were in attendance. Fr. Brogan studied at Ottawa

college and St. John's seminary, Brighton. He will be stationed in the Kansas City diocese under Bishop Hogan. Fr. Brogan was subsequently recalled to the Boston archdiocese where he is at present located.

"As It Should Be"

The old Sun informs us that among the canopy bearers in the Corpus Christi procession at St. Peter's church, 25 years ago, were William J. McCluskey and James Loughran (not then M. D.)

WAS WEAK AT OPENING

DECLINE OF CLAFIN CO. CAUSED FINAL HOUR

NEW YORK, June 25.—Announcement of the Clafin receivership, of which the financial district received an inkling after the close of business yesterday, resulted in a weak opening of the stock market today. A conspicuous feature was the sale of 500 shares of United Drygoods preferred, one of the Clafin corporations, at 70, a loss of 12 points and a total decline of 25 1/2 points in two days. Later a small lot sold at 63. Active issues, including U. S. Steel, Reading and Amalgamated, fell a full point, with heaviness in other speculative leaders. Trading was in large volume, the movement being accelerated by the short interest.

The bulk of the first hour was probably the largest for any similar period this year. To what extent selling represented actual liquidation can only be conjectured, but it is believed considerable stock was thrown out by discouraged holders. Some significance attached to the sales at material concessions of such stocks as May department stores and American Woolens. Before noon United Drygoods preferred fell to 82 1/2. Various obscure issues fell to one or two points but higher grade stocks inclined to steadiness. Bonds were heavy.

All the excitement of the morning session wore off later when trading became quiet. In the meantime standard stocks made up most of their early losses while the inactive issues showed little or no change.

Lowest prices were again made in the final hour. Reduction of the Wells Fargo Express dividend, passing of New York Ontario & Western dividend and unfavorable May earnings by the Harriman and Atchafalpa roads were successfully employed to further depress prices.

On unusually heavy trading today's market evinced a more pronounced recovery tendency, the price of the Clafin corporation, however, remained depressed. The closing was weak.

In Chelmsford Street to be Discussed at Conference Between Railroad and City Authorities

As a result of the information received from the public service commission relative to the overhead bridge in Chelmsford street, near the depot, the city solicitor, at the suggestion of the mayor, has addressed a communication to the president of the Boston & Maine railroad, asking for a conference on the subject of the bridge on Monday of this week. The letter reads as follows:

June 25, 1914.

To the President of the Boston & Maine Railroad, Boston, Mass.

Dear Sir:

On the suggestion of Hon. Dennis J. Murphy, mayor of Lowell, I write to inform you that the public service commission of the commonwealth of Massachusetts has recommended that the bridge on Chelmsford street in Lowell, which spans your railroad, as being unsafe and in such a condition as to endanger not only foot passengers and pedestrians but also the safety of the bridge itself. The commission has also recommended that the bridge be reconstructed in such a manner as to insure the safety of the bridge and the safety of the people who may travel over and beneath the bridge.

This matter is of such vital importance that I deem it my duty to call your attention to it and to urge you to take immediate action to insure the safety of the bridge and the safety of the people who may travel over and beneath the bridge.

Respectfully yours,

J. Joseph Hennessy,
City Solicitor.

Putting in New Hydrants

The water department is putting in new hydrants in French street, at the request of the Boston Mills, in Market street, at the request of the J. C. Ayer Co., and in Perry street, at the request of the American Hide and Leather Co.

In some instances post hydrants are being put in to take the place of flush hydrants.

Commissioner Carmichael stated this morning that if the Boston & Maine railroad would consent to take the place of the bridge condemned by the engineer of the public service commission, he will ask that provision be made for a 10-inch pipe to connect the big sewer already finished to within 50 feet of the other end of the bridge. The water department had a plan to carry the

Five Weeks of Incessant Labor by Mediation Conferences Resulted in Completion of Protocols Agreeing That Diplomatic Relations be Restored

NIAGARA FALLS, Ont., June 25.—Peace between the United States and Mexico rests today on a single condition—the establishment of a new provisional government along lines which will justify the world in according it recognition. Mexican factions have given a guaranty that they will exert every effort to earn this reward.

Five weeks of incessant labor by the mediation conference conducted by

Argentina, Brazil and Chile, resulted in the completion last night of protocols agreeing that the diplomatic relations with the United States shall be restored and all other international difficulties considered settled when a new provisional government succeeds the Huerta administration.

Upon the representatives of the warring factions—the constitutionalists and the Huerta government—devolves the task now of selecting a provisional government.

NOT TO WORK SATURDAYS

B. & M. Carshops to Work 45 Hrs Per Week—Full Schedule May Be Resumed After Hot Weather

Beginning with the week of July 6th, the Boston & Maine repair shops at Billerica will be in operation but 45 hours a week as work will be suspended on Saturdays until further notice. This curtailment will effect nearly 1000 men at the local plant, while it is understood that the same cut down will be made in the B. & M. repair shops in other cities including Concord, N. H., Keene, N. H. and Fitchburg.

The announcement—that the shops were to go on short time was made to the employees of the shops by a notice that they would be paid for three hours on Saturday afternoon as the custom of the company has been to close its repair shops on Saturday afternoon during the summer months and allow the employees' pay to go on. The notice, however, was a surprise, as the men at the shops will work but 45 hours a week, but when pay day comes their employees will receive 45 hours' pay. This will mean a loss of five hours a week to the employees as they now work nine hours daily with the exception of Saturdays, when they leave their machines one hour earlier.

No reason for the curtailment was given out by the officials at the Billerica plant and it was said that B. & M. is doing the same thing at other shops.

When the short time schedule becomes effective on the week following the Fourth the big locomotive shop and the power house will be closed for the week. The big locomotive house department will be in operation. In the locomotive shop over 500 men are employed while nearly 200 are engaged in the power house and smaller plants. The special work train will undoubtedly be discontinued on Saturdays until the full week's schedule is again resumed.

GRADUATION EXERCISES OF THE HIGH SCHOOL—ADDRESS BY CONGRESSMAN ROGERS—THE GRADUATES

The exercises of graduation of the class of 1914 of the Lowell High school were held at Keith's theatre last night. This year's class numbered 270. The exercises were, as usual, very interesting and there was a large attendance of the relatives and friends of the graduates. The address was given by Hon. John Jacob Rogers, a graduate of the class of 1899, and by kindly consenting to make the address, Mr. Rogers saved the city \$75. That is the amount always paid a speaker at these exercises.

Mr. Rogers, of course, would not accept anything for his services and when asked to deliver the address, replied that he would be delighted to do so.

The music, last evening, was by Hibbard.

BOULIER SURRENDERS

CARIBOU, ME. MAN DID NOT KNOW HIS SWEETHEART WAS DEAD

CARIBOU, Me., June 25.—Alden Boulter did not know his sweetheart, Emma Jensen, had been killed until he came out of the woods today and surrendered himself to his father, William Boulter, according to his story to the officers. He is alleged to have said he thought he had shot a circus man with whom he had a struggle when he caught him walking with the girl on the New Sweden road.

Boulter, for whom the officers have been hunting since the girl's body was found on Tuesday and they were informed he told his brother last Monday night he had just shot a circus man who was with the girl, came across the field to his father's house an hour or two before noon. The father met him in the dooryard, taking a revolver away from him. Alden, who is aged 23, said: "Father, don't be frightened. I won't harm you and intend to give myself up." Then he entered the house and the son was given the first food he had eaten since Monday. Then Chief

INVESTIGATED DEATH OF BALLOU

STAMFORD, Conn., June 25.—An investigation independent of that now being made by Coroner John J. Phelan, was ordered today by Prosecuting Attorney Albert Phillips into the death of Walter Balloou, a farmer near the city, who was found unconscious Tuesday night at a fashionable apartment here, where earlier in the evening he had called on Mrs. Helen M. Angelo, said to have been his fiancée. He died shortly after and as a result of the investigation Mrs. Angelo was charged with the murder of Balloou. The case is now in the hands of the grand jury.

Health and Beauty Helps

BY MRS. MAE MARTYN

Vera B.: Your skin will grow soft, clear and smooth after a few applications of a plain cream. Apply a thin coat of this to the skin before retiring, then wash off in the morning and use more of the jelly-cream for massaging. This makes the skin white and healthy, and gives it a soft, velvety texture. The almond jelly-cream is greasy and will not grow hair.

Mrs. A. T.: You may not require glasses. Get from your druggist a small quantity of eye-lotion. Put a few drops in the eye several times a day until inflammation and soreness have vanished. This eye-lotion is especially good for granulated eye-lids and using it strengthens the eyes and gives them a youthful sparkle.

Adeline: The reason for that dryness of hair after your shampoo is because that kind of soap irritates the scalp. Use a mild soap and wash your hair. Canthrex will correct this for it is a tonic as well as cleanser and is so stimulating to the blood-veins that the dryness is entirely eliminated. To prepare your shampoo, dissolve a teaspoonful of canthrex in a cup of hot water, then pour it slowly on the head and rub it in. This dissolves every trace of dust, dandruff and excess oil, and after rinsing, the hair will dry quickly and evenly.

Lucy G.: Loss of weight is a serious matter and calls for prompt action. Get from your druggist 1 ounce, harden and mix it with some powdered delatone and sugar. Into 1/2 pint alcohol, then add hot water to make a full quart. Take a tablespoonful before each meal. This appetite and gently cleanses the system.

tem of impurities, restore a healthy condition to the vital organs. When taking this remedy, it is easily made at home as follows: Put 1 ounce parrotin (which you can get at your drug store), in 1/2 pint hot water and strain when cool. Take a tablespoonful before meals until weight is where you want it. No harmful results from the use of the parrotin treatment, and the flesh is left solid and the skin soft and smooth.

Mrs. M. N. T.: Your excess weight can be easily and quickly reduced by using a simple remedy made at home as follows: Put 1 ounce parrotin (which you can get at your drug store), in 1/2 pint hot water and strain when cool. Take a tablespoonful before meals until weight is where you want it. No harmful results from the use of the parrotin treatment, and the flesh is left solid and the skin soft and smooth.

Ida: Try this simple method for the quick removal of hair or hairs. Mix a little with some powdered delatone and water. Spread on hairy surface and after two minutes rub off, wash the skin and the hairs are gone. This is a simple and effective method, but be certain it is delatone you get.

COBB FINED \$50

THE DETROIT SLUGGER PLEADED GUILTY TO CHARGE OF DISTURBING THE PEACE

DETROIT, Mich., June 25.—Tyrus Cobb, baseball player, pleaded guilty in justice court today to a charge of disturbing the peace and paid a \$50 fine. The charge was made against Cobb by William L. Carpenter, who was in the city when Cobb was arrested. Cobb was arrested last Saturday night. Cobb and Carpenter had a dispute over the purchase of some fish. Cobb sustained a fractured thumb which has kept him out of the ball games all this week.

FUNERALS

RACETTE.—The funeral of Mrs. Isaac Racette, one of the oldest residents of this city took place this morning from her home, 415 Merrimack street. A large number of friends were in attendance. Burial was in St. Joseph's cemetery at 9 o'clock, the celebrant being Rev. Arthur Bernette. O. M. L. assisted by Rev. J. J. O'Donnell and Rev. A. M. L. as deacon and Rev. A. M. L. as organist. The bearers were Frank Parent, Joseph M. L. and Emil and Emma Racette. Burial was in St. Joseph's cemetery, where the committal prayers were read by Rev. C. A. Paquette. O. M. L. acted as casket bearer in charge of Undertaker Joseph Albert. Deceased had resided in Lowell for a large number of years and was at the head of five generations composed of adults and children. She was a well known member of St. Joseph's parish and had always taken an active part in church affairs as well as in the affairs of the Tule Order of St. Francis, which was a prominent member. The delegation from this church organization at the funeral was composed of the following: Messrs. J. M. L. and J. M. L. George, E. Blanton and A. McKinnon.

MURDERER ESCAPED

CAMBRIDGE, June 25.—While being led from his cell in the county jail to the superior court room, Charles E. Starret of Everett, charged with wife murder, broke away from the officers and fled. He was seen running on the floor 25 feet below. He sustained a broken leg and other injuries. Two days ago Starret attempted to hang himself in his cell. A few minutes after Starret jumped over the railing. Superior Court Judge Keating heard the report of a commission of aliases that the man was in custody and committed him to the state hospital at Worcester.

ARRESTED ON SUSPICION

What is believed to be a very important capture was made by Lieut. Marth Maher and Patrolman Charles Hamilton when at 115 o'clock this afternoon when Michael J. Lane was apprehended near the corner of Middlesex and Central streets on suspicion of larceny.

PLACED ON PROBATION

Peter Lynch of this city was ordered placed in charge of the probation officer by Judge Keating in superior court at East Cambridge yesterday for assault upon Della Kellier. He was represented by J. Joseph O'Connor.

FUNERAL NOTICES

TOWNSEND.—The funeral of the late M. Townsend, deceased, will take place on Saturday morning at 8 o'clock from her home, 532 Central street. A large number of friends will be in attendance. Burial will be in St. Patrick's cemetery. Undertakers M. U. McDonough Sons in charge.

ROOSEVELT "HARD AT IT"

OSTLER BAY, N. Y., June 25.—Colonel Roosevelt returned today into action. He expects to be the hardest political campaign he has ever undertaken. He lost no time in getting into action. Nine hours after he stepped on shore at Oyster Bay, following his midnight trip from New York harbor, he was back in his library at Sagamore Hill, starting the night. His secretary came from New York last night to be on hand early in the day and at ten o'clock Colonel Roosevelt was dictating letters and telegrams at full speed.

CLAFIN CO. FAILS

Alexander, president of the National Bank of Commerce, will be chairman. New York banks are said to have made large advances to the Clafin company recently, with the hope of averting financial embarrassment. New York banking interests, it is understood, have agreed to offer such assistance as may be necessary to some of the independent retail stores affected.

CLAFIN CO. FAILS

Continued

The United Drygoods company was incorporated under the laws of Delaware May 21, 1905, to consolidate the drygoods interests of John Clafin in New York and other cities. These include the following companies: The J. B. Clafin Co., James McCrory Co., O'Neill-Adams Co., C. G. Gunther Sons, all of New York; J. A. Adams Co. of Buffalo and Stewart & Co. of Baltimore. The companies also bought out from John Clafin the business of Hahne & Co. of Newark, Powers Mercantile Co. of Minneapolis, William Henger Co. of Louisville, Ky. In June, 1910, control of Lord & Taylor of New York City was acquired.

SWAMPED THEIR RIVALS, 16-6 THE GRAMMAR SCHOOLS

Lowell High Has Easy Time With Lawrence High

Down River School Boys Outbatted — Breen's Men Deserve Victory

In a game made wild by heavy hitting, indifferent fielding and wild base running, Lowell high swamped her old rival Lawrence high, in the third and deciding game of the baseball series between these two school teams by the score of 16-6 yesterday afternoon at Spaulding park. Up to yesterday each school had romped off with one game and yesterday's contest decided the diamond supremacy.

Wilson was on the rubber for the local team and had an easy time after the fourth inning when his teammates collected no less than nine runs. Lawrence high used three pitchers. Their southpaw, Flynn, started on the mound but was soon driven into retirement. Burckel was the next hurler to try his luck with the Lowell batters, but his wildness made Coach Sidney Jork him after he had walked four men. MacMillan finished the contest and showed more stuff than either Flynn or Burckel. Fourteen hits were made by the local team while the down river school boys hit safely a dozen times.

McVey at third base played a stellar game for Lowell high. His fielding and batting were both sensational. McVey's home run inside the grounds was one of the longest hits ever made at Spaulding park by a high school player and he followed it up with a three-bagger at his next appearance. Hart also hit the ball hard, getting in three safe blows and falls got a circuit clout. Maginnis and Burckel did the bulk of the batting for the visitors, the latter connecting for three hits, one of them being for three sacks and another for a double. Maginnis got four hits out of five trips to the plate. The score:

MEMBERS OF LINCOLN SCHOOL TEAM, WINNERS OF LEAGUE, PRESENTED WITH CUPS

The 1914 session of the Lowell Grammar School league was brought to a fitting close last night when the players of the various grammar schools of the city which compose the league met at the Y. M. C. A. hall for the annual award of prizes. It was the seventh affair of its kind, the league being inaugurated in 1908.

The Lincoln school club was awarded the championship of the league and the members of the team were all presented with silver cups last evening.

Arthur Sullivan, president of the league, presided at the formalities. The first speaker of the evening to be introduced by President Sullivan was Irving T. Gurn of Brown university, who had charge of one of the local playgrounds last year and who several years ago, captained the winning Y. M. C. A. baseball team in the old Stoney Brook league.

Joseph Donahue, now of Harvard, but recently a member of the Dartmouth college team, was the next speaker. Mr. Donahue pointed out in a masterful manner the training in self-confidence which the national game gives its players. "When you fellows get out in the field and a ball comes bouncing your way, it's up to you and you alone," stated Donahue. "There's no one out there in the field or at bat to help you."

The final speaker was Commissioner Carmichael, who urged the boys to carry their desire to win in baseball into other endeavors in life.

Great enthusiasm was evinced when President Sullivan announced to his fellow league members that some of the boys of Andover academy where he is a student, have voted to give a splendid cup to the member of the Lowell league having the best fielding and batting average for the coming year.

T. R. Williams, boys' secretary of the Y. M. C. A. also announced that another cup would be donated by the league for the boy who made the most runs for his team next season.

The evening concluded with refreshments and general congratulations on all sides over the most successful schedule yet played.

MURRAY OUT OF TENNIS MATCH

NEW YORK, June 25.—R. Lindley Murray, the young Californian, will refrain from tennis competition for some time as the result of his match for the metropolitan championship last Saturday. Murray's shoulder is so strained that his physician has ordered him to keep away from the courts until the second week of July when the other California players will arrive here for the Davis cup matches.

Murray also was told by W. D. Wrenn of the Davis cup committee that unless he saved himself he stood no chance of getting on the cup defending team.

HAGERSTOWN, Md., June 25.—Fire due to lightning, destroyed the Windsor Knitting mill last night, causing an estimated loss of \$100,000.

ATHLETES AND ATHLETICS

There will be quite a fleet of motor craft follow Wilson and Murphy in their much talked of swimming race from Nashua to Lowell Sunday although none of the boats will be at Lowell near the two contestants. The officials, physicians, newspapermen and photographers will be aboard Eddie Hall's official boat.

President Comiskey of the White Sox is determined to prevent Hal Chase from playing with any of the Federal league teams. He has gotten out injunctions against his former first sacker in every city where the Feds have a club and will start proceedings against Chase the first of next week, it is expected.

Several hits were all that Connie Mack's men could collect off Johnson and Deoling yesterday in their double bill with Washington and the Athletics dropped both games in consequence. It was a fitting celebration for Walter Johnson's wedding day.

Lawrence's winning streak was broken yesterday by Portland and perhaps Pieper's men will now calm down and assume their normal stride. That Lawrence team isn't at all like the Lynn aggregation and we don't want them to get a jump on us.

Manager Gray is making negotiations for another pitcher and the probability is that he will report this week. The heavier Gray is after hails from the St. Louis Americans and is reputed to have lots of "stuff."

Well, we've gotten over the .500 mark for the first time this season. Only one full game now separates us from Lynn. With a little luck on the trip the club will come back well up in the race.

Mike, Wrenn and Frank (Podge) Murphy, the two swimmers who will enter the water at Nashua Sunday for their championship swim to this city, will meet at The Sun office tomorrow afternoon at 5.30 o'clock and decide on the minor details of the race.

We were very glad to hear from Joe Gargan, the local boy out at Notre

Dame university, on this morning's mail. The entire Notre Dame football team, that is the first string men, are camping out this summer at Cedar Point, Ohio, and Joe writes that he is having the time of his life. The local athlete put up a whirlwind game for his college last season and will be heard from again in the fall.

Both Boston teams split even yesterday in their double headers. The Braves are showing remarkable signs of life. Manager George Stallings has evidently solved the majority of his baseball problems for the season and his club should climb out of the cellar before the season is much farther advanced.

Arthur Maybom is a pitcher who needs lots of work and Manager Gray would find him more effective we think if he used him oftener. The blond twirler certainly has shown himself to be in great shape on his last two appearances.

Billy Burke still continues to be the wonder of the league around the third cushion. As wise old Jesse Burkett said during the last Worcester-Lowell game, "He's a bit too classy for this league." It will surprise us greatly if the captain of the local team does not go up this season.

McVey, the youngster playing third base for the high school, is a very promising ball player. With a trifle more experience this boy ought to make a name for himself in the professional ranks. Several of his maneuvers around the hot corner yesterday were spectacular.

"Mike" Duffy is another high school player who will develop into a ball player worthy of notice. Both Duffy and McVey are natural fielders and hitters.

The local high school team won their game yesterday because they served the victory. In fact the series with Lawrence high should never have gone to the third contest for the Lowell team booted away the second game.

of his wife and minor children. He pleaded not guilty to the latter charge but the evidence of his wife was sufficient to satisfy the court of his guilt and he was sent to the house of correction for four months on the non-support complaint. The other charge was placed on file.

FOR WORLD'S TITLE

OLD WILLIAMS and Charley Ledoux to Box 20 Honolulu at Los Angeles California.

LOS ANGELES, Cal., June 25.—RM Williams of Baltimore, American heavyweight champion and Charley Ledoux, French champion, were matched today to box 20 rounds here on the night of Aug. 23 for the world's title. In their previous contest Ledoux was knocked out in 15 rounds.

JOHNSON IS CONFIDENT

PARIS, June 25.—"Jack" Johnson, the colored American pugilist firmly believes his fight on Saturday with Frank Moran of Pittsburgh will not last longer than 12 rounds and that at the end of the bout he will still be champion. Johnson said this today while he was doing his last day's real training for the encounter. His work tomorrow will be light and on Saturday he intends to rest.

Moran rose early today and with several companions took a long, brisk walk, accompanied by a spring. This afternoon he boxed with several sparring partners, including Tom Kennedy.

HOLD SOCIAL SESSION AT LONG POND AT EXPENSE OF LOSING TEAM

The agents of the Metropolitan Life Insurance Co. held an outing at School's on the shores of Long pond last night, the affair consisting of a dinner and entertainment. The party, headed by the superintendent, C. B. Redway, boarded an extra electric car at Merrimack square at 6.10 o'clock last night and the trip to the resort was a most pleasant one.

Upon reaching the hotel the men made themselves at home and a short time later partook of a seasonable dinner, at the close of which an entertainment program was carried out in the open air. Those who entertained with vocal selections and readings were Michael Mahoney, Thomas Bean, Messrs. Carter, Brown, North, Cuthbert, Gionet, Magras, Faubert and others. Thomas Bean acted as presiding officer and later in the evening he and Mr. Mahoney presented a fine sketch which proved very entertaining. The outing was held at the expense of a team captained by Mr. Kelly. Some time ago the office corps was divided into two teams and the team showing the least business for a certain length of time defrayed all expenses for a social outing, and last night Mr. Kelly's men showed they were there with the goods.

MATRIMONIAL

Mr. Henry E. Deering and Miss Mary L. Vesey were married at St. Michael's rectory, the ceremony being performed by Rev. J. J. Shaw. The bride wore a gown of white silk with white lace and carried a bouquet of roses. She was attended by her sister, Miss Katherine Vesey, who was attired in pink silk and carried roses. The best man was William Deering, a brother of the bridegroom. The reception was held at the home of the bride, 2 Mr. Deering street. The couple are on their wedding tour.

BACK FROM SPRINGFIELD

The following Lowell men returned to this city this morning after attending the 50th anniversary celebration held in Springfield in observance of the 50th anniversary of the founding of La So-ciete St. Jean Baptiste of that city: Ernest J. Dupont, Dr. G. E. Calise, Arthur L. Eno, Esq., Jos. Gagnon, Dr. R. E. Heneault, L. Turcotte, R. E. Jodoin, William Achin, Arthur Rousseau, Elie Delisle, J. B. Pelletier, J. H. Guitier, Esq., J. H. Gregoire, Frank Ricard, J. H. Beaulieu, William Parthenais, Edmond Berger, Arthur Gosselin, J. A. Plante and Albert J. Bizon, Esq.

COMPLAINT DISMISSED

BOSTON, June 25.—The complaint against Alfred Gaunt, a manufacturer of Methuen who was arrested last Monday for fraudulent use of the mails, was dismissed today by U. S. Commissioner Hayes, on motion of U. S. District Attorney French. No reason was given.

NORTHERN BAPTIST CONVENTION

BOSTON, June 25.—The northern Baptist convention, which has been in session since June 17 closed its meetings today. The final day was devoted chiefly to a celebration of the centennial of the American Baptist foreign mission society. Many missionaries delivered brief addresses. Other speakers on the program were Carter Elm Jones of Seattle, president of the Foreign Mission society, and Rev. A. W. Hill of Minneapolis.

CANOE LAKE THEATRE

The summer theatrical season opens at Canoe Lake theatre next week commencing with the matinee of Monday when the Homans Musical Revue will start what promises to be the most successful season ever enjoyed at this popular recreation park. The engagement of this popular musical company assures the park tremendous crowds for the month of the engagement is now well-known all over New England, especially in Haverhill, Lawrence and Lowell where the company has enjoyed many weeks of popularity among the theatregoers.

The Homans Musical Revue offers perhaps the most novel and fascinating entertainment of any company of its kind, and the reason here is explained in the tremendous popularity it has enjoyed in all the large cities where it has played.

The company was seen early in the spring at the Merrimack Square theatre for two weeks when it was compelled to return to Haverhill again on account of the recent death of the patrons of one of the down-city theatres.

The program will include dramatic sketches, musical farces, the musical and dancing novelties, splendid chorus work, clever comedians, and all that goes to make up a good, snappy, entertaining show.

There will be a daily matinee at 3 o'clock and in the evening the performance will start promptly at 8 o'clock.

Miss Minnie Gougeon of Jamaica Plain is the guest of her sisters-in-law, Mesdames William Gougeon of Salem street and John Gougeon of Merrimack street.

MEXICAN SITUATION

Continued

visional president and his cabinet to serve while the country is being pacified and made ready for a general election.

Mediation does not adjourn. The diplomats and the American delegates will lend their counsel and advise wherever possible to the delegates of the two factions as they met in informal conference. The meeting place has not been determined but as Alexander Falls, Ont., is neutral soil and the Huerta delegation, mediators and American delegates are comfortably fixed here, this is most likely to be continued as the place of conference.

Definite assurance that the meeting will be held has been given the mediators by constitutional representatives in Washington and the Huerta delegates.

When the two parties to Mexico's civil strife shall have adjusted the internal problem of their course, the mediation board will formally recommend a protocol of the result, and will be fixed for formal recognition of the new government and a period set within which the United States will withdraw its troops and ships from Vera Cruz.

The mediation conference has left to the Mexican factions themselves the work of settling the internal problem of their country. There has been no loss of dignity, no humbling of sovereignty. Upon the results of the task set the Mexican factions by the mediators, the world will pass judgment and they have been given an opportunity to demonstrate that Mexico is capable of settling her own affairs.

The situation was brought to its present status only after mediation

COAL DEALERS REFUSE DEMANDS OF TEAMSTERS

4,500 KILLED AND 2,800 WOUNDED AT ZACATECAS

1-GENERAL VIEW OF ZACATECAS - 2-ENGINE DERAILED ON WAY TO ZACATECAS - 3-STREET SCENE IN ZACATECAS - PHOTOS BY AP ASSOCIATED PRESS

At a conference held by the coal dealers yesterday afternoon at the Richardson hotel it was unanimously decided not to grant the demands of the striking teamsters either for a nine hour day or a Saturday half-holiday. Nearly every coal dealer in the city was present at the conference and after thrashing the matter over carefully it was decided that the dealers could not possibly grant the demands without heaping the burden on the public of Lowell.

It was stated that the teamsters of Lowell are the second highest paid in the state, the city of Brockton being first.

As far as can be ascertained the dealers have no further meeting scheduled.

One dealer seen today stated that although a demand had been made by the teamsters previous to the strike, there was no previous notice of the strike until the men yesterday morning refused to hitch up.

Two dealers are using motor trucks and two or three others are arranging for similar methods of delivery, the intention being to keep only steady and reliable men.

At the conference yesterday it is understood that the dealers were divided on the policy of adopting motor trucks for coal delivery, although several very enticing offers have been made by firms that sell such trucks.

A dealer who prefers holding on to the old method of delivery, said he was afraid the men had made a very great mistake. He sounded them on arbitration, but found none in favor of it.

Coal Teamsters' Meeting

Members of the Coal Teamsters' union assembled in Leather Workers' hall this morning at 8 o'clock and listened to a report of the decision of the coal dealers. Nothing further developed out of the meeting. The entire membership was in attendance, and listened to talks from the various members. It is the undivided opinion of the teamsters that the strike will be of short duration and that the dealers will accede to their demands within a short period. The members will gather in Leather Workers' hall again this afternoon at 2 o'clock.

studying gyroscopic principles for about twenty years. He first attracted who attention by his invention several years ago of a gyroscopic compass, which it is claimed, is unaffected by the motion of ships. The compass is now said to be in use on thirty-six United States battleships and a number of submarines and in the British, French, Italian, Russian and Brazilian navies. For the past eighteen months Mr. Sperry and his son, Lawrence Sperry, twenty-one years old, have been experimenting with the device in military form in this country and have demonstrated at both San Diego, Cal., and at the Curtiss headquarters in Hammondsport, N. Y., that in this form the device would make a flying machine stable either laterally or longitudinally.

2 LITTLE GIRLS DROWNED

At Hampden, Near Bangor, Me., —Son of Yachtsman Burgess Drowned at Marblehead

BANGOR, Me., June 25.—Elizabeth M., 11-year-old daughter of Mr. and Mrs. John F. Hodgins of 237 Wilson street, Brewer, and Helen, 12-year-old daughter of Mr. and Mrs. Ansel Libby of 33 7th street, Bangor, were drowned yesterday afternoon in the Penobscot river at Hampden, about four miles below this city.

Both were visiting relatives there, and with two other little girls went berrying near the river bank. Taking off their shoes and stockings, they sat upon the ledges. The Libby girl lost her balance and fell in, while trying to save her, the Hodgins girl also fell in, and both sank, as the water is very deep at this point.

The body of the Hodgins child was recovered last night in 30 feet of water. The other body has not been found.

Samuel Daytz Believed to Have Been Drowned While Bathing at North End Park, Boston

BOSTON, June 25.—Following the finding of clothing in a locker at the North End park bathing beach yesterday morning the crew of the harbor police yesterday dragged the water in the vicinity, but failed to find any body.

The clothing bore cards with the name of Samuel Daytz of 33 Chambers street, West End. Late yesterday afternoon his clothing was identified by relatives, who believe that he was drowned while bathing.

He left his home after dinner Tuesday, saying he was going to the North End park, and when he failed to return home his disappearance was reported to the police. He was 27 years old.

CZARINA and ONLY SON

ZACATECAS, Mex., June 25.—After four days of preliminary fighting the final assault on Zacatecas took place June 23, resulting in the capture of the city at 7:30 p. m. The battle was the most hotly contested during the present revolution in the belief of leaders here. Fourteen thousand federals were entrenched in seemingly impregnable positions.

Five thousand prisoners were captured by Gen. Villa's troops. Twelve cannon, nine military trains, 6000 rifles and three carloads of cannon and rifle ammunition were captured.

The dead on the federal side, according to official figures, numbered 4000 and 2000 wounded, while the losses to the attacking side were not stated definitely, though Villa estimates his casualties at 500 dead and 800 wounded.

The federals were reported to have dynamited many buildings of the city before evacuating, slaying those of Villa's troops who had occupied the buildings in the street fighting.

Gen. Villa himself gave the following account of the battle:

"After four days' hard attacks, today was the decisive one. The enemy numbering 14,000, commanded by Maximo Bedon and five other generals, were defeated completely by my forces, which were aided effectively by Gen. Natera's men. Up to this moment we have 5000 prisoners, 12 cannon, nine trains, two carloads of rifle ammunition and cannon shells and nearly 6000 Mauser rifles and a large quantity of provisions and other munitions of war."

"The enemy who escaped went in the direction of Aguas Calientes after dynamiting the postoffice, the state treasurer's office and the stamp revenue office buildings. The explosions killed many of our men and destroyed part of the city. The dead of the enemy number about 4000 and 2000 wounded."

"On our part we cannot tell the losses of the battle which lasted for five consecutive days, but I think there are not more than 500 dead and 800 wounded. Among the latter are Gen. Herrera and Rodriguez, who were severely wounded. Our artillery operated splendidly. The federals destroyed every fort, the last being El Grillo."

CARIBOU MURDER IS BELATED BLACKMAIL

Father of Alden Boulter Informs Police Son is Home

CARIBOU, Me., June 25.—The search for Alden Boulter, wanted in connection with the alleged murder of Emma Jensen, his girl friend, ended today when the county officials received a telephone message from his father, William Boulter, that he had returned home.

The father said he was keeping him until the officers could make the four mile trip into the country to the Boulter farm. He telephoned about 10:30.

The officers also learned from Boulter that the circus employee of whom Boulter was alleged to have been jealous was at the house of one of Boulter's neighbors.

Strike of the Paris Force Ends When Minister Agrees to Investigate Grievances

PARIS, June 25.—The letter carriers' strike in Paris which had threatened scenes of violence and had struck a severe blow at business was brought to a close yesterday by a promise from Gaston Thomson minister of commerce, posts and telegraphs, to make a searching inquiry into the men's grievance provided they returned immediately to duty.

A deputation from the men who had held possession of the central post-office all night and prevented the distribution of the mails, called on the minister and obtained his agreement to consider their demands.

A quarter of an hour later the postal service was again in full operation and the men were making tremendous efforts to distribute quickly the delayed mail and restore the service to a normal basis.

HAN JOHNSON AND CHARLIE COMISKIEY IN BUFFALO TO STOP CHASE

BUFFALO, N. Y., June 25.—Both Han Johnson, president of the American league, and Charlie Comiskey, president of the Chicago American league team, are coming to Buffalo to start the meetings by which they hope to prevent Al Chase, playing with the Buffalo federal league team which he joined last Sunday.

They wired orders for tickets to the baseball park for today's game and reserved rooms at a hotel for two days.

The Buffalo management announced today that Chase surely would appear in a Buffalo uniform. Chase, who is said to have spent the last two days in Canada, is here and ready to play ball.

It is understood that the American league magnates have secured an injunction from a federal court and that papers will be served on Chase as soon as he is located at the ball park.

The inducements offered Chase to cast his lot with the federals, it was stated unofficially today, included a bonus of \$5,000 and an increase over the salary he was receiving from the White Sox.

TRY TO MOB MRS. SIEGEL

Women Depositors in Siegel Bank Enraged Over Diamonds at Wedding

NEW YORK, June 25.—With a dozen clamoring depositors of the defunct Siegel bank looking on, Mrs. Henry Siegel was served with a subpoena on the steps of St. Thomas' church yesterday afternoon just as she was about to enter the church to witness the marriage of her daughter, Dorothy Violet Wilde, to Earl Joseph Moon of St. Louis.

The depositors, all of whom were women, rather poorly dressed, did not recognize Mrs. Siegel when she left her coach, but when they found her out they made a rush for the door of the church, apparently bent on creating trouble. A big policeman barred the way, however, and the women, uttering all kinds of threats, lay in wait until the wedding was over. As Mrs. Siegel came down the steps to enter her carriage she wore a necklace of large diamonds and this seemed to inflame the depositors in the defunct bank.

"Look at the hussy," one of them shouted. "Why don't she give us back our money? Look at her diamonds!"

The women edged as near as they could to the entrance to the carriage, and seemed about to pounce upon Mrs.

Siegel. "We'll fix the hussy," one of them screamed. "The idea of her having such a swell wedding for her daughter and us with children starving at home!"

Mrs. Siegel apparently had no trouble, for there were two policemen on guard at each side of the canopy. When they saw the threatening attitude of the women, they held them back until Mrs. Siegel had entered her carriage.

One of the women did manage to reach the door of the carriage just as the vehicle started, and hurling a letter at Mrs. Siegel, shouted: "Give me back my \$3000!"

The summons was served on Mrs. Siegel by Charley Bowes, one of the best known process servers in town. He walked right up to Mrs. Siegel and handed it to her, only to have it flung back at him.

The summons served on Mrs. Siegel was in a suit for \$105 for photographs by Marcella, the photographer. The depositors and the summons were not the only trouble Mrs. Siegel had, however. When the wedding party arrived at the church, it was found that the best man, Stuart McDonald, the bridegroom's brother-in-law, hadn't shown up, and there was a slight delay until someone else was found to take his place. It was Ralph L. Morris who stepped into the breach.

the best man was a brother of the bridegroom, Harold J. Shaw. At the close of the ceremony a reception was held at the home of the bride's mother, Mrs. Llewellyn T. Jones, 614 Central street, where being friends present from Lynn, Woburn and Boston. After July 15 the happy couple will make their home at 467 School street.

BRYANT-MURPHY
Frederick Joseph Bryant and Miss Anna Murphy were married last night at the home of the bride's mother, Mrs. Abbie Murphy, 626 Broadway and the officiating clergyman being Rev. Timothy P. Callahan. Walter Bryant acted as best man and the bride was Miss Abbie Murphy. A reception was held at the home of the bride's mother, Mrs. Abbie Murphy, 626 Broadway and among the guests present were friends and relatives from Boston, Lawrence, Pawtucket, Charlestown and New York. After Sept. 1 Mr. and Mrs. Bryant will be at home to their friends at 626 Broadway.

RAMSDEN-ECKENGREN
At 5 o'clock yesterday afternoon Mr. Walter B. Ramsden, formerly of this city and now of Lawrence, and Miss Martha Eckengren of this city were married at the home of the bride's mother, Mrs. Carl Eckengren, 28 State street by Rev. James Bancroft, rector of St. John's Episcopal church. Mr. and Mrs. Ramsden who were the recipients of many costly gifts, left on a wedding tour and after Aug. 1 they will be at home to their friends at 50 Osgood street, Lawrence.

CHRISTY-PRATT
A pretty marriage took place yesterday at 5 o'clock at St. Anne's church, when Mr. John Christy and Miss Elizabeth Pratt were united in bonds of matrimony, the officiating clergyman being Rev. Samuel Jobe. The best man was Mr. William Ripley and the bride was Miss Elizabeth Pratt. The bride was attired in a gown of white tulle and wore a veil which was held up by a pair of gold cuff links. After the ceremony, a wedding reception was held at the home of the bride's parents, Mr. and Mrs. William Pratt, 27 Phillips street, where a wedding supper was served to friends and relatives. The happy couple were the recipients of many beautiful and costly wedding gifts. Mr. and Mrs. Christy left after the ceremony for Boston, where they will visit for some time. They will visit Providence, New York and New Jersey and will be at home to their friends after August 1 at 27 Phillips street.

FARRELL-PARKER
Mr. H. George Farrell, one of the proprietors of Peavey's restaurant, in Central street, was united in marriage yesterday afternoon, to Miss Alice V. Parker, daughter of Mr. William V. Parker of South Groveland. The ceremony was performed by Rev. Fr. Macdonald at the parochial residence of St. Patrick's church, Georgetown, at 2:30 o'clock. Mr. Ernest Portek, nephew of the bridegroom, was best man, and Miss Marjorie Crawford, of Groveland, bridemaid. A wedding dinner was served at the bride's home for the relatives of the contracting parties and in the evening a reception was held at which were many of the friends of the happy couple. The house was beautifully decorated. The ushers were Leo Ryan, Harold Steper and Michael Nelson. The bride was attired in a beautiful costume of white satin trimmed with shadow lace and carried a bouquet of bride roses. The bride's maid was Miss Alice V. Parker, who was also the bride's best friend. The happy couple were the recipients of many valuable presents. After their honeymoon which will be spent in Washington and New York, they will reside at 445 Bridge street.

McELROY-FLEMING
Late yesterday afternoon at the home of the bride, 57 Chapel street, Rev. J. M. Cagle united in marriage Mr. George Thomas McElroy and Miss Olive Jeanette Fleming. John McElroy was best man and Miss Blanche Hazel Fleming bridemaid. The couple left later in the evening on a honeymoon trip to the White Mountains.

DONLON-O'CONNOR
The marriage of Michael J. Donlon of Boston and Miss Catherine O'Connor of this city took place at the Sacred Heart rectory last night at 7 o'clock at the home of the bride's mother, Mrs. Jeremiah O'Connor, 32 Agawam street, where friends were in attendance from Boston, Haverhill and Lawrence. After a wedding tour the couple will make their home at 328 May street, Charlestown.

SHAW-JONES
At 5 o'clock yesterday afternoon Mr. Ralph Herman Shaw and Miss Annie Louise Jones were married at St. Peter's rectory, the ceremony being performed by Rev. Daniel J. Heffernan. The bride was attended by Miss Ruth M. Jones, a sister; while

FOLEY-McNAMARA
A pretty wedding took place in No. 44 Hurd street, this city, was united in wedlock to Miss Mary Florence McNamara, a popular young resident of the town. The ceremony was performed in St. Andrew's church, Rev. David J. Murphy officiating. Miss Agnes Hennessey, a close friend of the bride, served as honor-maid while the best man was Edward Hennessey. The bride was handsomely gowned in silk and carried a large bouquet. At the close of the ceremony the party repaired to the bride's home on Wilson street, where a supper was served and a reception, held from 6 to 8 o'clock. Mr. and Mrs. Foley left later in the evening for a short honeymoon, after which they will reside in Connecticut.

MURPHY-KEATING
A very pretty wedding was solemnized this morning at 9 o'clock when Mr. Daniel P. Murphy, a prominent resident of Arlington, and Miss Helen L. Keating of Tewksbury, a popular and well known teacher in the Keenwood, were married at a nuptial mass at the Tewksbury novitiate chapel. The ceremony was performed by Rev. William J. McCarthy of West Lynn, a cousin of the bride. As the bridal party entered the chapel Mrs. Hennessey of Malden played the organ wedding march. The best man was Mr. Edward Kerrigan of Arlington, and the bride was Miss Minnie Cahill of Chestnut Hill, Philadelphia.

delphia, a cousin of the bride. The bride looked charming in a dress of white tulle with shadow lace and pearl trimmings. She wore a bridal veil caught up with lilies bouquet of the same flowers. The bride's gown was figured messaline. She wore a white picture hat and carried a bouquet of pink sweet peas. The house was beautifully decorated with flowers and ferns. After the ceremony the bridal party held a reception at a supper at the bride's sister, Mrs. E. S. Quinn in Tewksbury Centre, where a wedding breakfast was served to the immediate relative of the contracting parties.

Mr. and Mrs. Murphy were the recipients of many beautiful gifts. The happy couple departed amid a shower of rice and confetti for a honeymoon trip to the Adirondacks, and will be at home to their friends at 50 Norfolk road, Arlington, Sept. 1. No cards.

Next week is "Quarter Week" at The Lowell Five Cent Savings Bank. The bank will be closed Saturday, July 4th, it being a legal holiday.

THIRD HOTTEST OF YEAR

AVERAGE TEMPERATURE, HOWEVER, WAS THE HIGHEST FOR JUNE 24 IN 43 YEARS

BOSTON, June 25.—With a temperature of 83 above at 2 p. m. yesterday, it was the third hottest day of the present summer. The two higher maximums were on May 26 and 27, with respective readings of 85 and 86. The police reports for the day showed one death, that of an unknown man in Charlestown, and 14 cases of prostration, most of whom were treated at the Relief or City hospitals.

Judged by the mean temperature for the day, it was the hottest June 24 in the weather bureau's 43 years of records. The normal temperature for June 24 during these 43 years is only 63 above, and yesterday's mean was 80. A detail of firemen from Engine company 8 in Salem street made a tour of the North End with a section of hose and dashed portions of the streets to the increased comfort of the dwellers therein. It was a great treat for the juveniles, at least 100 of whom raced about behind the firemen after the firemen were shouting and courting a good wetting down themselves from time to time.

There was a supply of solitons on Charlestown bridge, and the fact that they were nowhere nearly fully occupied was good evidence that the population of the North End was not seriously suffering from the heat.

There was a fair breeze all day from the west and southwest, the velocity averaging from 10 to 12 miles an hour. Last night's weather map showed nothing in the country that promised a change of conditions in the immediate future.

Barring the region along the Gulf of Mexico, Boston was one of the hottest cities in the country yesterday, many of the usually hot places, like Chicago and Cincinnati, having a lower maximum. Also the Gulf of the highest recorded temperature of 86 above.

The night readings in Boston indicated that today would start in under conditions promising a higher maximum than yesterday.

AMUSEMENT NOTES

B. F. KEITH'S THEATRE
The most stupendous military film drama ever produced is being shown at the B. F. Keith theatre from this afternoon and evening, and it will be repeated on Friday and Saturday. "The Sealed Orders," and it is in six reels. Over three million feet of picture required to whip the big picture into shape, and the expense attendant upon the rehearsals and final scenes was enormous. It is predicted that it will be the most popular picture of the theatres of the country, which will be without a precedent insofar as motion picture plays are concerned. The production company was secured at great expense, and the costume accessories were made specially for this picture. Dozens of horses and the usual impedimenta of a great army are introduced in the battle scenes. Through all times of the picture a charming love story, one which will make a special appeal. And to add to the effect the pictures are shown in natural colors. This added very materially to the interest of the picture. "Sealed Orders" will make an instant hit. It will prove conclusively that Keith's is really the home of master motion picture production, such as can only be found in the larger theatres of the country. In addition to the special feature there will be comedy film and one other.

Mr. Wallace will introduce another piece of his very latest song hits. Admission to the great part of the house is ten cents, with a few seats reserved for 15 cents. Children five cents.

THE OWL THEATRE

The four-part feature of "The Governor's Ghost," which is being shown at the Owl in a really superb photoplay, the plot is unusual, and the actors play their parts convincingly. The Southern Belle (tells a different kind of story that appeals strongly to all classes of photo-play lovers. The other pictures are good. Jack Dalton will sing one new song, and the sliding roof guarantees comfort and convenience.

MANY JUNE WEDDINGS

Local Clergymen United Large Number of Couples in Bonds of Matrimony

The marriage of Mr. George Hall Wood and Miss Eva J. Crulckshank was performed last night at the home of Rev. Caleb E. Fisher, D. D., pastor of the First Universalist church. The best man was Mr. Christopher W. Hartford, while the bride was Miss Gertrude E. Mullin. The happy couple left on an auto trip and after Sept. 1 they will be at home to their friends in this city.

JONES-MAGUIRE

At 5:30 o'clock yesterday afternoon Mr. Robert W. Jones and Miss Rosetta J. Maguire were married, the ceremony being performed at the Sacred Heart rectory by Rev. Bernard Fletcher, O. Y. I. The witnesses were Mr. Herbert Hild and Miss Mary Teague, who acted as best man and bridemaid respectively. After the ceremony a reception was held at the home of the bride's parents, 30 Saratoga street.

DOHERTY-DILLON

The marriage of Mr. Hugh F. Doherty and Miss Mary L. Dillon took place at 5:45 o'clock yesterday afternoon at the Sacred Heart rectory, the officiating clergyman being Rev. James T. McCarthy, O. Y. I. of Tewksbury, a cousin of the bride. The couple were attended by William Doherty as best man, and Miss Josephine A. Dillon, a sister of the bride, as bridemaid. A reception was later held at the new home of the happy couple, 21 Penn avenue, where relatives and friends were present from Boston, Lawrence and Andover. Mr. and Mrs. Doherty will be at home to their friends after Sept. 1. Among the guests were Rev. Frs. Hammett and McGarlin of the Olathe order.
